Gents: We have your favor of the list inst.;
replying thereto, our business connections date
back, as near as we recollect, september, 1800,
and has been continuous ever since making you
hundreds of tons of Boiler Flate during that
time, all of which was made of the Best Flange
Charcoal Iron, as no other brand was considered
by you fit to put into boilers, and as we have
supplied you with all you maked we know
nothing else was used; while we know other
shops for same class of work use what is known
as hell entirely, which costs about one cent per
pound less.
