IF I WERE YOU. If I were you, sir,
I would not sue, sir,
For any woman's love day after day;
I'd never stand, sir,
At her command, sir,
Year in and out in this fond, foolish way.

Across my face, sir, I'd have the grace, sir, Or mother wit, to pull a gayer mask ;
And wait to find, sir,
What was her mind, sir,
Before I'd grovel at her feet to ask.

All very well, sir, For you to tell, sir, Of that grand poet in the olden time : Whose fine advice, sir, Was so concise, sir, In that immortal strain of gallant rhyme

It does not fit, sir, Your case a bit, sir : He never meant a man should pray and pray With such an idle air, sir,

If you will read, sir, The verse, with heed, sir, You'll see it runs as clearly as it may.

That every man, sir, Should take his answer With manly courage, be it yea or nay. Then cease your sighs, sir,

No man's a prize, sir, In any woman's signi, just let me say,
Who's not too high, sir,
To sigh and die, sir, For any woman's love day after day,

Why Louisville is Proud From the Courier-Journal.

The several branches of the Louisville to bacco trade are being aroused to the importance of duly celebrating the unexampled triumph of selling 100,000 hogsheads. No other city on this continent, or elsewhere in the world, ever sold 100,000 hogsheads of tobacco in a twelvementh, but Louisville will have accomplished that feat by the middle of September, or in eight and one-half months. It is a great achievement, richly deserving a great commemoration, especially as the event may be made a matter of general notoriety that this city, which has been at any time in the last decade the largest tobaccomarket in the world, has doubled its tobacco business in five or six years. Nor is the calebration of such a triumph an avent is tobacco business in live or six years. So, is the celebration of such a triumph an event of interest alone to the tobacco trade. The large contingent of support which the receipt and sale of twelve or infeen million dollars. and sale of twelve or fifteen million dollars' worth of a single article of produce furnishes Louisville banks, to nearly all lines of general merchandise, to the owners of block after block of reality and warehouses, to the railroad and river interests, to laborers and draymen, all this clearly means that this is a matter of universal interest. The sales on Saturday last footed up about 95,000 hogsheads, and the cental of thousands will be reached probably at the end of a fortnight.

A Hint to School Teachers. From the Philadelphia Ledger.

To fit the young to the responsibility choosing for themselves should be the aim of all education from the kindergarden upwards; and for this purpose nothing is more essential than to habituate each pupil to hard study and close thinking. The habit of istless and half-way attention during protracted school hours in early life is fatal to intellectual vigor. For short periods the mind of the child should be exercised briskly, and close attention and real work should be in-sisted or. Gradually these periods may be lengthened as the power increases, and thus the habit of mental labor and personal responsibility will be formed. If this point be kept in steady view in every educational be kept in steady view in every educational system and by every teacher in his or her immediate contact with pupils they may be fitted to reap the advantages of the elective system; but, if, in our eagerness to attract the young and to smooth their paths of study, we remove from the burdens of hard work and binding obligation, they will be unfitted to make choices for themselves, either in a university career or in the still more important and inevitable crises that await them in life.

From the Toronto Truth.

A story is told of a shrewish Scotch woman who tried to wean her husband from the dram shop by employing her brother to act the part of a ghost and frighten John on his way home. "Who are you?" asked the gude man as the apparition rose before him from behind a bush. "I am Auld Nick," was the reply. "Come awa', man," said John, nothing daunted. "Gie's a shake o' your hand, I am married to a sister o' yours!"

IDA G. ABRAN, 368 E. Chase street, Paltimore, Md., writes: I have been suffering for years with Dyspepsia. I was advised by myphysician Dr. Milton N. Taylor, to try "Dr. Petzold's German Bitters," and after taking it but a short time, I feel greatly benefited. I have a splendid appetite and am gaining in flesh.

Full of Peril

Are those disorders which, beginning with an apparently trivial inactivity of the kidneys or bladder, terminates in Bright's disease, diabetes and cystitis. The first two not only interrupt the functions of the renal organs, but destro their structure with as much certainty as tube cular consumption does that of the lungs. Hos tetter's Stomach Bitters is an excellent diructic promoting the activity of these organs without over exciting them, thus averting the deadly maladies in which their action is so prone to culminate. The removal from the blood of impurities which the kidneys should, but do not, when inactive, secrete, is another beneficent effect of this incomparable medicated stimulant and depurent. The Bitters is, in all cases, too, a fine restorative of vigor and aid to digestion, remedies malarial disease, and banishes liver complaint and constipation.

SPECIAL NOTICES.

Who does not delight to see a good looking face? Yet crystpelas disfigures the features almost beyond recognition. But this is not the worst of it. This disease is as dangerous as it is repulsive. It is sometimes called "St. Anthony's Fire," and often causes sudden death. Mr. S. B. Carpenter, of Grandville, N. Y., had it in both legs and was cured by Dr. Kennedy's Favorite Bemedy. The medicine excels all others for the blood. Especially adapted to persons is feeble health.

There are many sources of profit to those who are ingenious and enterprising. Burdock Blood Bilders are a source of profit in every way. They build up the health surely, speedily, and effectually, which is saying a great deal. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

"For many years I have suffered from a complaint which the physicians called Gravel. I had employed some of the most noted doctors without obtaining any permanent relief, and for a long time my case was regarded as hopeless. All who knew the circumstances said I must die. Finally my wife induced me to try a bottle of Dr. Kennedy's 'Favorite Remedy,' which she had somewhere heard of or seen advertised. Without the slightest faith in it, but solely to gratify her, I bought a bottle of a druggist in our village. I used that and two or three bottles more, and, to make a long story short, I am now as healthy a man as there is in the country.

"Since then I have recommended 'Favorite "Since then I have recommended Favorite Remedy' to others whom I know to have suffered from Kidney and Liver complaints; and I assure the public that the Favorite Remedy' has done its work with a similar completeness in every single instance, and I trust some other sick and discouraged mortal may hear of it and

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such uni-versal approbation in its own city, state and country, and among all people, as

Ayer's Sarsaparilla. The following letter from one of the be known Massachusetts Druggists should be interest to every sufferer:

Rheumatism, attack of RHEUMATISM, so severe that I could not move from the bed, or dress without help. I tried several remedies without much if any relief, until I took AYEE'S SAREAPARILLA, by the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPABILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best Licod medicine ever offered to the public.
