Give Nature a Fair Show. Common equity forbids the rathless robbery of mind and body by excessive demands with-out reasonable compensation. Facts for Tourists and Emigrants.

Whether for the tourist, bent on pleasure of business, or the emigrant seeking a far Western home, Hostetter's Stomach Bitters is the best protector against the hurtful influences of climatic changes or malaria ; the most reliable medicine for general use he can possibly carry with him. It nullifies the effect of sudder changes of temperature, braces the system against the enfeebling influence of excessive heat, prevents injurious consequences from a change of dict or of using had food or water, is a fine resuscitant of physical energy diminished by the fatigue of traveling, and tends to coun teract the effects of exposure in rough weather It is much and serviceably used by mariners and others whose out door life and ardnous labor ex-pose them unusually. It is, moreover, of great service as a preventive and curative of disorder of the stomach, liver, bowels, and as a genera tonic. ap29tom

Wintry Winds,

Its all right for poets to sing the praises of the beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in fiannels and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney Wort to act as a cathartic, for nothing will se quickly rélieve that congestive, leverish condi-tion which comes of a hard cold. Often these colds cause bilious attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kid-ney Wort can be relied on to bring back a healthy condition.

A GREAT DISCOVERY.

The greatest discovery of the nineteenth cen-tury is Dr. Leslie's Special Prescription for sick headache, which is the discovery of an emical physician and used by him for over thirty years before giving it to the public, and it stands to day without a rival.
