Hohein did not then pay the amount and when he went to do so, to avoid further trouble, McGlinn told him it would cost \$1.90. Yesterday Hohein went to see Mc-Glinn again, and the squire said it would cost \$10 to settle. Hohein then demanded a hearing and took counsel in the matter. When the squire was confronted by a lawyer and saw that Hohein was in earnest, he wilted and said he would be willing to lose his costs. Religious Notes from Lincoln.

Rev. D. E. Schoedler, of Lancaster, who was last year sent to California as a mission ary by the synod of the Reformed church, preached a very interesting and impressive ermon in the German language in the Reformed church on Sunday morning. In the evening the reverend gentleman lectured in the same church on California. He began by describing the climate and various mineral and vegetable productions of the state and also the manner and customs of the state and also the manner and customs of the people. The entire discourse was instructive and entertaining and was masterly and elo-quently rendered. The church was nearly filled with people, who seemed to be highly pleased with the lecture. The Lincoln Sunday school will hold a celebration on the 29th of August. Eminent speakers from a distance will be present. Refreshments will be sold for the benefit of the school. Finger-Boards for the Democrats.

From the Philadelphia Record. While the Democrats who should not be intrusted with office are besieging the de partments at Washington for appointments the Democrats who remain at home and attend to their business may succeed in nominating a proper man for state treasurer. There is no use in putting on the track a party hack to beat a party hack who has an ntestably larger following at his heels. If Mr. Quay is defeated he will be defeated by some straight-going, honest, efficient business man whom the people can trust with their backs turned or their eyes shut.
