Bunaway Causes a Flurry.

Bunaway Causes a Flurry. A very exciting runaway accident occurred yesterday afternoon on North Third street. Isaac Overholtzer was driving out this street when the horse became frightened at some unknown cause and ran at a rapid gait. The driver attempted to stop the animal but it was beyond his control. The buggy struck the lime box in front of C. C. Furguson's new house and was overturned, throwing Overholtzer to the ground. The buggy was dragged across the street when it struck an electric light pole and the shafts were torn off. The horse, now thoroughly excited, ran out Third street very rapidly with the shafts hanging to him. The horse was captured on the Marietta pike and was not injured. When Overholtzer was thrown out the buggy ran over him, but he was not hurt stall. The buggy is somewhat damaged by the mishap, but can be repaired. ALL ABOUT THE BABY.

It Was Given by an Unknown Woman to Stage Driver and Causes Much Embarrassment.

NEW HOLLAND, April 16,-As the New Holland stage was preparing to start on Monday afternoon, an unknown woman gave Mr. Kutz, the driver, a little girl about three years old and told him to leave it out at Batten's, at Bareville, and she paid its fare that far. When the stage arrived at Batten's they would not receive the child. Kurt not knowing what to do took the child down to Dave Bair's hotel and left it there and the next morning Bair sent the little one to a neighbor by the name of Hess. Now Hess don't want the child and they desired the stage driver to take it back again. Mr. Musser Ranck, who was driving stage at the time, refused to take it back as he did not know what to do with it. Now Hess has the child but don't want it and don't know what to do with it. What will become of it no one knows.

OTHER NOTES. On Monday morning Mr. John Raland of this place started for Fort Scott, Kansas. He is going out to work for Mr. L. L. Bush, who has a contract for a railroad there.

green and the wheat crop looks very promising.

We had a very disgraceful fight on our streets last Thursday evening between two girls; one who now lives in this town and the other one formely of this place who is visiting her mother and claims to be from New York. The language the latter used was dreadful. It did not end in talking as she slapped the other one in the tace and the other slapped back. It looked for a while as though there would be a regular fight but they got quieted down and went home.

Arbor Day in Ephrata.

EPHRATA, April 16,-The Ephrata prim ary school, F. S. Klinger, teacher, celebrated Arbor Day Thursday afternoon. The fol-lowing is the order of the exercises: Reading of Gov. Pattison's Arbor Day proclamation by H. E. Gehman; prayer by Rev. L. R. Kramer; planting of the tree by commit-Kramer; planting of the tree by committee; naming of the tree Dr. J. P. Wickersham by F. S. Klinger; short addresses by Rev. L. R. Kramer, Mr. Jacob Gorgas, secretary of the Ephrata school board, H. E. Gehman, teacher of Ephrata secondary school and Drs. Hertz and Mentzer. The exercises were interspersed with music by the Ephrata primary and secondary schools. This was the first celebration of the kind ever held at Ephrata, and the statement can be made with certain correctness that the children have rarely enjoyed such a pleasant school day. The pupils were much interested in the proper observance of the day, and entered in the exercises with much enthusiasm.

The Salvation Army, Ob. Captain Duffin, of the Salvation Army, re ports that he has not secured a barracks, but expects to in the course of a couple of days. The captain had several Salvation Army visitors this morning and they walked around town; they attracted a great deal of attention. The quee: -ihaped caps gave them the appear-ance of a German band. Among the strangers is Daniel Barker, otherwise known as "Daniel the Prophet." Daniel is shaped very much like the fire plug at the INTELLI-GENCEE corner, being only a couple of feet high. He halls from New York, but is now saving souls in Columbia. Another stranger is Charles Baltz, of Lebanon, now at Manheim, and Captain Duffin's son William.

The first witness called was William D.

Sprecher and he testified as follows: "I am acquainted with the Demuth property and have known it for 40 years; I would consider the ground to be taken worth from \$14,500 to \$15,000, and the buildings at from \$6,000 to \$6,500; I would be bidder, if the property was offered for sale, at nearly that figure; the property on the north owned by J. L. Steinmetz, would be benefitted about \$6,000 when the street is opened and the Deichler prop-

metz, would be benefitted about \$3,000 when the street is opened and the Deichler prop-erty would be benefitted about \$3,000." Mr. Reynolds, of counsel for the street, said the viewers could only take into considera-tion the advantages or disadvantages to the owners of the property, by the opening and could not inquire whether adjoining prop-erty owned by other parties would be bene-fitted or not, as no damages could be assessed

The viewers said the question as to the benefitting of adjoining property had only been asked for their own information.

John Charles testified as follows: "I have known the Demuth property for 40 years and would value it at \$25,000."
Frank Pfeiffer: "I know the property since it has been a store: I would consider it worth \$20,000; the building worth \$6,000.
This was all the testimony submitted by

The viewers then called Edward Wiley, who owns a property on North Queen street, near the Demuth property. He testi-fied that the property was worth \$1,000 per foot or \$19,333; the buildings he estimated were worth \$6,000; the Steinmetz property would be benefitted by the opening but it would not add much to the value of the would not add much to the value of the Deichler property, as he has a frontage of only 19 feet. The viewers said they desired to examine

other witnesses as to the value of the property and in order to give them time to subena the witnesses, they adjourned until A. C. Kepler testified that the ground was worth \$650 per foot, or a total of \$12,566. The buildings he estimated at \$4,500. John D. Skiles thought the ground was

worth \$700 per foot, and the buildings \$4,000, a total of \$17,530. a total of \$17,533, John R. Bitner thought the ground was worth \$800 per foot or \$14,333. He did not know enough of the buildings to make an estimate of their value.

John A. Burger was of opinion that it would cost \$8,000 to put up buildings similar.

to those now erected.

Fred Hoefel testified that the buildings are worth between \$8,000 and \$0,000.

Walter M. Franklin testified that he had sold a property this spring in the neighborhood, 2814 feet front, for \$22,000. The buildings were worth \$0,000 leaving the land worth \$5,000 leaving the land worth \$5,000 leaving the land worth owned by Demuth was worth over \$600. At the conclusion of the testimony the viewers held a consultation and were considering the amount of damages to when we went to press.
