Conductors of the Philadelphia & Reading railroad company began proceeding in the . Pipe peationers complain that the money has not been invested, but has been used as if it belonged to the company. The table annexed to the petition, prepared by the Reading officers, shows the total amount withheid to be \$60,088.04, the contention of the company being that the conductors are entitled to only as much as the shares would yield. The men ask the court to hold the company liable to secount as for money received with interest, until it is snown that the money has never been paid to the owners or invested in good faith for them. Sad Accident to a Big Injan.

This morning a very sad accident occurred to the old Indian which has for many years stood in front of Little's cigar store, opposite the Pennsylvania railroad station. A crash was heard on the pavement and when Mr. Little went out he found the savage lying on his back in a badly broken condition. It was first believed that he had been attacked and beaten by a drunken man, but it is likely that a sunstroke caused him to take the tumble which proved so disastrous. He was so badly used up that he will have to be laid away.

THIS TIES Careful preparations be-QUALITY ginning months in advance AND PRICE of people's wants, is the way we do it. First, examining the materials as to finish; as to weave or construction ; using our "boiling down " test, whereby we know what is and what isn't all-wool; the sponging and skrinking of goods so that they stay in shape when worn ; next, the inspection of the manufacturing at every turn of the work : these are the steps, in brief, to our

ust prices. The Fine Dress Suit at \$50 and the All Wool \$10 Suit are put equally to the tests. No double standard at Oak Hall. It's the best clothing always; lowest prices always.

A demonstration in Hosiery : 121 cents to 50 cents. Several windows full of samples of the goods.
