AN ATTACK ON DRUG STORES.

Mr. Bradley's Charges Against the Pharmacies of Ocean Grove and Asbury Park.

James A. Bradley, the founder of Ocean Grove, N. J., has caused great excitement by there and at Asbury Park. In the circular, " Heretofore among other things, he says : I have attacked only one phase of the damnable character of the Asbury the damnable character of the Asbury
Park drug stores, but I now charge
against some of the drug stores
other crimes than the illegal sale of
liquors. Is selling liquor and gambling the
only crimes I charge against the Asbury
Park druggists? I answer emphatically:
No! These drug stores are a menace to
households that contain young daughters,
who may be lured to destruction because of
their existence in our midst. While investicating the doings of drug stores last fall I was who may be lated to describe the described the rexistence in our midst. While investigating the doings of drug stores last fail I was informed by a minister of an infamous proceeding that took place last summer in one of these 'pharmacies' of Asbury Park. Some of our drug stores are managed by men whose chief thoughts and conversations with their cronies are of a laservious character, and the business is prostituted to the meanest ends." Mr. Bradley makes further charges of a serious character. He calls the drug stores, "with a few honorable exceptions," dens of iniquity, and demands that the proprietors be driven out. No druggist is named. It is said the druggists will meet and demand an instant retraction.

Mr. Bradley left Asbury Park on the 9:40 train on Wednesday night for New York. He will sail for Europe on the Cunard steam.

He will sail for Europe on the Cunard steam er Umbria to-day, and will be gone between three and tour months.

Remarkble Longevity. From the Philadelphia Ledger.

During the first six months of this year the local deaths announced in the obituary columns of the Public Ledger of persons who had lived to or beyond the advanced age of eighty years, numbered 44s, of whom 173 were men and 275 were women. From the St. Alban's Messerger. It was a Montpelier "character" who, years ago, while at the railroad station when a young man came in just too late for the train and began jawing about it, said to the selated youth: "Young man, when you ain't here they run the railroad train by that clock [pointing to the timepiece] up

"Said Aaron to Moses
Let's cut off our noses."

Aaron must have been a sufferer from catarrh. The desperation which catarrh produces is often sufficient to make people say and do rash things and many continue suffering just as if no such cure as Dr. Sage's Catarrh Remedy existed. It cures every case from the simplest to the most complicated, and all the consequences of catarrh. A person once cured by Dr. Sage's Catarrh Remedy will not be apt to take cold again as it leaves the mucous membrane healthy and strong. By druggists.

CUTICURA REMEDIES.

A LITTLE SUFFERER Cleansed, Purified and Beautified by the Cuticura Remedies.

It affords me pleasure to give you this report of the cure of our little grandchild by your Curreura Errators. When six months old his left hand began to swell and had every appearance of a large boil. We poulited it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive? His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old, when I undertook the care of him, his mother having died when he was a litle more than a year old, of consumption (scrofula of course). He sould walk a little, but could not get up if he fell down, and could not move when in bed, having no use of his hands, I immediately commenced with the Curicura Soar freely, and when he had taken one bottle of the Curicura, a Rassoura, the head was completely cured, and he was improved in everyway. We were very much encouraged, and continued the use of the Eemedles for a year and a haif. One sore after another healed, a bony matter forming in each one of these five deep ones just before healing, which would finally grow loose and were taken out; then they would heat rapidly. One of these ugly bone formations I preserved. After taking a dozen and a haif bottles he was completely cured, and is now, at the scars on his hands must always remain; his class of six years, a strong and healthy child. The scars on his hands must always remain; his scars on his hands are strong, though we once feare
