made them man and wife. The young woman at once went back to her father's house and a few days thereafter began to regret her hasty marriage. At the request of friends a lawyer was employed and the suit for divorce is the result. It is not known whether Newman, alias Hardyman, will contest. In her petition the wife says that she has never lived with him.

From the Washington Republic.

In the endeavor to have a Republican post master in Illinois summarily ousted, the unpleasant incident was related at the White House that he had, during the height of the House that he had, during the height of the election excitement, deposited the remains of a bulldog, who had died a good while before, very near his postoffice, with the placard (which seems scarcely credible), "This is Grover Cleveland," so that Democrats on their way for their mail were obliged to hold their noses as they passed the unsavory emblem. The president listened to the account of the attempted insult without losing his calmness, much less rushing to take hasty action. "Why do you bring this to me?" he said. "It seems to me it's a matter for the sanitary authorities of your town."

The Treasury Account Two Cents Short Treasury Jordan says that the count of the moneys and securities in the United States treasury is progressing most satisfactorily. So far the only discrepancy found was in the eash room, where there was a shortage of two cents in a \$5 package of pennies. It was immediately made good by the cashier who said that a recount of the package would show that it contained the full amount. It is expected that the count will be completed during the present week. The examination of the reserve and of the reserve vault, containing about \$165,000,000 in gold, has begun. The count of the silver coin will be finished by Wednesday, and the examination of the bond vault will be concluded about the same time.

A Mexican Horror.

The account of a terrible tragedy has just been received from Taraton, Mexico. The seven-year-old son of a wealthy resident, named Lopez, was kidnapped, and the father was notified that the child would be killed if a ranson of \$75,000 was not deposited killed if a ranson of \$75,000 was not deposited in a certain place within two days. By accident the note was not delivered until too late to negotiate. At the expiration of the second day the father found the horribly mutilated body of his child in his court yard. The boy's sister, aged twelve years, on seeing her brother's corpse, fell dead. The father became a raving maniac.

Cutting Off a Boy's Toes With a Pair of Shears Casper Huggler, the fiend, who has been imprisoned for starving an eight-year-old son all winter, until he weighed but twenty pounds, has had a hearing in Williamspor on a new charge. The information charges that on April 2 Huggler maliciously cut off the toes of his son's foot with a pair of shears. He was held in \$500 on this charge, making a thousand in all, and was remanded.

Another Presidential Present.

Four cases of plums, preserved "for the next Democratic President," have been sent to Cleve-land from Ovid, N. Y. Perhaps plums, like the better class of liquors, improve with age, but DUFFY'S PURE MALT WHISKEY is always free from every injurious element, whether old or new, and is the best of companions in health or disease. It is sold at one doftar per bottle by al leading druggists and grocers, and is invaluable in cases of pneumonia, cholera, malaria and fevers. It has a woderful effect even in ad-

beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in flannels and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney-Wort to act as a cathartic, for nothing will so quickly relieve that congestive, faverish condition which comes of a hard cold. Often these colds cause billous attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kidney-Wort can be relied on to bring back a healthy condition.

The greatest discovery of the nineteenth century is Dr. Lesile's Special Prescription for sick headache, which is the discovery of an eminent physician and used by him for over thirty years before giving it to the public, and it stands today without a rival. Read advertisement in another column.

A HEALTHFUL DIURETIC. Bound Brook, N.J., April 2, 1883.

You advise placing Alleock's Porous Plasters in dyspepsia, on the pit of the stomach; in ague cake, on the spicen; but I really think you should also recommend that one or two Plasters be put over the kidneys. They stimulate, strengthen and act as powerful diuretics, thus casting out many poisonous acids and saits. I have had fever and ague. All remedies I took produced little or no effect until I put an All-cock's Porous Plaster over each kidney; their action being more than doubled, the malaria was quickly washed away. I have also had several attacks of rheumatism and two of gout, and by applying the plasters over the local pain and also the kidney. I again touch contributes also the kidneys, I again found your plaster wonderfully efficacious.
