"THE STAR-SPANGLED BANNER."

A Popular Correction About the Occasion of Its First Rendition.

J. Thomas Sharff in Baltimore Sun. At the patriotic gathering in Patterson park on the Fourth of July, under the auspices of the Key monument association, Mr. John P. Poe, the orator of the day, in his very able address fell into the common error, made by all writers and historians, that our national anthem was sung for the first time in the old Holliday street theatre by the Durang brothers. This error, I am free to confess, I have made with others in my historical writings. "The Star-Spangled Banner" was first published in the daily press of this city on the 21st of September, 1814, with the title of "The Defense of Fort McHenry." At this time the theatre was closed and did not re-open until October 12th. On the 19th it was been unit october 12th. One of the 19th it was announced by handbill (one of which I have before me) and in the daily newspapers that after the play "Mr. Hardinge will sing a much-admired 'new song,' written by a gen-tleman of Maryland, in commemoration of the gallant defense of Fort McHenry, called "The Star-Snampled Banner."

"The Star-Spangled Barner." Instead of being received with "turnultu-ous applause" and sung "nightly" to a "crowded audience," as is generally stated by writers upon this subject, the song did not attract much attention, and was not re-peated at the theatre until the 13th of Naven. peated at the theatre until the 13th of November, nearly a month afterwards. Upon that occasion, among other attractions, " the uew song, written by a gentleman of Maryland, and second time sung here, 'The Star-Span-gled Banner,' by Mr. Hardinge," was an-nounced, with "entire new scene, representing the bombardment of Fort McHenry. This was the last announcement of the sing ing of the song during the season at the Holiday street theatre, and it will thus be seen that it was sung twice only, and "nightly" as has been generally stated. "nightly" as has been generally, and not the futh the "Star-Spangled Banner" was re-placed on the programme of the theatre by a "new song, written by a gentleman of Baili-more, called 'Freedom, Home and Beauty,' which was also sung by Mr. Hardinge, amidst "great applause," From the above statement it will be seen

that "The Star Spangled Banner" was first sung on the stage of the Holliday street theatre by Mr. Hardinge and not by the Messrs Durang brothers, who were clog dancers.

The World's Exposition Plant Sold.

The World's Exposition plant, building and machinery were sold at auction in New Orleans, on Monday, for \$175,000. They were bid in by Mr. Newman, but were probably purchased for the new Exposition company. President McConnico, of the new Exposition company, says the purchase of the Weid's Exposition plant closes the last loop-hole of doubt as to the reopening of the Exposition, as it establishes the new company on a defi-nite basis and enables it to vigorously push forward the enterprise to completion.

# The Ability to Bear Palu

Is the test of fortifude among the Indian tribes, but we defy any Cherokee, Sioux or Co-manche to endure the twinges of rheumatism without wincing. These, indeed, are slight at first, but grow in intensity until they become unbearable. No malady is more obstinate in its maturity than that which gives rise to them. The more need, then, of attacking it at the out-set. Foremost among remedies for it is Hostet-ter's Stomach Bitters, safe and infinitely more effective than colchicum, veratrum and nux vomica, all remedies which might prove de-structive in life in a slightly excessive dose. Mineral deputents, also, when not positively mischlevons, are far inferior in remedial power to this salutary botanic medicine. It entirely expels from the blood the acrid impurities which originate the disease, and enriches as well as cleanses it. Constipation, liver com-plaint, dyspepsia and other aliments also give way toit. jystol5
