AR OFFICER USAS HIS BLACKJACK Provent a Drunken Peddler From Injuring

Officers Beechler and Leman were reing from the country on Tuesday afterwhere they had been subpossing wit-in the Rote-Gerlitzki cases and when East King street, near Shippen, they saw two men who were very drunk. Officer Beschler got out of the vehicle and arrested m. One of them, Martin Tuitt, a peddler, isted, and Officer Leaman went to his asthem. One of them, Martin Tuitt, a peddler, resisted, and Officer Leaman went to his assistance. He took hold of Tuitt and while taking him to the station house Tuitt resisted the officer, struck him, tore his watch chain, and tried to bite him. The officer tried to get him to go along quietly but was unsuccessful and finally to protect himself he was obliged to use his blackjack. He struck Tuitt a couple of times with it; that did not appear to do any good for he still resisted, until Officer Lewan's assistance, when he went quietly along. Tuitt was taken before the mayor this morning and after the officer testified to the above facts the mayor asked him what he had to say, and he replied that all the officer said was true, that he got into bad company yesterday and drank more than he should. He begged to be let off on the payment of costs, but the mayor considered him a fit subject for the county jall and he committed him to that institution for ten days. While in the station house last night Tuitt was very disorderly and broke several tineups which were given to him filted with water.

Tuitt was annoying a number of the 'residents of East King street yesterday. He cotensibly peddies notions, but he and his wife pay more attention to drinking rum than working, and have figured trequently in police courts. Tuitt was not injured by

n working, and have figured frequently police courts. Tuitt was not injured by officer, although the skin was cut on his head and he bled freely.

Four Reasons Why We Favor

Early Closing. Equality,

> Justice, Fraternity

EQUALITY.

All wage workers should be equal and not be expected to labor over 10 hours per day. Those who are from circumstances compelled to labor beyond this limit are not in the strict sense of the word on an Equality with their fellow workers, and it is only

JUSTICE to the families of over-tasked working-men

and women to favor any movement that will give them shorter hours of labor, by which means giving them the opportunity to spend pleasant evenings in the family circle or FRATERNALLY

to form themselves into improvement associations, where they can meet not only their Companions, but Employers and Friends, and so form Fraternal Acquaintances that would lead to life-long Friendship bound by .

TRUTH

to one another, thus making it much easier and pleasanter to transact business. More will be accomplished in a shorter space of time and at less expense to all concerned. Confidence will be established upon a firm foundation, buyers and sellers will deal less suspiciously, and the men and women will be respected for their Equality, Justice, Fraternity and Truth. These are our primary Reasons for Advocating the Early Closing Movement.
