How Cleveland Holds His Own From the Philadelphia Record.

The anti-Cleveland Democrats have been having pretty poor luck of late. Tammany has surrendered. Van Pelt, of Chicago, has mustered his "65,000 Cook county Democrats" and found them short 64,000 by actual count, Congressman Barksdale, of Mississippi, whom the correspondents had selected to lead the revolt in the House, says he has no quarrel with the president. Senator Eustis, of Louisiana, seems to surprise within himself the active opposition, and resembles the thost of Kosciusko in Campbell's poem, being "few but undismayed." These entlemen should remember the experience of the rash young man, who undertook to see Artemus Ward's mammoth and unparalleled show without paying. . . . The showman fell upon him. . . . When the young man was taken home to his mother she in-The showman spected him narrowly and said: "I see what alls you, my son. You have been Fooling with a Thrashing Machine. Caused by a Barrel of Liquor.

Near Ennis, Texas, on Friday night a man named Rankin, being in feeble health, sent his two daughters, aged respectively 19 and 17 years, to the garret to draw some liquer from a barrel there. Holding the candle near the fancet of the barrel caused an explosion, killing one of the girls and fatally burning the other, who died on Saturday. The house, with its contents, burned to the ground.

Wherever Malaria Exists,

The bilious are its certain prey. In intermit-tent and remittent fever, dumb agne and agne cake, the liver is always seriously affected, and the blood contaminated with bile. One of the chief reasons why Hostetter's Stomach Bitters is such a sure defense against chills and fever and every form of malarial disease, is, that it does away with liability to the disease by re-forming irregularity of the biliary organ in ad-vance of the arrival of the season when the disease is prevalent. There is no finer fortifying preparative for those about visiting or emi-grating to a locality where the Miasma-taint exists. There is no certain immunity from disease in an endemic or epidemic form, to be se-cured by the use of the average tonics and anti-spasmodics. But where quinine fails the Bitters succeeds both in preventing and curing. More-over, it removes every vestige of dyspepsia and overcomes constitution, rheumatism, inactivity of the kidneys and bladder, and tranquilize and strengthens the nervous system.

SPECIAL NOTICES.

Who does not delight to see a good looking face? Yet erysipolas disfigures the features almost beyond recognition. But this is not the worst of it. This disease is as dangerous as it is repulsive. It is sometimes called "St. Anthony's Fire," and often causes sudden death. Mr. S. R. Carpenter, of Grandville, S. Y., had it in both legs and was cured by Dr. Kennedy's Favorite Remedy. The medicine excels all others for the blood. Especially adapted to persons in feeble health.

"I am a Baptist minister, and before I ever thought of being a clergyman I graduated in medicine, but left a lucrative practice for my present profession, forty years ago. I was for many years a sufferer from quinsy. Thomas' Eclectric Oil cured no. I was also troubled with housesness, and Thomas' Eclectric Oil always relieved me. My wife and child had diphtheria, and Thomas' Eclectric Oil cured them, and if taken in time it will cure seven times out of ten. I am confident it is a cure for the most obstinate cold, or cough, and if any one will take a small tenspoon and haif fill it with the Oil, and then place the cnd of the spoon in one nostril and draw the Oil out of the spoon into the head, by sufffing as hard as they can, until the Oil fails ower into the threat, and practice it twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarth. For deafness and carache, it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration.
