Rev. Dr. Parker's Advice to Liberal

Rev. Joseph Parker, D. D., paster of the City Temple, London, publishes a letter op-posing the including in the Liberal party posing the including in the Liberal party platform of a plank favoring disestablishment. He says that to advocate disestablishment just now would be suicide for the Liberals. "All the English aristocrats to a man would join the Conservatives," continues the clergyman, and he adds: "Until the whole country is educated to the fact that disestablishment to the church is the same as emangipation is to the slave disestablishment will be impossible. This education cannot be hastened. A party programme which should include at the same time home rule, free education, disestablishment and the dismantling of titanic isandlords would be the sheerest madness. The establishments of tyrannics and monopolies are already dead in argument, and only await the sciemn and inevitable issues of time. To have gained all this should at present satisfy the Liberal teachers. If they insist on having more to-day or to-morrow they will defeat themselves by insisting on what is impossible."

From the N. Y. World. In the library at the Arthur home was the sage of the Senate, Mr. George F. Edmunds, ith a sash of white bunting and an edging of black drawn over his left shoulder. Mr. Blaine, on his way to the second story, front, where the body lay, paused for a moment at the library door.

"There is hardly any use to introduce you two gentlemen, exclaimed Col. McMichael. The Vermont senator advanced in his ge-nial way with extended hand.

"O, no," he said.
"O no; not at all," remarked Mr. Blaine turning his back and walking rapidly away. Those who saw the incident were greatly surprised.

Be On Your Guard.

Benson's Capcine Plasters are widely imitated. That is the fact. Now, why are they imitated? Because they are the only porous plaster in existence that is really trustworthy and valuable. Benson's Plasters are highly and actentifically medicated, and cure in a few hours aliments upon which no others have had any effect whatever. The public are therefore cautioned against plasters bearing the names of "Capstein," "Capsteum," "Capsteine," or "Caputin," which are meant to peas for "Capetne" (please note the difference) and also against plasters bearing the names "Benton's," "Burton's," etc. When buying ask for Benson's Plaster and protect yourself by a personal examination. The genuine has the word "Capcine" out or poroused in the body of the plaster and the "Three Seals "trademark on the lace cloth. Capcine Plasters are widely imita

MUSCULAR RHEUMATISM CURED.

LYNDRUBET, BREGEN CO., N. J., Feb. 19, 1886.

I have been a martyr to rheumatism, which affects me in the back and over each inng. I was struid that I had consumption, but upon examination my lungs were found to be sound. I then ascertained that I was suffering with muscular rheumatism, which was so bad at night that i could not sleep. I used an ALLOUCK'S PLASTER on the small of my back and one under each shoulder blade. I renewed them every five days, and in a month I was entirely well HENRY O. ARCHIBALD.

common porous plasters—which you can get for a song at any of the Cheap John druggists—you have merely thrown away your money, for one Benson's Capcine Plaster is worth them all. The reason is this: Benson's is the only porous plaster in the market that is honestly and skillfully made and scientifically modicated. Others are no more than nominal initiations of Benson's. They are cheap because they possess none of the ingredients which render Benson's valuable. The latter are prompt to act, pleasant to wear, and cure in a few hours aliments which others will not even relieve. Tho public are especially warned against so-called "Capsiein." "Capsicum." "Capsicum." "Capsicum." "Capsicum." "These Seals "trademark, and the word "Capcine" "trademark, and the word "Capcine" "cut in the centre.

Cetarth is inflammation of the nuccus membrane, attended with increased secretics.

Thus catarth may affect the head, throat, stomach, bowels, or any part of the body where the nuccus membrane is found. But catarth of the head is by far the most common, coming on so gradually that often its presche is not suspected till it has obtained a firm sold on its victim. It is caused by a cold, or a succession of colds, combined with Hood's Barsaparilla.
