COLUMBIA, Pa., May 27.—Benjamin Austen and George Thompsou, of Harrisburg, the engineer and fireman of engine No. 747, of the Pennsylvania railroad, had complaint entered against them at the office of Squire Evans, by Chief Burgess Jackson, of Columbis, for violation of the borough ordinances regarding the fast running of trains through town. Engine 747, with the cabin car attached, went east through town some days ago at the rate of about thirty miles an car attached, went east through town some days ago at the rate of about thirty miles an hour, which was certainly a very dangerous proceeding against life and property. The squire imposed the fine of \$10 on the men for a violation of the borough laws.

A Descen Wrongs His Niece.

Fall River, Mass., Baptist circles are deeply moved by the alleged baseness of Deacon John B. Brayton, who was until recently connected with one of the Baptist societies The man's wife left Fall River last Christmas on a visit, but before leaving she engaged the daughter of her brother-in-iaw, who resides in Adamsville, R. I., to act as housekeeper in her absence. While his wife was away it is her absence. While his wife was away it is alleged that the deacon seduced his niece, who is 28 years of age and very comely. On her aunt's arrival the young woman returned to her bome, and a few weeks ago it is alleged, confessed the truth to her mother. The latter was overwhelmed with mother. The latter was overwhelmed with grief at her daughter's degradation, and bitterly assailed the uncle for the crime. The facts reached the ears of his fellow deacons, who called a meeting on last Thursday night. Realizing that he was to be expelled, Deacon Brayton tendered his resignation, but the board refused to accept it, and unanimously voted to expel him. He was one of the leaders in the Baptist troubles here a few years ago, and violently denounced the other descons for their alleged irreligion and intriguing.

Not McGowan, But Eaby Was Chosen The vice president of the board of the return judges, Percy P. Schock, of Marietta, turn judges, Percy P. Schock, of Marietta, has in conjunction with others made a recount of the votes cast for representative delegate in the Southern district. It was stated that Thomas McGowan received 2,148 votes and Jason K. Eaby 2,112 votes. It turns out that McGowan's vote was counted 100 greater than it should have been, his proper figures being 2,048. This elects Eaby. The mistake was made by the taily clerks. Republican primary clerks seem to need a course in primary arithmetic.

The Sunday school connected with Olivet Baptist church, had an ice cream festival in their rooms in Y. M. C. A. hall, last evening. There was a very a large attendance of children, teachers, and other friends of the schools, all of whom enjoyed themselves heartily on the cream, cakes and other good things with which the tables were spread. A handsome sum of money was realized for the benefit of the school, an admission fee of 15 cents being charged, which included one plate of ice cream.

Fortunately we purchased a line of China Mat tings before the recent advance in prices of these goods, and we are now selling them at prices ranging lower than they were last sea-son. Within the past month China Mattings have advanced in the wholesale market from 10 have advanced in the wholesale market from he to 25 per cent. The quality of Mattings this sea-son are lar superior to those manufactured last season, and the designs are better, one pattern especially, called the "Carpet Design" is ad-mired by all who have seen it and will be the intred by all who have seen it and will be the leading pattern for this season. White and Col-ored Mattings in all qualities, from 125c. a yard up, and an elegant assortment of new colorings at 25c. a yard. CORTICENES,

LINOLEUMS, OIL CLOTHS.

(IN BASEMENT.)

A known fact is that Corticenes will stand double the wear of a Linoleum, and a Linoleum double the wear of an Oil Cloth. We have these three makes and it is a matter for yourself which three makes and it is a matter for yourself which kind to purchase. Of course the Oil Cloth is the lowest in price and we are selling them from 20 to 50c. a square yard. Linoleum ranges at dou-ble the price and Corticene still higher. A year ago we laid a Corticene in the entrance to the opera house. After the rough usage it has re-ceived during the year it is at present not in the least affected by wear and as bright as when laid.
