#### A BELL PRESENTATION.

MR. J. P. SERRES LATEST GIFT TO GRACE LUTHERAN CHURCH.

A Memorial to His Son Charles, Who Died 1 Years Ago-Description of the Old Fall and the New-Dedication Services on Thursday-Corner Stone Laying in York

Saturday evening there arrived in this city a large and fine-toned memorial bell, to be placed in the tower of Grace Evangelical Lutheran church, in place of the old historic bell presented to the church three years ago by Mr. J. F. Sener, and broken October 34, 1886, while being rung to call the congrega tion to service.

The new bell weighs 1,757 pounds, and is of elegant shape and finish. It is from the McShane bell foundry of Henry McShane & Co., Baitimore. On one side of it, cast in the metal are the words: "Presented 1886, to Grace Evangelical Lutheran church, by J. Frederick Sener, in loving memory of

his son, Charles M. Sener, born 1857. Died 1869. Venite Adoremus."

On the opposite side of the beil are the names and trade mark of the makers.

To day men are at work making ready to lift the bell into the tower and they expect to have it in place to-morrow. It will be taken on skids in the waterway to the set. taken on skids up the stairway to the gal-lery, and lifted thence into the tower by block and tackie. It will hang in a very strong frame of wood and iron, the frame to rest upon a solid floor in the tower. The rest upon a solid floor in the tower. The bearings upon which the bell is hung consist of a series of steel cylinders so arranged as to reduce the friction to a minimum; and the bell itself can be easily adjusted so that the clapper, instead of constantly striking in the same place, may be made to strike evenly around the interior the bell.

the bell.

The dedication of the new bell will take place on Thursday next, Thanksgiving day, on which occasion there will be a Union ser-vice of the several Lutheran congregations in this city. Reva Houpt, Mayser, Statl, Reed and Fry with their congregations will be present and assist in the services.

HISTORY OF THE OLD BELL.

The old bell, which was cast in England in 1815 and weighs 368 pounds, has been purchased by the Sunday school of Grace church and will be mounted on a pedestal and placed as a precious relic in the Sunday school room. An excellent photograph has been taken of it by George H. Richards, and copies of it will be sold by the Sunday school children to raise money to pay for the relic. On the back of the photographic card is printed a short history of the beil from which it appears that it was cast in England in 1745 by order of Israel Eckerlin, a monastic prior or chief of the temporal affairs of the society of Seventh-day Baptists at Ephrata, this county. Eckerlin took the re-ligious name of "Onisimus," and east in the bell is the legend: "Sub Auspicio Viri Venerandi Onisior. Societ, Ephrat, Prieposili Ao MDCCXLV." (By authority of the ven-erable Onisimus appointed by the Ephrata society A. D. 1745)

Though the bell had been ordered by the

prior, the plain people of Ephrata would not receive it and they proposed on its ar-rival from Palladelphia to break it in pieces and bury it. Better councils prevailed how-ever. It was bought by the congregation of old Trinity church and hauled to Lancaster, placed in the steeple and remained there until 1853 when old Trinity having secured a new chime of bells the old one was sold to God sener for the Washington fire company lieb Sener for the Washington fire company and pisced in the beifry where it continued to sound alarms of fire until 1882, when the volunteer fire department was superseded by the paid department and it was no longer needed. It was then repurchased by Mr. J. F. Sener and presented to Grace Lutheran church as a memorial to his son. It was then inscribed: "Presented 1883 by his father in memory of Charles M. Sener, born 187, died 1852." As above stated, it was cracked Cetober 3, 1886, was taken down, and will

CHARGE OF BANK CARRIERS.

Retirement of Mr. Brown, of the Farmers Bank—Two Changes Caused. At the meeting of the directors of the Farmers' National bank of this city to-day, the resignation of Edward H. Brown

was presented and accepted, and Charles A. Fon Dersmith, of the Fulton national bank, was chosen to succeed him. At the same time the Fulton directors accepted the resignation of Mr. Fon Dersmith and elected John Hertzler to succeed him. He retires with the full confidence of the board whom he has so long and faithfully served. Mr. Fon Dersmith, who succeeds him, is an able financier, who has done much to bring the Fulton bank to its present high efficiency. Mr. Herizier, the new cashier of the Fulton bank, is a most popular and efficient bank officer, and his promotion will give very general satisfaction.

The Story of His Interference in the Chair manship or Mayoralty Untrue. Washington Dispatch to Times.

The statement given in detail in the recent issue of the Philadelphia Press, about a meeting of Randall and the Philadelphia federal officials to displace Hensel with Dalias Sanders and make Colonel Banes the Democratic candidate for mayor, was reemphatic terms. He said that the whole story was absolutely false in every material part, as no such conference was held, and no movement attempted in any way to control

As above stated, it was cracked October 3, 1886, was taken down, and will find a permanent location in the Sunday school of Grace church.

Rev. Dr. Theo. L. Appel, of this city, took part in the dedication of a new beli for the Swartzwald church, in Berks county, on Sunday. He preached at the morning service, and delivered an address in the after. ness of public officers. The paper that gives piace to these reckless statements doubtless fears Colonel Banes as a possible candidate for mayor and hopes to weaken him by mak-

for mayor and hopes to weaken him by making him appear as the candidate of the officials, but if he shall be nominated at all, it will be by the spontaneous action of the party and not by the dictation of any one.

"Equally faise," continued Mr. Randall, "are the statements that Chairman Hensel's inefficiency was conlessed and discussed by me or by any others in my presence, and that Dallas Sanders was selected to succeed Hensel. No such discussion was had and no such proposition made to Sanders. Chair-Hensel. No such discussion was had and no such proposition made to Sanders. Chairman Hensel placed his resignation at the disposal of the Democratic state candidates when they were nominated. He desired to retire, but they refused to relieve him and he called to his aid two of the most trusted personal and political friends of Mr. Wallace. He has always stated that he would not continue as chairman beyond his present term. As to his successor. I have indient term. As to his successor, I have ind ent term. As to his successor, I have indi-cated no preference and have none. I would oppose the selection of any man, even my best friend, if his appointment would not cordially harmonize all the active elements of the party. It is no place for a factionist or for the willing servant of any man or set of men. The chairman must unite the party, not divide it." Mr. Randall is in fairly good health and is giving close attention already to his appro-priation bills.

The Philadelphia Postoffice Approved Postmaster Harrity and Representative Randall had an interview with Postmaster General Vilas Saturday, at which they urged that the recommendations of the inspectors of increases and other changes in the clerical of increases and other changes in the cherical force of the Philadelphia postoffice be carried out. The postmaster general promised to consider the requests. TALKING OF A BUARD OF TRADEFORA THEIVING ROBOUGH.

How Its Population star Increased Sinco 1880 Probably Only Surpassed by Lancaster as a Cattle Market-Ravages by Robbers on Friday Night Last,

ELIZABETHTOWN, Nov. 21. Our pretty little borough of fourteen hundred souls is still moving onward, striving to make things hum. We seem to enjoy peace and plenty, but what is most lacking is enterprise amongst our capitalists. Our town has since 1880 increased in population from 980 to 1,400 which certainly attests how we are growing. which certainly attests how we are growing. Something great would be accomplished if a toard of trade would be organized here. It would tend to bring matters to a more solid basis, invite industrial corporations to erect their plants here, and would also have a tendency to show our capitalists how much more could be done, if their money would be invested in home industry, and not left lie in dormant folds; or, better still, it would then support two banks, which is hard to do at the present time.

The Actors in a Terrible Double Tragedy Chloago on Sunday, A terrible double tragedy occurred in tenement house on North Ashland avenue. Chicago, on Sanday afternoon. Mrs. Emma Smith, 19 years old and only recently married was shot dead by Charles Gregor, a dissipated bar tender, whose advances she refused Gregor committed suicide a moment after his victim breathed her last. Owing to a trivial quarrel William P. Smith, night cashier of a down town restaurant and husband of the dead woman, had, in a moment of passion, left her a lew days ago. She was at once annoyed by Gregor, who lives in the same house, but the woman promptly secured emplyment as waitress and sought a reconciliation with he wattress and sought a reconciliation with her husband. He readily consented and the two spent their time in each other's company. They were in high spirits, and at parting late in the atternoon Smith affectionately kissed his wife good-bye. He had scarcely left the house when Gregor staggered in. The bar ten-der was heavily under the influence of liquor and became enraged upon hearing that Smith and his bride were reunited. He builled a revolver from his peaket and withthat Smith and his bride were reunited. He pulled a revolver from his pocket and without a word of warning shot Mrs. Smith through the heart. She iell to the floor dead, when Gregor, putting the weapon to his own head, stretched himself a corpse less than a yard distant. For more than an hour afterward the scene was a fearful one. #### SEVEN BUILDINGS DESTROYED.

An Early Morning Fire That Could Not He HARRISBURG, Nov. 22 -A most destructive fire occurred at Marysville, a town of about 2,000 inhabitants, situated seven miles west of Harrisburg along the Susque hanna river, at an early hour this morning, destroying seven buildings, including one stable, one hotel, five dwellings and two store rooms. The portion of the village now in ruins covers nearly an acre of ground. There is no fire apparatus in the place and the hand brigade could give little er no assistance towards staying the flames, owing to the inflammable nature of the buildings. Aid was asked of the Harrisburg fire department, which responded by sending an engine and hose carriage. They rendered valuable aid and soon succeeded in having the fire under control. The aggregate loss will be about \$15,000, on which there is but ittle insurance. The fire is thought to be of incendiary origin.

## CLEVELAND VERSUS BLAINE.

Jongressman Springer Thinks They Will Head Tickets in 1888-The Labor Party. HCAGO, Nov. 22.-A Washington s to the News says : Representative Springer, of Illinois, was interviewed last hight regard-ing the national campaign of 1888. He thinks Mr. Cleveland is essentially a candidate. "If there is a Labor candidate for the presidency in 1888," says Mr. Springer, "as is likely, it will disturb all conditions and upset all calculations. Mr. George, being a free trader, would probably attract a large Democratic and small Republican vote, thus placing the straight Democratic candidate under a serious disadvantage. But if Mr. Powderly were nominated, and he seems to be pretty much of a man, he being a protectionist, naturally draw the bulk of his support from the Republican party and defeat the Repub lican candidate for a certainty. There is also the possibility that a strong Labor candidate may carry a state or two which would leave every candidate without an absolute majority of electoral votes and throw the election of a president into the House of Representatives. Mr. Blaine will be the Republican andidate without doubt. He is in the field already and every day he is doing something

Cisco, Texas, Nov. 22.—Something over a year ago the express agent at De Leon, Comanche county, was robbed about dusk in a very daring manner by two men who then mounted horses and started in the direction of this place. No clue was ever obtained as to the identity of the robbers, and if any sus picions as to the perpetrator were entertained they were never made public. Yesterday the writer met a resident of San Antonio named Williamson, who has a cattle ranch in New Mexico from which he has just returned, and was told by him that about three weeks ago two men in his employ engaged in an aftray with Winchesters and one of them named Lawrence was fatally wounded, dying the next day. Before his death Lawrence confessed among a number of misdeeds that he was one of the two who committed the De Leon robbery. Lawrence said that his companion in the robbery, whose name he said was Jackson, was killed about four months ago in Wyoming.
