A Chance For Lancaster's Board of Trade. It was rumored in Jersey City Monday that the J. R. Thompson Street company, which employs about 200 men in its works, covering two blocks at the foot of Warren street, in that city, had decided to remove its plant to Pennsylvania. The reason given for the removal was a desire to reduce the for the removal was a desire to reduce the cost of production by saving in the cost of coal and freight. It was said that the removal had been fixed for next March, and that all of the company's present force who desired to remain in their service would have their expenses of moving. On inquiry at the company's effice, Mr. Thompson being absent, the bookkeeper said, that "while the advisability of moving the plant to Penn. advisability of moving the plant to Pennsylvania had been discussed by the firm,
nothing had as yet been definitely decided." He "declined to say where the
plant would be located if the removal was
decided upon, but several locations had been
considered."

Why Democrats Rejoice.

From the New York World The Republicans have almost jost control of the Senate. The defection of Riddleberger, of which there were many symptoms last winter, and the independence of Van Wyck would, with the probable gains of the Democrats in California, Indiana and New Jersey, destroy the Republican supremacy in the destroy the Republican supremacy in the upper House. The Republican majority of 41,500 for Blaine is wiped out in Minnesota. The majority in Ohlo is less than 12,000, a loss of 6,000 from last year. In Massachnsetts the Republican majority is reduced one-half and the Democrats gain two congressmen. Colorado is lest in spite of the Republican boodie. And in New York the Republicans failed to elect the best candidate they have nominated for any office in a long time—thus losing the stats four times in succession.

All For Charity.

On Monday Daniel E. Mayer, on behalf of the Hebrew congregation of this city, gave Mayor Morton 225 for the soup fund. He also gave 225 to the Dorcas access, 225 to the Ladies Benevolent association. This money is the proceeds of the recent Hebrew charity ball.

The RIVER PALLEY RENISTRATUS.

The Subjects Discussed by Methodist Clergy men at St. Paul's Church. The Chesler Valley Ministerial association made up of pastors of the Methodist church residing in Lancaster county, with a few from Chester county, met statedly at St. Paul's Methodist church on Monday evening. The sermon was preached by Rev. J. W. Bradley, of Gap, to a large congrega

The business sessions were held to-day. The morning session was opened with devotional exercises, after which the pasters submitted reports of the sermons preached by them last Sabbath. The reports showed

that protracted meetings are being held with good results.

The first topic for discussion was, "Wherein lies the secret of the success of the special evangelists ?" The first speaker was Rev. A. Oakes. He stated that churches all made oakes. He stated that controls at made great exertions when evangelists were to conduct services, but that the great success of evangelists was that they were specially adapted for that work. He mentioned Moody, Sam Jones and Thos. Harrison, the boy preacher, as successful evangelists. While they were successful as evangelists, they did not consider that they would be successful as regular pastors.

Rev. Reed said that evangelists as a rule preach to Christians and not to the uncon-

verted and that evangelists will not work in a church unless they have the support of the Christian members. He thought that there should be evangelists in every conference, under the direction of the presiding eider, to be sent to all the courches and not only to the rich churches to gain popularity. The reason for their great success is the methods applied in their work. Another reason for their sucsess is the great simplicity with which they present fundamental truths and doctrines. They preach the common sense view of the way of salvation.

Nev. A. T. Taylor corroborated what the previous speaker said. He believed pastors could secure the same success if they lid the same kind of work as evangelists The trouble as a rule with preachers was that they lacked too much theology. Another drawback is that members of the church too frequently lose faith in their regular minis-

Rev. E. Griffith, of Columbia, delivered Rev. E. Griffith, of Columbia, delivered an address on the duty of the paster to the week. He cuted many verses of scriptures to show that the weak should be cared for spiritually. He classed among the weak the young. He referred to the duties of class leaders and pastors towards the young so they are properly taught the destrines of the Methodist church and when properly instructed they become used market properly instructed they become used in the pastor of structed they become useful members of the church and by their efforts many are brought into the church.

The morning session was closed with the

singing of 'Praise God From Whom All Blessings Flow," The Afternoon S ssion The afternoon session opened with devo-

tional exercises, after which Revs. Coxson, Grav, Dungan and Roads discussed, "What can be done to stir up God's people to the greatest faith?" Rev. Oakes delivered an greatest faint." New, Oakes delivered an address on "Observations Abroad." Rev. Gray discussed the cause and cure of anarchism, and all the members took part in the discussion on the subject, "What is and what should be the relation of the church to the cause of tenerance." the cause of temperance?"

### A STARTLING FACT.

It is not commonly known that a large pro-portion of the theumation and neuralgia extant portion of the theumation and neuralgh extant is traceable directly to the diseased condition or imperfect action of the kidneys and liver; therefore a remedy which three the resulting disease must have tound and amitten tee first cause. Many persons using Athlophorus for rheumatism and neuralgh have been sur prised to find that chronic disorders of the liver and kidneys have also been greatly relieved and and kidneys have also been greatly relieved and they have written for an explanation. The fact is that the remedy sets directly on these organs, cleaning them from all trittating substances and regulating their setion. Taken in connection with Athiophorus Phis, this is, without exception, the most valuable kidney and liver remedy in the world, and will cure a large proportion of those who have these diseases.
