

FRUIT LIST FOR 1886.

From the Germantown Telegraph. Our regular published list is sufficient reasons, either in taking from or adding to it; but in regard to the list as a whole we can do no just grounds for disturbing it, though we do not hesitate to do so whenever there are new things strongly recommended to us and sustained by the best authority. Indeed, we do not see how it can be improved for this section of the country, or as a general list for all the Middle States. And this is the opinion of a number of fruit growers who have been consulted, or from whom we have heard. Some of each of the separate selections may not do well upon one premises that will succeed admirably on another, even if separated by only a single farm or a line-fence. Hence, each grower must find out for himself the particular apples, pears, &c., especially adapted to his soil and location. This can be easily done by inquiries of those who within a reasonable circuit are successful fruit-growers and whose soil is somewhat similar to his own.

According to our present preferences, we should select the following for our own planting, nearly all of which we have grown more or less successfully:

- STANDARD PEARS. 1. Giffard; 2. Doyenne d'Eté; 3. Early Catherine; 4. Bloodgood; 5. Summer Juliette; 6. Tyson; 7. Brandywine; 8. Bartlett; 9. Belle Lorraine; 10. Manning Elmsholt; 11. Seckel; 12. The King; 13. Lawrence; 14. Reading; 15. Kieffer. For those who may desire a small number, we should select: 1. Giffard; 2. Early Catherine; 3. Bloodgood; 4. Tyson; 5. Bartlett; 6. Belle Lorraine; 7. Henkel; 8. Seckel; 9. Lawrence; 10. The King; 11. Kieffer. They ripen in about the order they are arranged, except as to three latter. Lawrence, which begins to ripen, or can be made to ripen, early in November, will keep until April with care, it being the only winter pear which will keep beyond February. In the above list, Nos. 1 to 9 are summer varieties; and from 10 to 14 autumn (early and late); and 15, 16 and 17 winter, thus affording a sufficient number for each of the periods of the best fruit season in this region. It will be seen that we have added to our list of standard pears the Henkel, it is perfect in form, and bears a good and good quality. Once introduced it will not be abandoned.

- DWARF PEARS. 1. St. Michael d'Archange; 2. Bartlett; 3. Comice; 4. Diehl; 5. Tyson; 6. Belle Lorraine; 7. Lawrence; 8. Ot; 9. Louise Bonne; 10. Rose; 11. Bloodgood; 12. Giffard; 13. Seckel; 14. The King; 15. Lawrence; 16. Reading; 17. Kieffer. We have dropped the latter as not being generally sufficiently productive.

- APPLES. 1. Maiden's Blush; 2. Baldwin; 3. Smokehouse; 4. Northern Spy; 5. Liberty; 6. Fallwater; 7. Cornell's Fancy; 8. Red Astrachan; 9. Wagener; 10. Porter; 11. Gravenstein; 12. Tompkin's King; 13. Roxbury Russet. PEACHES. 1. Crawford's Early; 2. Hale's Early; 3. Trost's Early; 4. Old Mixon; 5. Crawford's Late; 6. Ward's Late; 7. Smock's Late; 8. Admirable; 9. Late.

- QUINCES. There are several varieties of the quince, to wit: Orange, Champion, Rex's Mammoth and half a dozen others; but we can safely recommend only the Orange. It is the one almost universally grown for market, and any one can grow it. It has a uniform raised spindle form.

- GRAPE. 1. Telegraph; 2. Concord; 3. Hartford; 4. Clinton; 5. Salem; 6. Rogers; No. 32; 7. Brighton; 8. Fremont; 9. Foxkilling; 10. Creveling. The Fremont is, so far, the best of all white grapes. The Foxkilling and Brighton the best out-door varieties. Clinton is especially for wine. For a few varieties for family use we should select the five last named in the list. It will be seen that we have restored the Creveling. It is too good a grape to be ignored.

- CHERRIES. 1. May Bigarreau; 2. Belle de Choisy; 3. Black Tartarian; 4. Black Eagle; 5. Black Hawk; 6. Elton; 7. Downer's Late; 8. Early Richmond; 9. Early Purple Gages; 10. Delectable. The ripening of the list will range from the earliest to the latest, carrying on one through the whole of the season. No one can go amiss in adopting this list, as it cannot be surpassed.

- STRAWBERRIES. 1. Hornet; 2. Herbine; 3. Brandywine; 4. Cuthbert. The "Cuthbert," a new variety, possesses all the evidence of being a raspberry of decided merit. It is of good size, excellent quality, the one a strong grower, abundant bearing and perfectly healthy without protection, though we have always contended that notwithstanding how hardy a variety may be, it is more productive and of a finer quality by being pruned in the fall and laid down and covered through the winter.

- BLACKBERRIES. 1. Captain Jack; 2. South Boyden; 3. Sharpless; 4. James Vick. New kinds of strawberries are constantly appearing, and we would name half a dozen but that we know of no improvement on the foregoing, which, it will be seen, includes the "James Vick," a variety of a single plant which was found in a garden near Miller, who, in a somewhat similar way, discovered a single plant of the famous strawberry, "Captain Jack," and from a single one of these has been propagated to supply all the great demands for them. These are good enough until better turn up, which we should not be slow in announcing.

- CURRENTS. 1. Red Dutch; 2. Red Cherry; 3. Red Versailles; 4. White Grape; 5. Black Naples. GOOSEBERRIES. 1. Houghton; 2. Downing. These are the two best gooseberries grown in this country for general use, so far as we know. They bear every year heavily, are free from insects, and of a fine quality, and are large enough for all practical purposes.

- BLACKBERRIES. 1. New Rochelle; 2. Missouri Cluster; 3. Wilson's Early; 4. Snyder. It is better that those who intend to cultivate fruit and have to make purchases, should take this list with them to the nursery, and adhere to it as far as possible, except in special cases in which their own individual wishes may be better satisfied. In selecting fruit trees, or any others, be careful to choose those with smooth, healthy-looking bark, have entirely shed their leaves, and have plenty of small fibrous roots. Trees on which the leaves remain at front sets in, and stick to the branches in the spring, may be regarded as not healthy, and in some way lacking stamina.

- A Paper Not to Be Ashamed of. From the Altoona Times. The Lancaster INTELLIGENCER felicitates itself on the fact that Saturday's issue of that paper is one not to be ashamed of. It would be a Philadelphia paper, to say nothing of the rest of mankind, to find any issue of the INTELLIGENCER which as a whole its able editors have any reason to be ashamed of. Why, then, particularize?

- IN REMORANCE. GORNER W. WICKLISS. Another noble son from us has gone. Beyond our storm and strife; The strenuous battle done, the victory won, Into a larger life. Ours is the loss, the seething void, the pain, Who stay behind him here, His is the vast reward, the peace, the gain, Beyond this mortal sphere.

- A grand, pure life he lived; nothing of mean or low he thought or did. In his large nature, open and serene, No envious thought he hid. Duty his captain was, through life's stern fight; Its sole command he knew. Nought for himself he craved, but all for right; A soldier brave and true.

- And trust and cold praise and blame, silent he held, and all serene, Secure that Justice, slow however it came, At last its word would say. Rest, then, brave soldier! Rest in peace, dear friend. This world's reward is nought; 'Tis but God's reward: Faithful to the end in word and act and thought.

- Repairing carefully and promptly made.

NOTE.—Be suspicious of persons who recommend articles of cheap, low quality, and take nothing else but Dr. Bull's Cough Syrup. A party took his dog for a horse, and brought all over. A bottle of Salvation Oil, costing 25 cents, was used, but is now valued at no hundred dollars.

Our Mary Ann was cured of cough by Red Star Cough Cure. Only a quarter. No opiates.

Something new is Dr. HASK'S Peppermint Lotion to relieve hoarseness. It relieves all itching and is harmless. Price, 25 cents.

Parents remember Dr. HASK'S Cough and Croup Remedy relieves inflammation of the throat and tubes of the lungs and eases cough and croup. Price, 25 cents.

Your Friends Will Never Tell You. Just perhaps somebody, who isn't your friend, will tell you your presence is rendered offensive by the fact that you are suffering from a cough. You utter though it be the very echo of wisdom and poetry, dignify your hearers, and your words are intended to restore this coughing offense. Dr. Sage's Catarrh Remedy will heal the throat and lungs, and restore the voice to you and yourself and others. Do not hesitate to try it.

J. P. MORAN, Cashier of the Girard House, Philadelphia, Pa., writes, November 27, 1884: "For the past twelve years I have been suffering with a cough, which has been attended by a physician. Having been recommended, about five years ago, to try Alcock's Pectoral Plaster, I did so, and was more than satisfied at the result. I found almost instant relief on its application. I wear one constantly now, and would not be without them. I consider them invaluable."

Physicians Have Found Out. That a catarrh, and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive subcutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous, chalky deposit which produces stiffness and pain. It is a duty you owe, not only to yourself, but to your family, to try Dr. Sage's Catarrh Remedy. It will heal the throat and lungs, and restore the voice to you and yourself and others. Do not hesitate to try it.

Curious to think that desks and chairs kill people, but they do. Taken in large quantities, office furniture is fatal as yellow fever. We should select the following for our own planting, nearly all of which we have grown more or less successfully:

STANDARD PEARS. 1. Giffard; 2. Doyenne d'Eté; 3. Early Catherine; 4. Bloodgood; 5. Summer Juliette; 6. Tyson; 7. Brandywine; 8. Bartlett; 9. Belle Lorraine; 10. Manning Elmsholt; 11. Seckel; 12. The King; 13. Lawrence; 14. Reading; 15. Kieffer.

APPLES. 1. Maiden's Blush; 2. Baldwin; 3. Smokehouse; 4. Northern Spy; 5. Liberty; 6. Fallwater; 7. Cornell's Fancy; 8. Red Astrachan; 9. Wagener; 10. Porter; 11. Gravenstein; 12. Tompkin's King; 13. Roxbury Russet.

GRAPE. 1. Telegraph; 2. Concord; 3. Hartford; 4. Clinton; 5. Salem; 6. Rogers; No. 32; 7. Brighton; 8. Fremont; 9. Foxkilling; 10. Creveling.

CHERRIES. 1. May Bigarreau; 2. Belle de Choisy; 3. Black Tartarian; 4. Black Eagle; 5. Black Hawk; 6. Elton; 7. Downer's Late; 8. Early Richmond; 9. Early Purple Gages; 10. Delectable.

STRAWBERRIES. 1. Hornet; 2. Herbine; 3. Brandywine; 4. Cuthbert.

BLACKBERRIES. 1. New Rochelle; 2. Missouri Cluster; 3. Wilson's Early; 4. Snyder.

GOOSEBERRIES. 1. Houghton; 2. Downing.
