The Republicans had gained control of council at the last borough election the membership standing five Republican four Democrats. This state of affairs caused the borough offices to be filled by men of the same political faith as the dominant party. By the death of Mr. Payne, this supremacy has been lost and the council is now a tie. The suc-cessor_of Menry Kitch, the present engineer of the opera house, will be elected at the next meeting of council, which will be on Tuesday, both the Vith is a Durnsert and would meeting of council, which will be on Tuesday, July 14th. Lottie Keech, daughter of Albert Keech, living on Walnut street below Sixth, had the tune to fall down the stairs at her home yesterday afternoon ; while descending the stairs she made a misstep and fell to the bottom. The shock received rendered her un-

conscious and her parents thought that she was soriously injured, but by the application of proper restoratives by the family physician she was brought to, and the ouly injury was a severe shock to her system. William Timley was hauling dirt to the dumps, on North Third street yesterday afternoon, and when he backed the cart against the log at the edge of the bank the log gave way and the horse and cart went down the embankment, a distance of about twenty feet. The shafts of the cart was broken and the horse considerably shaken up by the fall. Silebt Fire in a Bake House.

Slight Fire in a Bake Ho The roof of the bake house on the farm of Henry N. Kehler, a short distance from town was on fire yesterday afternoon. The bak ing of a large quantity of bread needed a large fire in the bake-house, which was done with wood, and the roof being very dry soon ignited by the fierce heat. The building ad-joins an ice-house and several other buildignicat by the here heat. The binding ad-joins an ice-house and several other build-ings, and is close to the farm house. The fire was gaining considerable headway before the men, who were engaged in harvosting in the neighboring fields, responded to the alarm of fire. A line of meu was formed and husders of water passed to and for and and buckets of water passed to and fro, and by this manner the fire was put out before any other damage was done excepting the roof of the bake house de-

MORE RAPID MAIL SERVICE.

The Fast Work that Will be Done by Means of a Ten-Cent Stamp.

Postmaster General Vilas has approved the design for the new special delivery stamp authorized at the last session. By the terms of the law the postmaster general was in-structed to establish a system of special delivery of mails at postoffices where the population is not less than 4,000. He was to use his own discretion in the matter, and accordingly he will try the new system at New York and home of the larger offices on the 1st of Oc-tober, 1885. The plan is to send a letter to the special delivery office, which will send it to special delivery office, which will send it to the destination by messenger without waiting for the carrier to go out on his usual trip. In addition to the ordinary letter postage aspecial deliverystamp must be affixed to mail matter deliverystamp must delivery. The design of addition to the ordinary letter postage a special delivery stamp must be affixed to mail matter requiring prompt delivery. The design of the stamp is very handsome, and the vignette represents a messenger in uniform bearing a letter in his hand, and the panel at the upper corner bears the following : "U.S. special postage delivery." On a plate, which is sur-rounded by a handsomely-designed wreath of flowers, is placed the language of the act: "Secures immediate delivery at a special de-livery office." Under this is placed the denomination of the stamp in figures and numerals. The new stamp will be made by the American Bank Note company, of New York, and will be put in operation as a test only in the larger cities. By this arrange-ment a great deal of time will be saved in the delivery of business letters, for distributing a mail fetters bearing special delivery stamps will be immediately sent by messenger to their destination.

How a Trustee Used Trust Funds to Improve His Own Real Estate.

Levi W. Nissley, of Mount Joy township, was arrested to day by the sheriff cn a process issued by the court for contempt. Nussley cess issued by the court for contempt. Nasley was the trustee of a daughter of Christian Witmer, deceased, and the account filed in the register's office shows that he had \$1,-\$24.64 in his hands. On the peti-tion of the daughter, Nissley was removed and Aifred Diller was ap-pointed her trustee. Nissley was cited to pay over the balance in his hands and he made answer that by the advice of his counsel he invested the girl's money in improving his real estate, that his property depreciated and was sold and he is unable to pay the money to his successor. Nissley was in the custody of the sheriff when we went to press, wai-ing on friends to help him out of his trouble.
