When a lad of tender years he came with his parents to this town where he has, with his parents to this town where he has, with only brief intervals of absence, lived ever since. He was educated at Mt. St. Mary's college, Emmittsburg, Md., and his first business vesture was with his father in the building of the Mahanoy tunnel in Schuylkill county. Thence he went on the Western Maryland railroad, having a contract for a portion of its construction. He was next associated with George K. Reed and Thomas Baumgardner in the building of the Junction road from Breakwater to Lewes, Delaware, through the peach-growing district of that state. This road was afterwards sold to the Old Dominion Steamship company. sold to the Old Dominion Steamship company. Following this he helped to build the original Shenandoah Valley railroad, and was iged a few years ago in contract work for the Shenandoah company under its new management. The other contracts with which he was more recently connected were with the Delaware & Bound Brook, Pittsburg & the Delaware & Bound Brook, Phistolical Lake Eric and the South Pennsylvania com panies, continuing with the latter until the work was stopped. The deceased was a warm-hearted gentle-

man, whose genial manners gained for him a wide circle of friends who will grieve shcerely over his untimely demiss. A loving husband and most indulgent father, he will be sorely missed by the widow and three children, two daughters and a son, who sur-

THE ACCUSED PISHERMEN. mber of Them Armigned and Their

Attorney General, This morning was the time set for the first hearing before Alderman Spurrier, of per-sons charged with violating the fish laws in different streams of the county. The cases of Constable Wiggins, of West Lampeter, and others, were to have been heard first. At half-past ten o'clock the alderman's office was crowded with people; most of them were from the Lampeters and Pequea townships, and all were greatly interested in the

ships, and all were greatly interested in the cases. The defendants were represented by J. Hay Brown and Philip D. Baker, esqs., and the fish wardens by B. Frank Eshleman and S. P. Eby, esqs. The counsel for the defense asked that the cases be continued on the grounds that there is a vast difference of opinion as to what constitute the waters of the commonwealth, and they desire to get the opinion of the allorney. they desire to get the opinion of the attorney general and fish commissioners. The alder-man assented to this; and until this opinion is secured no hearing will be had. All the cases set down for this week were continued. The first hearings will take place on Tuesday, May 25. The following persons, most of whose cases are new, will then be heard: Henry Wertz, Eli Creamer, Henry

heard: Henry Wertz, Eli Creamer, Henry Wertz, jr., Andrew Shaubach, Samuel Shaub, Harvey Haverstick, William Zittle, Jacob Wertz, jr., Benjamin F. Wiggins, Jacob S. Harnish, Andrew Herr, Addison Groff, George Herr, Christian E. Leiever, Benjamin Kauffman and Michael Hoffman. These are all the cases which will be heard upon that day, and the others will be disposed of at a future time not yet set.

The country folks who have been arrested on these charges are very hot over the matter, and many of them will make a light by appealing the cases in case of an adverse de-cision by the alderman. Some of them claim that they had a perfect right to fish in streams such as the Mill and Pequea creeks which run through their properties, and they say the fish wardens have no right to interfere with them. They further say that the whole affair is a scheme of Coxey to make money.

On the other side it is claimed that these farmers have no more right to eatch fish in these streams than they have to violate the game laws upon their own grounds. It is further said that many of the very men who are now charged with catching fish by whole-sale, and otherwise violating the law and are making a great noise, are the readlest to exclude gunners from their properties during the gunning season, and other trespass of sportsmen.

In tearing down the back building con nected with Steinman's hardware store there were found a number of old blotters day ooks and ledgers with entries dated long ago as 1751 and extending to 1769. Mr. Miller is said to have been in the hardware business before the elder Steinman entered it.
