In traveling the district of Essen, on the Ruhr, in Germany, may be seen the largest iron and gun foundry in the world : these works have been established and are carried on mainly through the energy and ambition of one man, and that man is Alfred Krupp. The immensity of these works can only be realized by the fact that over sixty-five thourealized by the fact that over sixty-five thousands of reople are supported through them, twenty thousand of these finding employment in the works. It is the largest business establishment in the world dependent on and through the instrumentality of one individual. Mr. Alfred Krupp was bern in the year 1813, and left fatherless at the tender age of fourteen. His mother undertook the control of a small iron forge, which had been left by her husband, and maintained it as a source of liveliband, and maintained it as a source of liveli-hood and support for herself and only child. To this business the young Alfrei succeeded, and has raised therefrom the great Krupp works, which cover an area of more than five hundred acres. Alfred Krupp received a good education, and soon after began his con-nection with the iron works. He jappited himself diligently to the work before him, himself diligently to the work before him, as the had to contend in the off-start with more debts than fortune. With the growth and success of the works Mr. Krupp has erected small colonies, stores, churches, hospitals, schools, etc., for his employes. The Krupp gun is world-famed; there was a spiendid exhibition of Krupp guns and cannon at the American Centennial celebration in Philadelphia in 1876. Mr. Krupp allows no visits to his works, and it is only an exceptional case where one is allowed to enter. no visits to his works, and it is only an ex-ceptional case where one is allowed to enter. When Emperor William visited the works in 1877, Mr. Krupp had the productions of that day set before him for inspection, which amounted to 1,800 rails, 160 wheel tires, 120 axies, 160 wheels, 430 railway wedges, 1,000 bomb shella. The small residence where Mr. Krupp was born, is still standing in the town of Essen, and to compare it with the reslace of Essen, and to compare it with the palace in which he now resides, is indeed, to compare a mountain to a mole hill.

Many vain attempts are made to repeat the remarkable success of Benson's Capetne Plaster, his splendid remedy is known, sold and used ois spiendid remedy is known, sold and used everywhere, and its prompt action and unrivalled curative powers have won for it hosts of friends. Initiations have sprung up under similar sounding names, such as "Capsicin," "Capsicum," cic., intended to deceive the careless and unwary. These articles possess none of the virtues of the genuine. Therefore we hope the people will assist us to protect what are at once their interests and ours. Ask for Benson's Plaster, and examine what is given you, and make sure that the word "Capcine" is cut in the middle of the plaster itself, and the "Three Seals" trade-mark to on the face cloth. TIRED OUT!

At this season nearly every one needs to use some sort of tonic. IRON enters into almost every physician's prescription for those who need building up.

Physicians and Druggists Recommend

BROWN'S

IRON BITTERS

AS THE BEST TONIC.

For Weakness, Lassitude, Lack of Energy, Etc., it Has No EQUAL, and is the only fron medicine that is not injurious. It Enriches the Blood, Invigorates the System, Restores Appetite, Aids Digestion. It does not blacken or injure the teeth, cause bescache or produce constitution—as other medicines do.

Da. G. H. Binkley, a leading physician of Springfield, Ohio, says: "Brown's Iron Bitters is a thoroughly good medicine. I use it in my practice, and find its action excels all other forms of Iron. In weakness, or a low condition of the system, Brown's Iron Bitters is usually a positive necessity. It is all that is claimed for it. Da. W. N. Warknes, 1210 Thirty-second Street, Georgetown, D. C., says: "Brown's Iron Bitters is the Tonic of the age. Nothing better. It creates appetite, gives strength and improves digestion."

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mindone or more, and semetimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force and breaks up the most robust of constitutions, ignored, because but little understood, by most physicians, impotently assailed by quacks and chariatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of first karnal. Cust has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, secering, sauffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing ning and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smeil, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.
