A BACHELOR'S REVERIE.

Dreaming, I sat in my easy-chair,
While the log on the embers burned;
And I thought of the bliss of a bachelor's life,
With its freedom from care, and worry, and strife,
And the hours as each day to its close fell.

With a rich relish I looked in the scale
Of the balance my mind had formed
The tortures and trials which fall to the lot
Of the man who jumps into the water when hot,
And finds himself more than warmed.

The great expense came into my mind
In the shape of honeymoon bills;
Of the house to be found, or the flat to be sought,
Of the millions of things that have to be bought,
From sofas and bureaus to pills.

One side of the scale I heaped up full,
Adding many a thought besides
Of the gulf 'twixt marriage and bachelorhood,
As the subject I thought I quite understood,
And the chasm appeared very wide.

When, lo! by a weird strange freak of thought,
Queer changes came over my dream.
A vision of white, with the brown interlaced,
And a glitter of blue could distinctly be traced,
With a shimmer of sparkle and gleam.

Fondly I gazed as the vision cleared,
And I watched the mist take form,
When the brown, which resolved into wavy hair,
And the snowy dress and the blue eyes fair
Took completely my heart by storm.

Then I kissed in thought those ripe, red lips,
And I smoothed the rich brown hair;
And I placed this maid in the opposite scale,
When, lo! as in the old philosopher's tale,
The other flew high in the air.

CHECKING GALLOPING CONSUMPTION.

Effect of Gases on a Woman Whose Life Was Despaired Of.

The medical fraternity of New Orleans is considerably excited over the case of Mrs. E. A. Albers, whose death within a few days from galloping consumption was declared as certain by several leading physicians a month ago, but who is now apparently on the road to complete recovery. She is the wife of A. W. Albers, a prominent druggist. When all the doctors had given his wife up Mr. Albers determined to try carbonic acid gas and sulphuretted hydrogen gas as first administered by Professor Bergeon, of Lyons, France, and recently experimented with at the hospital in Philadelphia. Two-thirds of Mrs. Albers' left lung was destroyed when the treatment was begun with an improvised apparatus on March 26.

Result of first week—a gain of one pound clear. At the end of the second week—a gain in weight of two and a half pounds, making a clear gain of three and a half pounds for two weeks. One of the features was that the temperature, which upon the administration of the gas showed a fever of 1,028 declined in half an hour to 98°. A sudden drop of four degrees was followed by a craving for food which seemed to agree perfectly with the patient and in turn followed half an hour by a drowsy sensation prompting the patient to sleep, wakening from which she had a perfectly restful feeling. The gas reaches the lungs within ten minutes after administration and is clearly discernible on the breath by the characteristic odor of the sulphretted hydrogen which is used.

The apparatus used by Mr. Albers was improvised by himself and is simple, consisting of two rather large sized bottles, one containing the ingredients for making carbonic acid gas and the other charged to generate sulphuretted hydrogen gas. The bottles are connected by means of small rubber tubes and the gas is collected or stored in a large bag similar to the "laughing gas bags" used by dentists. The gas finds an exit through a rubber tube ending in a syringe.

Filthy Lucre.

From the Life.

"Money, my dear young friend," said an elderly adviser, "doesn't alone bring happiness in this world." "I know it doesn't, sir," responded the young man, frankly; "it only brings terrapin, and small bottles, and trips to Europe, and canvas-backs, and lying abed late in the mornings, and taking tailor-made girls to the opera nights, and all that sort of grief and misery; give me a contented mind and—say $20,000 a year, and somebody else can have the money," he concluded, with fine scorn.

The Case Stated.

From the New York Tribune.

Yes; eternal mendacity seems to be the price of Mugwumpery.

In Town and Hamlet,

The seeds of intermittent and bilious remittent fever germinate and bear evil fruit. No community has altogether escaped it. In populous wards of large cities bad sewage causes it, and in their suburbs stagnant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Its name is Hostetter's Stomach Bitters, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach, liver and bowels, begotten by miasma tainted water, or any other cause, succumb to the beneficent corrective named, and rheumatic, kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

"The sweetest thing that ever grew beside a human door" was little May, until she took to having headache. For a time she lost her beauty, but one bright day her Papa bought a bottle of Salvation Oil, and lo! she is as sweet and pretty as ever.

Time is money, but health is happiness. If you have a bad cold or cough use Dr. Bull's Cough Syrup. I will cure you every time. Price 25 cents.

SPECIAL NOTICES.

A Baptist Minister's Experience.

"I am a Baptist minister, and before I ever thought of being a clergyman I graduated in medicine, but left a lucrative practice for my present profession, forty years ago. I was for many years a sufferer from quinsy. *Thomas' Eclectric Oil* cured me. I was also troubled with hoarseness, and *Thomas' Eclectric Oil* always relieved me. My wife and child had diphtheria, and *Thomas' Eclectric Oil* cured them, and if taken in time it will cure seven times out of ten. I am confident it is a cure for the most obstinate colds, or cough, and if any one will take a small teaspoon and half fill it with the *Oil*, and then place the end of the spoon in one nostril and draw the *Oil* out of the spoon into the head, by sniffing as hard as they can, until the *Oil* falls over into the throat, and practice it twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarrh. For deafness and earache, it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever put like pecuniary means, and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration. I am now suffering with a pain like rheumatism in my right limb, and nothing relieves me like *Thomas' Eclectric Oil*." Dr. E. F. Grease, Corry, Pa.

For sale by H. B. Cochran, druggist, 137 and North Queen street, Lancaster.

Glad to Hear It.

"For several months I endured a dull pain through my lungs and shoulders; lost my spirits, appetite and color, and could with difficulty remain from my bed. My present healthful condition is due to *Burdock Blood Bitters*." Mrs. E. C. Hall, Binghamton, N. Y. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

Mr. George Dodge Speaks.

This gentleman lives in Emporium, Pa., and says, "One of my men, Sam Lewis, while working in the woods sprained his ankle so bad he could hardly hobble to the house. Used *Thomas' Eclectric Oil* and was ready for work the next morning. I have never yet seen so good a medicine. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

Sowing Wild Oats.

How many waste their time and resources in foolish experiments with nasty worthless medicines that can never do them a whit of good. If you are sick and want help get a reputable remedy of established merit. The curative virtues of *Burdock Blood Bitters* have never been questioned. For an enfeebled circulation or a weak stomach they are splendid. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

What We Can Cure, Let's Not Endure.

If we can cure an ache, or a sprain, or a pain, or a lameness, or a burn, or a bruise, or a blain, by using *Thomas' Eclectric Oil*, let's do it. "Thomas' Eclectric Oil" is known to be good. Let's try it. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

From Syracuse, N. Y.

"I felt weak and languid; had palpitation of the heart and numbness of the limbs. *Burdock Blood Bitters* have certainly relieved me. They are most excellent." Mr. J. M. Wright. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

The Impending Danger.

The recent statistics of the number of deaths show that a large majority die with Consumption. This disease may commence with an apparently harmless cough which can be cured instantly by Kemp's Balsam for the Throat and Lungs, which is guaranteed to cure and relieve all cases. Price 25 cents and $1. Trial size free. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street.

MEDICAL.

HOOD'S SARSAPARILLA.

SPRING MEDICINE

Is a necessity with nearly every one. This is the best time of year in which to purify the blood, to restore the lost appetite, and to build up the system, as the body is now especially susceptible to benefit from medicine. The peculiar medicinal merit of, and the wonderful cures by Hood's Sarsaparilla have made it the most popular spring medicine. It cures scrofula, salt rheum, and all humors, biliousness, dyspepsia, headache, kidney and liver complaints, catarrh, and all affections caused or promoted by low state of the system or impure blood. Don't put it off, but take Hood's Sarsaparilla now.

Hood's Sarsaparilla

"We have found Hood's Sarsaparilla to be an excellent blood purifier. In one case in particular, where other medicines failed, it took only three bottles of Hood's Sarsaparilla to produce the desired effect." SISTER A. FRANCES, St. Anne's Asylum, St. Louis, Mo.

"I have been subject to severe headaches and have had a humor on my face. Hood's Sarsaparilla has done me so much good that I am almost entirely free from headache, and the humor has all disappeared." WALTER GILBERT, Islington, Norfolk County, Mass.

Hood's Sarsaparilla

Cancer of the Tongue.

My wife, some three or four years ago, was troubled with an ulcer on the side of her tongue near the throat. The pain was incessant, causing loss of sleep and producing great nervous prostration. Accompanying this trouble was rheumatism. It had passed from the shoulders and centered in the wrist of one hand, she almost losing the use of it. Between the suffering of the two, life had grown burdensome. By the use of a half-dozen small-sized bottles of Swift's Specific, she was entirely relieved and restored to health. This was three years ago, and there has been no return of the disease.
