SWINDLING IN THE COUNTY.

Sharpers With are Successfully Playing the Change " Game on Innocenta.

A pair of "crooks" are now pasturing in the fat places of this county. Several days ago a store in Mt. Joy was visited by a sleeklooking individual who wanted to confuse the clerk in the change of a twenty-dollar bill after he had selected a pair of gloves. The clerk was aware of the game about being played upon him and so discomfitted the undrei that he left without the gloves or the price of them.

On Monday the same party drove to Lititz. Almost every business place in town was visited, where he presented a ten or twenty dollar bill to have it changed. As far as is known only one person admits having been saught, and that was Samuel Delbo, who is out just five dollars through the transaction His plan of operation was the same as at Mt. Joy. He presented a ten dollar bill in pay ment which Delbo changed by giving a five dollar note and four and a half dollars in "Here, I have found a half sliver. dollar," remarked the stranger. "Suppose you let me have the ten-dollar note for the nine and half dollars you gave me and this." Mr. Delbo accommodated the man, handing him the ten dollars. The sharper held the

bill in his hand together with the five dollar note which he should have given to Mr. Delbo, and left, when it took no time for Mr. Delbo to find out that he had been swindied out of five dollars. At the Warwick house he would probably have succeeded, but for the foresight of Daniel Districh, who saw into it at once and cautioned Mr. Carpenter. The party then drove to Manheim, where they tried the same operations, but

failed as far as is known. A party of six left Lititz in quest of the sharpers, reaching Manheim but ten minutes too late to catch them and where all trace were lost.

Telephone messages were sent to Columbia to arrest the party abould they turn up there. Late in the evening a reply was received that a man answering the description given had been arrested, but on proceeding thither next day it was found that they did not have the

right man. Hearing Waised

Anna Miller, charged with being on too in-timate terms with Addison Hambright, waived a hearing at the office of Alderman Fordney, on Thursday afternoon and ertered ball for trial at the April court of quarter sessions. Before the Mayor.

Only three lodgers was the crop of the station house last night. One was disabled and was sent to the almshouse and the re-

maining lodgers were discharged. Remember that to mornow is the las' day o the great clearing sale at Astrich's, No. 13 East Ring street. Take advantage of it.
