NEARING FOURSCORE YEARS he Seventy-Sixth Birthday of Oliver Wendel

Dr. Oliver Wendell Holmes on Saturday ved the seventy-sixth anniversary of his by entertaining a few friends at his saier bothe in Boverly. In the course of interview he said: "I do not think that re is much to be said about the occasion, I am only 76. Now when a man gets t I am only 70. Now when a man gets to 80 he is a public benefactor, for then he is a encouragement to men of 70 or 75. A long ow of men 80 years of age forms a sort of il board fence separating younger men from a chilly blast. Yes, I consider living to a sat age the cheapest and easiest benefaction man can make. Gladstone is, I believe, ithin four months of my age, and Barnum uite near it. When men get over 75 all ifferences are set aside. I have just relived a beautiful letter from Whittier. It is personal one, and I would rather not have published. I do not believe in publishing published. I do not believe in publishing ersonal letters; it is not etiquette. But I ill show you something else that I prize ery highly if you will wait a moment."

Are those disorders which, beginning with an apparently trivial inactivity of the kidneys or bladder, terminates in Bright's disease, diabetes and cystitis. The first two not only interrupt the functions of the renal organs, but destroy their structure with as much certainty as tuber-cular consumption does that of the lungs. Hos-tetter's Stomach Bitters is an excellent diructic, promoting the activity of these organs without over exciting them, thus averting the deadly maladies in which their action is so prone to maladies in which their action is so prone to culminate. The removal from the blood of im-purities which the kidneys should, but do not, when inactive, secrete, is another beneficent effect of the incomparable medicated stimulant and depurent. The Bitters is, in all cases, too, a fine restorative of vigor and aid to digestion, remedies malarisi disease, and banishes liver complete and constination. omplaint and constipation

SPECIAL NOTICES.

Who does not delight to see a good looking face? Yet erysipelas disfigures the features almost beyond recognition. But this is not the worst of it. This disease is as dangerous as it is repulsive. It is sometimes called "St. Anthony's Fire," and often causes sudden death. Mr. S. B. Carpenter, of Grandville, N. Y., had it in both legs and was cured by Dr. Kennedy's Favorite Remedy. The medicine excels all others for the blood. Especially adapted to persons in feeble health.

A Good Resson for Happiness.

"For many years I have suffered from a compleint which the physicians called Gravel. I had employed some of the most noted doctors without obtaining any permanent relief, and nor a long time my case was regarded as hopeless. All who knew the circumstances said I must die. Finally my wife induced me to try a bottle of Dr. Kennedy's 'Favorite Remedy,' which she had somewhere heard of or seen advertised. Without the slightest faith in it, but solely to gratify her, I bought a bottle of a druggist in our village. I used that shd two or three bottles more, and, to make a long story short, I am now as healthy a man as there is in the country.

"Since then I have recommended 'Favorite Remedy' to others whom I know to have suffered from Kidney and Liver complaints; and I assure the public that the 'Favorite Remedy' has done its work with a similar completeness in every single instance, and I trust some other sick and discouraged mortal may hear of it and try the 'Favorite Remedy,' as I did."—Washington Monrae, Cutskill, N.
