niar Correspondence of the INTELLIGENCES
DLUMBIA, June 3.—An adjourned meet og of the Columbia school board was held in council chamber last evening. All the direc-cors were present except Dr. Markel. The pance committee per Mr. Given, offered a resolution fixing the tax rate for 1885-6, at 4 is—3½ mills for general school purposes, ½ mill for sinking fund; also authorizing the finance committee to negotiate a loan of \$4,600 at 4 per cent., principal payable in ton years, at the option of the board, and due in twenty years, bonds to be dated July 1, 1885, and in denominations of \$100 and \$500. This will make the bonded debt of the dis-\$25,000. The recommendations were pted and adopted. The finance commit-were instructed to ask for proposals for collection of the tax.

he superintending committee recom-nded the formation of two normal schools to be taught by the four lady graduates of class '85; also that the school term of '85-6 to be eight and a half months, of 22 days each. The committee further recommended the for-mation of an additional school in the second division of the secondary department; and hat instead of local institutes, a meeting of eachers be held once a month for institute work which every teacher shall be required nd without compensation. The recom dations were all unanimously adopted,

except the one providing for an additional school in the secondary department, upon which question Messrs. Given and Wann voted negatively.

An effort was made to reconsider the rule by which teachers are promoted according to general scholarship grade of certificate without reference to their work in the schools, but it failed. THE ELECTION OF TEACHERS.

The following teachers were then elected with the salaries affixed :

The Rink Reopened. Between 200 and 300 persons attended the reopening of the Metropolitan rink last even-ing, and were delighted at once again being able to "whirl on the rollers." The atmos phere was cool and pleasant; music of the tronville band good. The best of order was maintained and everybody enjoyed them-selves. The rink will remain open until it does not pay the management. Manager Krum has lowered the price of the evening session to 10 cents for ladies and 15 cents for gents.

RALBOAD ACCIDENT. Two Men Kifled-Fortspate Escape of Dr.

Georke A perry train and a freight train collided near Middletown, Delaware, Tuesday morning. Both engines and three cars were totally wrecked, six others being damaged. William Rushton, engineer of the freight train, was killed, and Brakeman Hitch, of the same train, dangerously injured. Three other train hands sustained slighter injuries. Rushton, the dead engineer, lived in Phila-

Dr. E. W. Georke, formerly of Columbia, was on the train and made a remarkable es-cape from death. He jumped aboard the engine, but at one of the stopping places said he would get off and go back to the caboose. The would get off and go back to the caboose. The engineer tried to prevail upon him to remain on the engine, but he went back to the caboose where he found the flagman. The flagman saked him if he would remain on the caboose for some time and the Dr. said he would. "Then," said the flagman, "I will go forward to the engine for a little while." He did so, and had been there but a few minutes when the collision occurred and both engineer and fireman were killed. Dr. Georke was unhurt, but was terribly shocked at the death of his friend, the engineer, whom he had left only a few minutes before.

Preparations for a Great Event.

From the Philadelphia Evening News. Colonel James Duffy, of Marietia, is already digging in his garden about the agile cucumber and the expansive onion which he proposes to load in his celebrated cart and spread before the sturdy farmers whose club meets at his farm house on the 18th inst. Scrapple, galore and pumpkins pies are piling up on his pantry shelves and the hard fisted and soft-hearted sons of toil who can't get a square meal at "Duffy's ranche" week after next will be, indeed, hard to satisfy. It is thought the club may introduce an English fashion and have its champagne decanted.

Manheim to be Divided. B. J. McGrann, A. C. Kepler and Emanuel P. Keller, the viewers appointed by the court to consider the division of Manheim borough into wards, met this morning and they will recommend that the borough be divided into three wards.

ROBERT GIBSON'S SUICIDE.

Further Particulars of the Melancholy Tragedy in Little Britain Township. Some additional facts have been obtained concerning the suicide of Robert Gibson, of Fulton township, an account of which ap-peared in the INTELLIGENCER last evening. Mr. Gibson had been away from home nearly all day and returned about dusk. His hired boy went to the stable to assist in unhitching the horse. Mr. Gibson said he would put the animal away himself and the boy returned to the house. The family waited for the former for some time, and as he did not come, Mrs. Gibson went to the barn but was un find him. It was then supposed that he had gone to attend a meeting at the church, but as he failed to come, his folks retired, believing that he had gone to the home of John Reed, his son-in-law. Or

loiks retired, believing that he had gone to the home of John Reed, his son-in-law. On Tuesday morning search was made for him and he was found hanging in the loft of the wagon shed by one of his daughters.

Coroner Honaman went to Little Britain last evening and held an inquest on the body. The jury was composed of John L. Patterson, J. A. Kyle, J. A. Jamison, Andrew Fisher, C. R. Mellinger and Edgar Witman, and the verdict was that death resulted from strangulation. Dr. J. C. Gatchell was the coroner's physician.

The exact age of Mr. Gibson was 63 years. During the war he served as a provost marshal. He leaves a wife and four daughters, several sons having died. No reasonable cause can be assigned for the terrible deed. On Monday Gibson was seen to the his horse along the road and go into a woods, and it is believed that he contemplated suicide at that time. The affair has caused considerable excitement in the neighborhood, and much sympathy is expressed for the bereaved time. shoppers a Delicacy Among the India.

Methods of Catching and Cooking.

From the Chicago Enterprise.

The unusually large number of grasshop pers this spring, and the excitement they have caused with our local newspaper itemizers, will now be claimed. The Indians have started in with twig brooms, and re driving them into round holes which they dig in the ground. The modus operandi car be seen up Chico creek, near the Rancho Chico sheep camp, on the plains, where ten or twelve bands of five or six Indians in each are at work. The first operation is to dig a funnel-shaped hole three feet across and about three feet deep, then the band scatter out of a skirmish line about band scatter out of a skirmish line about two hundred feet from the hole in dif-ferent directions, and commence sweep-ing and "driving" the hoppers towards the pithole, and by wording around in a circle they gradually drive a good share of the orthopterous insects toward and into the hole from which the poor hoppers "can ne'er come out again," until the frugal mahala lifts them out into a wheat sack. The crawling, imming mass in the nit when the crawling, jumping mass in the pit, when the "drive" is done, would do any vengetul granger good, as he thinks of the horrid fate granger good, as he thinks of the horrid fate in store for his enemies, to be reasted to death at some Indian restaurant. The process of cooking is unique, if not elegant. Hot stones are put into the sack, and they are carefully shaken backward and forward together until the legs and wings of the hoppers are broken and burned off, when they are served without sauce in all the "Lo" caravanaeries, and considered a great luxury. We were inout sauce in all the." Low caravaneeries, and considered a great luxury. We were informed by a young buck that they were much better than white man's shrimps, and he thought not so repulsive. General Bidwell says the roasted hopper ground into meal is to the Digger family what a jar of quince preserves is to the child of the pale face. THE NAUMAN-HENDERSON CASE.

The Opinion of the Learned Judge Below Fully Sustained.

The following is a copy of the opinion delivered by the supreme court on the appeal of John D. Skiles, administrator of Amos Henderson, deceased, in the equity suit brought, involving the amount of money expended by George Nauman, esq., on the house adjoining the Henderson residence, occupied by

"This case was heard in the court below on bill and answer. It is conceded that the case is entirely free from any intention of fraud on creditors or others. Such being the fact the powers of a chancellor should not be exercised as to do great injustice to an innocent and good faith vendee. With the purest motives and best intentions he made large expenditures. Equity is now satisfied by restoring for the benefit of the estate of the grantor the property of so much value as subsequent events have shown was im-properly taken from the creditors thereof. The opinion of the learned judge sustains his conclusion. Decree affirmed and appeal dismissed at the cost of the appellant."

The Would-be Suicide. Frederick Sitzler, the young man who made two desperate efforts to take his own life by throwing himself under the cars at the Junction, on last Friday morning, was taken to the office of Alderman Barr for a hearing this morning. The testimony of the witnesses was that Sitzler imagined that three men were in pursuit of him with knives to kill him, and sooner than allow them to take his life he preferred to be killed by throwing himself under the car wheels. The alderman committed him in default of \$300 bail for trial at the August sessions to answer the charge of attempted suicide.

Claimed Lancaster as Their Home. William Henderson, of Philadelphia, and Thomas W. Harley, of Syracuse, N. Y., charged with having picked the pocket of Anna Rebecca Specht, of Weitzeltown, on a street car near the Askew bridge, in Reading on Monday, were held in \$1,000 bail for court. When the above parties registered at the Rambo house on Saturday they were joined by H. A. Franklin and Peter Griffith, who claimed Lancaster as their home.

Prosecution Withdrawn. C. D. Wilfong, the young man charged with false pretense by Wilson Brubaker, appeared at Alderman Fordney's office last evening for a hearing. Before the case was called for a hearing a settlement was effected between the parties, the prosecution was withdrawn and the costs paid.

Meeting of Councils. The June meeting of city councils will be held this evening. The annual message of the mayor will be presented to ccuncils athis meeting.

Charged With Desertion. David Geyo, of the Eighth ward, had a hearing this morning before Alderman Me-Ghup, on the charge of desertion, preferred by his wife. In default of bail he was com-mitted for trial at court.

A Car-Breaker Committed Officer Roat, of Harrisburg, arrested John O'Donnell at Collins station, this morning, for breaking the seal of a freight car and entering it with felonious intent. He was brought to this city and in default of bail was committed by Alderman McConomy to an-

swer at court. What's Sugar Worth?
