## WHY HE LEFT HER.

Curious Tale That Comes from a Balti-

A very curious case turned up in the Baltimore city circuit court on Saturday, when George S. Todd, a young man, filed a bill asking to be divorced from Susan C. Todd. or Susan Finney. About one year previous or Susan Finney. About one year previous to the marriage, according to Todd's declaration, be went to reside at the house of the defendant, at 249 North Caroline street, in that city. He was at the same time a student in the office of one of her sons, a practicing dentist. Mrs. Finney, although a lady of stature a ce, became enamored of her youthful boarder and strove in every way to bring about a marriage with him. Early in last March, about one year after he went to live at the house, she informed her sons that he had taken advantage of her affection for him had taken advantage of her affection for him and had betrayed her. Her sons were, he alleges, very indignant and made numerous threats of violence against him. One of them declared that he would shoot the plaintiff on sight unless he married the defendant. Todd was young and inexperienced, and, becoming alarmed for his life, finally submitted to a

alarmed for his life, finally submitted to a marriage with Mrs. Finney. The ceremony was performed at her residence by the Rev. L. T. Widerman on March 12 last.

Immediately after this alleged compulsory marriage Todd left his 'house and has not seen his bride since. After his unceremonious departure he received certain information which explained to him how Mrs. Figney which explained to him how Mrs. Finney which explained to him how Mrs. Finney came to make false charges concering him to her sons. This information was to the effect that she was insane, a fact concerning which he had been previously been in entire ignorance. The detendant, the declaration goes on to say, is confined in the insane asylum at Mount Hope retreat, and the plaintiff claims that she has been of unsound mind for several years past. It also states that Todd has discovered within the past few days that the lady was not a widow at the time of he lady was not a widow at the sory marriage, as she and others v and her friends asserted to him and is the lawful wife of Andrew

It very frequently happens that a remedy perfectly adequate to the nec ties of the case, if persisted in, is condemned and thrown aside because a few doses of it do not cure a malady. How unreasonable and un-just would such a judgment be regarding Hos-tetter's Stomach Bitters, one of the most popular and highly sanctioned medicines of the day, a petent invigorant, and an invariably successful remedy for constipation, dyspepsia, liver complaint, incipient rheumatism, neuralgia and gout, inactivity and weakness of the kid-neys and bladder, and for the infirmities inci-dent to the decline of life. No fact is better established than the above, yet in order to experi-ence its truth, those afflicted with obstinate forms of disease should give this benignant curative a patient trial. If they do, they may rely upon decisive curative results. m6.13

Draf Sir-For ten years I have been a sufferer from disease of the kidneys, at times so much so much so as to make life a burden. During this time several of the best physicians in Indiana have treated me with little or no success, until I had almost despaired of relief. I then tried several advertised remedies, but nothing produced the desired result until a friend who had been relieved induced me to give DR. DAVID KENNEDY'S FAVORITE REMEDY a trial. I did so. After taking one bottle I began to experience relief. I took another and was charmed with the result. In all I have taken four bottles, and can truly say I feel like a new man. I am confident I am entirely cured, as it has been several months since I took the ! medicine, and there is no indication of a return of the disease. I have recommended your remedy to sevenil suffering friends who have also been relieved. I write this to return my sincere thanks to you for the cure that has been effected in my case, and also desire to say I think suffering humanity owes you a debt of gratitude for your wonderful scientific discovery. I shall do all that in me lies to let all sufferers know where they may find rellef, and thereby in some measure remunerate you for the good you have done me.

Wishing you long life and prosperity and thanking you for proling my life, I am.

Thus it is the favor-ite of all and it has been been to dress it in ite of all, and it has become so simply because it
