Recent Notes About Town.

Regular Correspondence of INTRILIGENCER. COLUMBIA, May 22. held very interesting exercises in their school room on Friday afternoon, when an admir-ably arranged programme was carried out by the school. An essay by Edgar Hoffer and a recitation by John Miller were well and a recitation by John Miller were well delivered. A chorus by the female portion of the school was very well rendered. The debate on the question "Resolved. That the relief association of the Pennsylvania railroad is beneficial to the employes," brought out many arguments, pro and con. Upon a vote of the school being taken the question was decided in the affirmative by a majority of two votes. The "High School Bell" was a very spicy paper and the articles did credit to the contributors. A spelling bee was an important feature of the occasion. The sides were captained by Alfred Meyers and Percy Wilson, and the participants in the match proved that they were well versed in orthography. The side captained by Percy Wilson won the match,

Company C., of Columbia, returned home at 12:25 a. m. to-day from their trip to Wilkesbarre, where the company participated in the parade of the Ninth regiment. While the company was at Wilkesbarre they were pre-sented with a set of engrossed resolutions by Company C. 13th Regiment, of Scranton. Between these two companies a strong friend-ship exists and at the different encampments the home company has rendered valuable as-sistance to the other company at the time when they had several disabled members. The resolutions are a very fine specimen of penmanship, and are greatly appreciated by the recipients. Town Notes,

FIRE ON NORTH QUEEN STREET. A Slight Blaze That Was Extinguished Without

This morning about 10 o'clock an alarm of fire was struck from box 41, which is located at West Lemon and Market streets. fire was in the house at 408 North Queen street, which is occupied by George H. Richards and owned by Richard J. Me-Grann. There was a large pile of shavings and kindling in the cellar and they took fire from a spark which came from the stove on the first floor, through the flue. There is an arch in the basement, upon which the flue is built, and on the top of the arch is a pipe hole leading into this flue. Mr. Richards and his family know nothing about this hole when the kindling wood was placed under when the kindling wood was placed under it, though the family that previously had oc-cupled the house had a stove under the arch in the basement and on removing left the

ole open.

The department was promptly on hand and the fire was extinguished with a stream from engine No. 4. The house was not damaged by the fire, but the cellar was almost filled with water. Mr. Richards has recently built a very handsome photographic studio in the rear of his residence—a frame structure, of gothic style, elegantly fitted up. The fire was within a few feet of it, but fortunately did not reach it.

Chief Smith arrested Louiss Kampf, at Reading this morning and brought here to this city this afternoon. REPORE THE GREAT BATTLE.

The Latest Advices on the Political Situatio The last general orders were issued by the bosses to the township workers last night. Some of the big bosses went to the Northern district in the interest of Stehman last night and it is now claimed by Stehman's friends that he is safe. The Summy men say their candidate will

go to Columbia with 1,000 majority and that majority cannot be overcome. The Lititz Express says that " a detective has for several days been locating certain well-known politicians in this and adjoining townships. He has some notorious names on his list. What does he want with them?"

Both factions have lots of boodle and will use it freely. It is reported that a large and unexpected contribution was sent yesterday into the Northern district in the interest of Quay's candidate.
