Siewart prevented a burglary at the house of his father, James Blewart, 216 East Orange street, near Lime. The burglar entered the rear part of the house, walked to the front and was about going up stairs when the front door opened, Dr. Stewart walked in, and the burglar was so near him that the edge of the door struck him. The burglar ran to the rear of the house before Dr. Stewart could follow him, and made good his escape through the reardoor, which he had left open. Officer Cramer happened to be in the neigh-borhood; he was called in, a thorough search of the house was made, but nothing unasual was discovered. Later in the night shortly before 2 o'clock, a suspicious looking character was seen loit-ering under a tree at the residence of J. M. Barry, opposite the Stewart mansion. When he found that he was observed, he moved rapidly off in the direction of Lime street. He was accompanied by a dog that was per-fectly quiet, showing that he was well trained for midnight emergencies. About two o'clock Watchman James Mes-senkop saw a man stealing up Lime s'reet to-wards Chestnut, in a manuer that botokened that something was wrong. He followed him, and when he saw him turn into East Marion alley, he called upon him to stop. The man then started on a head-long run. Messenkop fired two shots at him, which only caused him to redouble his speed. When half way through the alley he stumbled and fell, but quickly regained his feet, and field into the alley on the east of the house occupied by Jeremiah Wright. Here his trail was lost. Not long afterward, however, Mrs. Bowman, who lives on the alley a little further east, heard some one climb over her. fence and go stsalthily through her alley. The citizens of this neighborhood are under a reign of terror, owing to the bold burgla-rious efforts of the last few days, and are all increasing the fastenings on their windows and doors, and laying in a stock of firearms to give any future midnight intruders a warm reception.

This morning as a freight train was passir over the new track near Gap station, on the Pennsylvania railroad, several cars were thrown from the track and blockaded the 178. here at 9:35 and the Niagara express due at 9:50 did not get in until 11 o'clock.
