

THE CIRCUS IN TOWN.

LANCER CROWDS WATCH THE OPERA-TION OF UNPACKING. The Excitement Caused by an Elephant-Number Intelligence-Personal Points-A Number of Pictures-Items in the Industrial World-Borough Briefs.

Regular Correspondence of INTELLIGENCER. COLUMBIA, Pa., June 25, 1885.-The arrival of O'Brien's circus in town this morning was the means of gathering a large crowd along Front street, at the Port Deposit railroad, to witness the manner of unloading a circus from a car. Everything was done without any confusion, with the exception that one of the elephants, who had been taken from the car, was frightened at some cause and commenced trumpeting and acting in a manner that quickly dispersed the crowd. It soon gathered under the care of its keeper and the crowd gathered as soon as they had left a few minutes before. About ten o'clock a short street parade was given over some principal streets and a public satisfaction on the part of the people in the town in quite a large number, all anxious to witness the circus day sights.

Henry Altom on Cherry street near the Lancaster pike, was brought before Squire Evans yesterday on the charge of choking a colored girl named Ann Dummion in a manner that she objected to. The squire placed him under bonds for his good behavior.

A travelling umbrella-mender while passing through town yesterday trying to get work, stopping at the house of Mrs. Meisinger on Locust street, and asked for some work. Mrs. Meisinger had two umbrellas out of repair and offered one for the mending of the other. He consented and left for a saloon on Fifth street and upon returning to the house of Mrs. Meisinger he was found by her and upon promising to return the umbrella he was released. He kept his promise.

Personal Notes. Mr. A. J. Quigley, who is extensively engaged in the lumber business at Williamsport, Pa., spent yesterday in town with some of his friends at the residence of Mr. J. M. Weaver, Miss Emma Reed, of Buffalo, N. Y., is visiting her sister, Mrs. Geo. Weaver, of Union street. Mr. Jacob R. Witmer left for Philadelphia to be present at the commencement exercises of the Polytechnic college in that city, at which place his son, John, graduates to-night.

In the Social World. Seven car-loads of pioneers went to Penryn park this morning to attend the Methodist Sunday school picnic at that place to-day. Quite a number went out in the afternoon train.

On Thursday, July 16 the United Brethren Sunday school will hold its picnic at Litzitz. The second street Latin school has decided upon Tuesday, July 23, as the time for having the picnic at Penryn park. The Bible class of the Second Street Lutheran Sunday school, taught by Mr. I. W. May, will possibly go to Wild Cat Falls about the second week in July, for the purpose of holding a picnic. The Union extension to Penryn park will take place on Saturday, June 27. The Liberty band of Lebanon will furnish the music on that occasion.

Industrial Items. Quite a number of houses are now being built in different portions of town. Most of them are being erected to rent to persons who are obliged to toil for a living, yet quite a number are for the use of their owners. It is expected that the starting of the rolling mill will bring a number of families to town and as the demand for houses will be great, the parties who are building are preparing for the demand. The erection of three new brick houses on the corner of Locust and Second streets, will be completed in a few days. The new warehouse of the Keeley stock company is about finished and the removal of the stock from the old to the new building will take place while the works are not in operation.

Base Ball Notes. The game of base ball between the quicksteps and the O. K. base ball club took place yesterday afternoon on the Grove works grounds. The quicksteps easily defeated their opponents by the score 39 to 16.

Some persons entered the office belonging to the clerks in Bennett's store, which is in the yard in the rear of the store, and stole from a pair of pugs. The clerks took great pride in their pets, and feel their loss very much. The lamp used in warning people of the building materials in front of the new house that is to be erected by Mr. T. Bucher, at Sixth and Locust streets, exploded last night, but fortunately did no damage to the wood, etc., that was lying about the place.

MASONIC TEMPLE DEDICATION.

A brilliant Templar Display at Trenton-Sixteen Commanderies in Line. A thousand lights with nodding white plumes and waving banners, assisted Wednesday afternoon at the dedication of Palestine commandery's asylum, in the magnificent new Masonic temple in Trenton.

The ceremonies themselves, which were according to Grand's manual, were conducted apart from public view, but afterwards there was a parade. Sixteen commanderies, from various cities, were in line and each commandery had a band; among them Lancaster, No. 15, Lancaster, No. 1, Pottsville, No. 1, and the commandery commander, W. O. Marshall, generalissimo; Joshua L. Lyte, captain general, and 52 sir knights. It was a question with the spectators whether Columbia commandery of Washington, D. C., or St. John's, of Philadelphia, presented the finest appearance along the line. Both of these are splendidly equipped and marched with wonderful precision. The beautiful banner of St. John's Commandery was an object of general admiration. At about 11 o'clock there was another handsome commandery. All along the route of parade gorgeous decorations greeted the air knights, and the State street from the temple was a great arch, bearing on one side the words "Welcome, Sir Knights," and on the other side, "In Hoc Signo Vinces." Flags, banners, and plumes, and private buildings and there was a profuse display of bunting and of Maltese crosses. The fire companies rang their bells as the parade passed, and water cannons discharged toward the handkerchiefs to the marchers. At the American hotel there was a review by Grand Commander Lyte, and the parade of New Jersey, and his staff. The commanderies passed the reviewing stand in double sections, sword at a carry and officers and color-bearers. Mayor Bunnely was grand marshal of the day.

Athletic parade the visiting commanderies were entertained at Washington Hotel. A number then took trains for home, being accompanied to the depot by crowds of people. In the evening a grand reception to the visiting sir knights was given in the new Masonic hall. The beauty and fashion of the city were represented. From 8 till 10 o'clock Winkler's seventh Regiment band discoursed promenade music and at 10 the grand march took place. Dancing followed. The hall was beautifully decorated and a half-cent electric light on the sidewalk outside contributed to the brilliancy of the occasion. The project of erecting the temple first took definite shape in May, 1883, when committees of the various Masonic organizations were appointed to confer upon the feasibility of such a scheme. The site was secured in following July, at a cost of \$68,000, and in December, 1883, \$75,000 of stock having been subscribed, a company was organized. The formal purchase made and the work of preparing for the building immediately begun. The corner stone was laid on July 15, 1884, and the building is now complete, except for some interior decorations.

It is of pressed brick, trimmed with Nova Scotia stone, stands on one of the most prominent corners of the city, fronting about 170 feet on State and 70 feet on Warren streets, and is architecturally a very handsome structure. It has cost, including the land, about \$150,000. Besides accommodations for about 100 of the Masonic bodies of the city, it contains a public hall and stores and offices, the rental from which is said to furnish a profitable return upon the investment.

Robbed of \$300 Worth of Jewelry. There were a great many New York and Philadelphia thieves in Trenton, yesterday, and they reaped a harvest from the Sir Knights and others. The only victim from this city so far reported is Mr. George W. Brown, painter, who was robbed of his watch, chain and Masonic mark while riding on the platform of a street car between 9 and

10 o'clock in the morning. The car was greatly crowded and so was the street through which it was passing. A rush was made by the thieves, the lantern was committed in a twinkling, and the misonic disappeared amid the throng in the street. The watch was an Elgin stem-winder, marked with the initials of the owner. The chain was of solid gold, made in plain, long links. The Masonic mark was a very pretty one, and cost \$25. The watch, chain and mark were valued at \$300.

THE MILLERSVILLE EXAMINATION.

The Order Through Which the Students of the Institution Were Put.

The annual final examination of the senior class of the Millersville State Normal school was held this week beginning on Tuesday morning. The examining board consisted of the following persons. Dr. E. E. Higbee, superintendent of public instruction, president of the board; S. B. Helges, principal of the State Normal school at Shippenburg; R. K. Buehler, city superintendent of Lancaster; W. D. Hodson, superintendent of Lebanon county. The following is the list of questions given to the class:

ARITHMETIC-DR. HIGBEE. 1. Write 1885 in Roman notation. 2. Give the sum and difference of two quantities if the quantities are 120, 180, 120 and 240. 3. Find the G. C. U. and L. C. M. of 120, 180, 120 and 240. 4. Divide the reciprocal of four in two parts which are to each other as the reciprocal of 3 and 5. 5. .001 x .01 = .027 = ?

6. A and B each sold 22 tons of hay, which was 25 per cent of A's and 24 per cent of B's; how much more did A own than B? 7. A broker buys 60 day note for \$20 less than the face. What was the face, discount and per cent? 8. A mother gave her daughter one cent at birth, doubling it on each birthday; how much did the daughter have when she was 21 years of age?

BOTANY-PROF. HEBEL. 1. Define botany. 2. Define an endogen; give examples of endogenous growth. 3. Define an exogen; give examples of exogenous growth. 4. Define a mono-cotyledon, a dicotyledon; give examples of each. 5. Define a stem; give five examples. 6. Beginning with the pith name the successive parts of exogenous growth. 7. Define germination. 8. Define a root; give five examples. 9. Define inflorescence; name the general form. 10. Define a flower (blossom) and name all the parts. 11. Define a petal; name three species. 12. Define a sepal; name three species. 13. Explain the process of fertilization. 14. Define an annual, a biennial, a perennial. 15. Define a herb, a shrub, a tree. 16. Define a Phaeogam, a Cryptogam. 17. Analyze any species that you desire, giving class, series, genus species.

PHYSIOLOGY-DR. HIGBEE. 1. Sensation, and how cultured. 2. Conception. 3. Judgment. 4. Digestion. 5. Method of teaching primary arithmetic. 6. How far can a teacher go in securing the physical health and good manners of children? The class was examined orally in book-keeping by Mr. J. W. Lansing.

Forty-six in the Class.

The elementary class consists of 46 members. The scientific of 4, and one young man from Lebanon county was examined for a student certificate in this city. He had passed the final ordeal and happier persons than the seniors can scarcely be found.

Death of Joseph Liker.

Joseph Liker, a soldier in the late war, died at his residence, No. 28 South Water street, Wednesday afternoon, aged 55 years. His death was caused by apoplexy, though he had for a long time been ill from a complication of ailments. He was buried in a private service in Co. K, 9th Regt. Pa. Vols. on the 10th of September, 1861, for a term of three years. He was made corporal for gallant service at Gettysburg, Pa., July 3, 1862, and served creditably under Bull and Rosecrans in their campaigns in Kentucky. He was honorably discharged as a private in 1864, and was subsequently transferred to the Veteran Reserve and served till the end of the war, when he was honorably discharged in the district of Pennsylvania volunteers. He was mustered out with the company on June 15, 1864. He is not known to have had a family.

Death of Another Soldier.

Bernard Gammell died at the county almshouse this morning at 10 o'clock, of consumption. The deceased was admitted to the hospital on December 11, 1883, having come from Williamsport, Paradise township. He was 52 years of age and served during the war as a private in the 23rd Regt. Pa. Vols. He was buried in the cemetery in this city. His funeral will take place Sunday at 2 o'clock, and will be attended by the members of the Grand Army Posts of this city.

Commission Received.

Hon. J. T. Mastigonie this morning received his commission as collector of internal revenue for the United States district of Lebanon. He will enter upon the duties of the office some time during the month of July.

A Lost Child.

A little girl about four years old with light hair and blue eyes, was picked up on North Queen street this afternoon and taken to the station. Her mother is alone and could give no account of her child.

A Son Saves His Father.

Wm. Kirk, of Drummers, makes complaint against his father, Lewis Kirk, charging him with assault and battery and surety of the peace. Officer Barnhold arrested the father, who is giving bond before Alderman Deen on Saturday next.

Grand Opening and Union Excursion.

To Penryn Park on Saturday, June 27, for the round trip only 60c. Trains leave Lancaster (King St.) at 6:30 a. m., 7:30 a. m. and 12:30 p. m. Trains return to Columbia at Penryn at 7:30 p. m. Returning to Lancaster will leave the park at 7:30 p. m. The Liberty band, of Lebanon, will furnish the music. June 25, 26, 27.

WILL CHOLERA COME?

A Prominent Physician's Conservative View and Good Advice. Doctor, there seems to be some dispute about the expected cholera visitation; are you looking for it? We asked one of our active sanitary physicians a few evenings since. "Well," responded the man of medicine, "I certainly hope there will be none, but I don't think it wise to shut our eyes and do nothing till the disease has actually arrived. According to my belief there will be some cases of cholera here within the next few weeks, and the extent of its spread and devastation will depend upon the extent of our sanitary efforts to suppress it. If everything about our premises is in perfect sanitary order, and every precaution is taken to prevent the disease from being introduced, we are safe. You say, therefore, that you are not a choleraist, and I am glad you are not. My personal experience with disinfectants has been constant, and I am free to admit that for the destruction of disease-producing matter, or for the purpose of preventing the spread of cholera and other diseases, they are of great value. In fact, for all domestic disinfection, nothing yet has proven so useful or reliable as Fluid Chlorine. This article we physicians have used and recommended for years, and I am glad now to see it advertised, for upon its liberal and universal use I have my hopes that the terrible cholera may be kept away."

DEATHS.

Rev. - In this city on the 24th inst. Francis, wife of the late George Kelly, in her 80th year. The relatives and friends of the family are respectfully invited to attend the funeral, from the residence of her son, Michael Kelly, No. 39 West Milton street, on Saturday, June 26, at 2 o'clock. Interment at Zion's cemetery. 24d
