Where Was the Red Light? Where Was the Red Light?
Last night a gentleman who had occasion to travel along new Second street, met with a very unpleasant experience. Sand, lime, and other building materials had been placed about the street and no red light was expended to give people warning of the block-ade. The gentleman happened to fall finto a ditch, not very deep, and floundered about the place for some time before he could find his way to his destination. An ordinance of the borough calls for a red light to be exposed whenever building materials are placed in the street.

For some time past a lot of colored boot-blacks have gathered about the station of the Reading & Columbia railroad, especially the arrival of trains, and are a great an-e to passengers and employee about ea. Officer Hoffman arrested Willie noyance to passengers and employee about the place. Officer Hoffman arrested Willie Burrella, one of the number, yesterday, and took him before Squire Evans. ### TWO DRIVING ACCIDENTS.

Doctor and His Son Injured-A Drag and On Saturday evening and Sunday there was a report in this city that Dr. H. E. Musser of Witmer's Station, had been killed by the ran that Dr. Miller was the victim and he had been killed about noon by the cars. Late Monday afternoon this story went around the city at lightning speed and nearly everybody but the reporters believed it. The two stories seem to have originated from an accident which occurred to Dr. Musser at Bird-in-Hand on Saturday evening. He stopped at the railroad track while a train was crossing the railroad track while a train was crossing and just as it passed another came dashing by, going in an opposite direction. The train came so suddenly that the doctor's horse became frightened and turned suddenly around. The buggy was upset and the doctor and his little son, who was with him, were thrown out. The former had his wrist sprained and was considerably cut and bruised. The little boy was badly cut about the face. The story about Dr. Miller arose from the fact that some one said a Bird-in-Hand doctor had been killed.

This forenoon Silas Wright, W. C. Armstrong, and Sam'l McDowell, who are in town attending the far, started with a driver to go to McGrann's park. They had two horses and a drag belonging to Cyrus Colvin. They drove out Chestnut street and attempted to cross the street car track on Duke street. The cars going to the park run very fast at this

cross the street car track on Duke street. The cars going to the park run very fast at this point, in order to get up the grade leading to the railroad bridge. Just as the drag got on the track the horses of a street car ran into it. A wheel was broken from the vehicle and the occupants fell to the ground. Mr. Wright had one arm severely injured, although it is not broken, and he was considerably cut about the lace. Mr. Armstrong was also cut and bruised, while McDowell's injuries did not amount to a great deal.
