Accidents of the Fourth. Frank Michael, an eight-year-old son of Frank D. Michael, living on Third street, was shooting off fire crackers, on Monday afternoon. The boy held a "hisser" in his hand and received the force of the powder in his face. He was severely burned about the eyes. Dr. Livingston attended the injuries, and is of the opinion that the sight is not destroyed by the powder.

Wanted a Marriage License.

He said he was from Ephrata, as he stepped to the desk of the clerk of the orphans' court on Saturday and asked for a marriage license. The obliging clerk procured the necmeary blanks and all the questions were answered satisfactorily except the last, and in reply to that one he said his intended had been married before and her husband was living. The clerk told him he could not issue a license, unless there has been living. The clerk told him he could not issue a license, unless there had been a divorce. The Ephrata man said she was not divorced, but that she did not care any longer for her husband. She liked him much better and wanted to marry him. The clerk explained to him that the woman would be guilty of bigamy if she married while her husband was living. This was a poser for the Ephrata man, and he then wanted to know whether he could not get married without a license. He was told not in Peunsylvania or any other place legally under the circumstances, and he left the office a saily disappointed man.

THE POBACCO MARKET. Unabated Demand for the Old Lancast

The demand for old Lancaster county tobacco continues unabated and about 500 cases of 1882 and 1883 leaf went to Eastern markets during the past week. The prices paid were not high, as most of the stock was ntended to be used as fillers and binders for the better class of domestic eigars covered with Sumatra wrappers. If the holders of old leaf did not demand higher prices than

old leaf did not demand higher prices than jobbers and manufacturers are willing to pay, the warehouses here would soon be emptied of their old stock.

We hear also of the sale of 150 cases of '85 Havana seed grown in this county. The sampling of thiscrop has not yet fairly begun, but that part which has been sampled is turning out remarkably well—the colors being of the right kind, the texture fine and clossy, and the smoking quality quite superbeing of the right kind, the texture une glossy, and the smoking quality quite supe rior. There is money in it for the holders. rior. There is money in it for the holders.

The new crop, under the influence of glorious summer weather, is growing finely, and
we hear of but little complaint of insect depredations. Some of the early plantest patches
have already been topped. Should no unforeseen calamity befall it a very large
and excellent crop of tobacco will be harvested in this and adjoining counties. The
only complaint we have heard from dealers
is that two large a proportion of the crop is is that two large a proportion of the crop is seed leaf. They say that the demand is for very fine looking cigars, and that seed leaf wrappers will not fill the bill, and they will

have to be sold at filler and binder prices. The New York Market. The New York seed leaf market has again seen active. The Tobacco Leaf reports the sale of 3,269 cases, of which 650 cases were Pennsylvania '83 and '85.

The Tobacco Journal says the leaf market seems to have assumed a stability, the like of which had almost escaped the memory of the 'oldest' 'dealers. Of the sates made this week old Pennsylvania and Wisconsin were most prominent. As usual this time of the year, manufacturers show more interest for old tobaccos than for new by securing a certain quantity of old.

Celebrated His First Mass Sunday was a gala day at St. Joseph's

The celebrant was Father Frederick Kirchner, who was ordained on Corpus Christi at St. Vincent's Abbey, in North Carolins, as a Benedictine father, and who will betteeforth be known as Father Roman. Nine o'clock was the hour designated for the mass, but long before that time the church was crowded. St. Peter's time the church was crowded. A Young Man Swallows an Ounce and a Half of Laudannm. On Saturday evening a few minutes after the Harrisburg Express west left the Pennsvivania railroad depot, John Rutter, young man 28 years old, attempted to take his life. While standing near the steps leading to the tower, he pulled from his pocket a small bottle, quickly swallowed the contents and then threw the bottle away. He turned to a gentleman, who was standing by, and asked him how he could get to the hospital, as he had taken a dose of poison. Officer Heiss, who was on duty in the neighborhood, was summoned and he took man to the station house. Dr. Stewart, the station house physician, was summoned and was soon on hand. After working several hours with Rutter, he pronounced him out of danger. The doctor says the man swallowed an ounce and a half of the deadly

drug. Rutter was not disposed to be very commo nicative on Saturday night but on Sunday he talked treely to a representative of the INTELLIGENCER. He said that he was a son of Emanuel Rutter, who lived near Intercourse, that his parents were dead and for the last two years he has lived at Landisville. It was further learned from him that he is married but for some years he has not lived with his wife and it was on account of a woman that he took the drug. Since he has lived at Lan-dusville he made the acquaintance of Lizzi-Harry, who is a married woman, but whose Harry, who is a married woman, but whose nusband left her some time ago and is now living in Kansas. Lizzie's triends learned recently that Rutter was a married man and to break off the intimacy between them they threatened to prosecute him. This made him desperate and he concluded to take his lite. He said after thinking over the matter that he made a mistake in doing so and he would never make another attempt.
