MALICIOUS MISCHIEF

Destructive Devils at Work in Town and County—Gerlitzki's Picnic. Last night some unknown scoundrel de liberately backed to pieces the curtains and linings of a Foster jump-seat carriage, and of a market wagon belonging to Menno P. Swarr, of East Petersburg involving a loss of not less than \$50. The carriage was brought to the shop of Philip Doersom, this city, who

built it, for repairs.

Mr. Swarr states that two carriages, if not three, belonging to his neighbor Benjamin Stehman, were cut and hacked in even a worse condition, the curtains, linings and cushions and the curtains of the curtains of the curtains in the curtains in the curtains. being cut to pieces. Suspicion points to cer-tain parties as the authors of the mischief, and if they are proven to be guilty they will be prosecuted to the full extent of the law. HE MADE THINGS STAND FROM UNDER.

Charles Gerlitzki, living on Poplar street, got on a big drunk last night, and on return-ing home made it "pleasant" for the family. Teiling his wife to "stand from under," he took an axe and exercised himself by chopping to pieces a parlor organ and making fire kindling of the chairs, tables and other furnishre. Before he was half tired Officer Ritchey put in an appearance to arrest him. Gerlitzki opened a second story window, brandished a big knife and defied arrest. The sash fell on his hand and knocked the knife to the ground; whereupon he was taken to the station house, and this morning gave bail for a hearing. HE SMASHED THINGS, TOO

Richard Worden, for being drunk and smashing things generally at the Union hotel, of Wm. Rehfuss, on Sunday, was sent to jail for 20 days, by Alderman Deen this

Dodge's Cork Works Closed.

The Dodge cork works, situated on the Pannsylvania railroad, below the Penn iron works, this city, have been sold to the Consolidated Cork company, an organization that has as complete control of the cork manufactories of the United States as the Standard oil company has control of the coal oil interest. It is understood that the terms of the sale were \$25,000 for the real estate and manufactories.

hisery, and tes, one for the stock. It is also inderstood that the factory will be kept losed for a period of a least five years, the complicated company believing it to be to its alterest to reduce the number of factories in he combination, as an over supply of corks a tending to reduce the market price of them. The closing of these works throws out of em-ployment about seventy men, girls and boys.

Hunaway and Smashup.

This afternoon a little before 3 o'clock a horse harnessed to a buggy, belonging to Henry Andrews, of Strasburg, while being watered in' the yard of the Leopard hotel, East King street, took fright, knocked down the ostler, Harry Hawthorn, ran out of the arched way on Duke street, ran against and broke a rockaway belonging to Nathaniel Patton, of Cambridge, and continuing its flight down Duke to Vine streets, ran against the steps of the residence of Mrs. Buckius and Mrs. Leonard and then against a shade tree, which broke the buggy all to pieces. The horse here got loose from the vehicle, and with a part of the harness hanging to him, ran out Duke street towards the country and had not at last accounts been caught.

Amusements.

"For Congress."—The popular comedian, John T. Raymond, will be seen in a new character on Wednesday evening at the opera house. The piece in which he is to appear is entitled "For Congress," and as its name implies is a keen satire on politics and politicians. In the part of a veteran wire-puller and convention worker, Gen. Josiah Limber, Mr. Raymond is said to have furnished a creation that is bound to become equally as famous as his widely celebrated assumption of Col. Mulberry Sellers.

There are a triple circus in three rings, and a huge cievated stage for special performances, such as tencing, boxing, wrestling, bicycling, high wire, &c.; there are two double menageries, with the Sacred White Elephant, purchased from King Theebau for \$200,000, besides a herd of these big creatures, all trained, making a perfect world of natural history; there is a museum of living curiosities, with fat people, skeletons, midgets, dwarfs, &c.; there are natural Nubians, Zulus, Sioux Indians, cow boys, Aztecs, Burmese, Afghans, high and low caste Hindoos, real Nautch Dancing Girls, East Indian Musicians, Todas people, Quiche people, Gypsies, &c., and there is Barnum's Roman Hippodrome, with Roman standing races, four-horse chariot races, flat, hurdle, male and female Jocky races, elephant and camel races, &c. The Roman and Greek contests are most spirited, and never fall to evoke thunders of applause from the spectators. Jumbo, and the ethnological congress of savage tribes are features of an unusual nature and of themselves a whole show, while the various other themselves a whole show, while the various othdepartments are of an equally high order. The circus of to-day is a vastly different affair from what it was a few years ago. Now it requires 714 men with it and seven advertising cars, 219 men and seventeen agents in advance to attend to its many departments. It takes a tent covering circle acress and sexting 200 records to show the cight acres and scating 20,000 people to show the features, and six acts are given at one time in four rings and a stage. A mile of cars are neces sary to transport it, and if an old circus mana ger had to do with it, it would paralyze him, so

DR. KENNEDY'S REMEDY.

\$500,000 a Year.

Statement of the American, National and United States and Canada Express Companies, Troy, New York.

The strength of Rome lay not in her multitude, nor in her grain-laden fieets. These were elements of strength, but her never-failing resource lay in the self-control and discipline of Roman soldiers. Discipline—it is the very soul to all the wonderful meaning possessed by the word "veteran." Mr. Benedict, of Troy, is a veteran in the express business. "Thirty-three years," he said to your reporter, "I've stood at this desk." It is the discipline of years of experience which gives him the position he holds in the trust and esteem of these three great corporations. "We have a business of \$500,000 a year, and I've been absent from this office hardly a month in all that time, although I must confess that many times I've worked here when suffering great pain, for I have been troubled all my life with billousness and dyspepsia. My system has become so reduced and weak that I had no appetite, and my digestion wholly disordered. I have tried various remedies, but almost two years ago I happened to hit upon Dr. Kennedy's FAVORITE REMEDY. After using only one bottle or so, I began to feel stronger in every way. The great difficulty has been with my digestion, but this seems to regulate it perfectly. I have, sir, great faith in Dr. Kennedy's FAVORITE REMEDY. I have bought and given a great deal off it to the poor around here; those, you know, who have no money to buy medicine of any kind, for there are a great many troubled with bilious diseases and suffer on without aid. I always keep FAVORITE REMEDY in the house. I consider it the best mecicine for the blood in the market. Well, I must attend to this matter for the western part of the city. Say, you tell the Doctor I am coming down to kondout to see him in Angust. I want to know him." I left the veterun, still at his post, rejoicing in health and grateful to Dr. Kennedy.
