rom the West Chester Republican.
William Fisher, watchman at Westlow

William Fisher, watchman at Westlown boarding school, is a curiosity in his way. He is sixty-eight years of age, and solemnly avers that he has not slept a wink for the past six years. Inquiries and investigations that have been made, lead to the belief that what he says is true. He lies down to rest, but never closes his eyes in sleep. He says that some years ago he was hurt and his nervous system was affected. After that he could sleep but for about a half hour at a time. He was hurt on two occasions after that, though but slightly, and sleep entirely forsook the eyelids. He is a healthy man and has never been sick a day in his life. He is known to work about the place all day, and watches all nightly rest-

ing but a short time between whiles.
