THE OUTLOOK IN THE CITY.

Tae Bull Ring Combination Apparently Have the Best of It.

With good weather on Saturday it is ceti mated that about 16,000 votes will be polled at the primary election, of which 3,500 will come from the city. At the governor's election, 18,724 votes were cast for Beaver in this county. At the primary election in 1884, when there was an exciting contest for judge, 16,000 votes were polled. In 1885, an off year, there were 11,000, and last year the egielative and district attorney contests prought 14,000 votes to the polls.

perned is generally admitted—a big vote for Hartman and the other leading candidates of the Sensenig combination—the other fel-lows will work hard to keep the majority On the other hand Hartman, Kelle Myers and other candidates with their friends will not relax their labors until the clock strikes seven. In some of the wards the feeling will run high, and the probability is that there will be many rows In the First ward, the home of Clayt Myers,

him. He will be ably assisted by William K. Beard, City Treasurer Rathfon, Assessor Weichens, Constable Weaver, the Hartman boys, and in fact everybody who is of any account in bringing out the vote will be ranged on the Myers-Hartman side, except Philip Haker, who is a bitter enemy of Hartman Candidate Geyer also lives in that ward, but he is not acquainted with the boys and in con sequence his vote will be light. If there are 250 votes patied here, it is estimated that over

In the Second ward there will be a lively row. A big vote will be polled and Mentzer's friends, who are Levi Sensenig's enemic will make the greatest of art of their lives t down the Bull ring culeftein. The lines wil be strictly drawn here on the prothonotary's fight, and the vote will be close on that office Barkholder for sheriff lives in this ward, and as he has made a canvass fro n door to doo be will get a good vote hera. Al. Shenck i for Aldus Herr for register. There will be big tight for the organization in this district but Levi expects to get it.

The Third ward is the home of Mentzer

and McMellen, and here the fight will be for supremacy; Mentzer to hold the ward for future political uses, and McMellen to regain the footbold he lost a few years ago. Alder man Barr is an important factor in the fight and he has cast his fortunes with Mentage for the reason that McMellen endeavored to knife him when he was a candidate for al-derman the last time. Buck Leibiey, of ree, is for Mentzer. McMellen has some of the workers of the ward with him, and from appearances it looks as if the vote will be protty evenly divided between Hartman, McMellen and Mentzer. Clayt Myere will carry the ward for register, notwithstanding the opposition of Mentzer and McMellen to him. Keiler will also get away with it for sheriff, and Honaman for coroner, will have it all his own way. Mart Keller will carry lives in it, but his majority will be small There will in all probability be a big racket over the organization, "Hoggy" Leonard and Bobby Weidel will be active at the police

In the Fourth ward the Hog Ring interes will be taken care of by Major Griest an H. C. Lehman, and they will be ably as sisted by several of the best workers. J. W. Harry Shaub and a number of others are the de of Lew Hartman. The full vote of the ward will be polled and it will be pretty

evenly divided.

In the Flith ward the old factional lines have been considerably shattered. Councilman Remley has cent he fortunes with Menizer. Adam Blasty and "Woody" Jeffries are indifferent. The former does not care to antagonize Menizer's friends, for he will want their aid to assist in making him orphans' court judge in 1890 or 1891. He has one friend, however, in whom he is interested—Geyer for register, and it is safe to bet that Geyer will get the ward. E K Martin is also interested in but one candidate—Barkholder, and as Burkholder has other warm, notive friends, his vote will be a good one. Ben Hershoy, for commissioner, will get the almost faild vote of the ward and John D. Clinton will also be unpilmented with a majority of the votes. The other bandidates for office have not been discussed to any extent, and it will be a go as youplesse as to them.

The next ward on the list is the banner Republican district of the town, the tilkth, evenly divided.

Republican district of the town, the blinth, and the poli here will reach 650 and may even go beyond that figure. Here Hartman will have it all his own way. All the active men of the ward are with him and it does not look as if there would be over a hun-

dred votes against him. Relier will get a big vote for sheriff, but this district was the former home of Burkholder and he will get the votes of his old friends and neighbors. Killian, for quarter sessions, also lives in this ward, and that fact will add some little to his vote, but it will not be materially greater than the other candidates on the same com-

The Seventh ward as a rule votes one way and whatever way the vote was returned the winning party had about three hundred majority. There is nothing on the surface to indicate that there are any differences of opinion as to the candidates this year, and a one sided contest is generally conceded. The ward workers are for Hartman and his friends, and if a fight is made it will bely stir Deen, Miller, Effinger and the others to greater exertions. The vote palled will be in the neighborhood of three hundred.

The same may be said of the Eighth ward

The same may be said of the Eighth ward of the Seventh. It is always returned one way and Mentaer does not appear to have made any efforts to get it this year, although he has had the ward a number of times for his friends in the days gone by. In this ward live the men who caused the expression "the best workers in the ward" to become a byword in lossi polition. They will be for the Bensenig combination almost entire. A few of the workers would like to be for McMelen, but they are in a hopeless minority and to make the ward count they will surrender their convictions. Candidate for State Treesurer McDevitt also lives in this ward, and he would be ungrateful to Hartman if he did man who made the fight for him a few years ago. The Republican vote of this district is about 250, and that will be about the vote re.

Ninth ward. Up to April of this year ex-street Commissioner Bertz was the champion of Candidate Hartman. When the caucus of the council elected Levan over him, he at nce blamed Hartman for his delest, and since then there has not been a harder worker He will lead the Mentzer forces, and claims that he can carry the ward against Hartman. Amos Gast, candidate for poor director, also lives in the ward, and se he is on the Mentser late he will also work hard to show a good return from this ward. Hartman's acquaintance in this ward will aid him materially, neither will be be without workers. Every effort will be made to get the full vote out, and the

There Will be a Square Issue Upon the Candi COLUMBIA, May 16 .- The leaders of the are actively engaged in arranging their slate for the coming primary election. The different candidates to be voted for will not be determined upon for the next few days. The younger element of the Republican party in this borough will make themselves felt at the primary elections. An active supporter of Henry Shoil for clerk of quarter sessions toward Sholl what they promised, there will be war, and war to the knife. The feeling at present in this town is strongly against Jake Strine, who has always boasted that he carries For prothonoury a leader of the Sensenis

faction gives his opinion that the vote between Lewis S Hartman and John W. Mentzer will be very close, while the leaders of the opposite faction claim a large majority for Mentzer. The Sensenig party are about they claim will carry the town : Sheriff, Abram Keller ; register, Clayton F. Myers ; that Harry Shall will receive the vote of the toen for clerk of quarter sessions ; prisonkeeper, Al Hagen; county commissioners, John Gingrich and C. A. Derrick; coroner, will most likely support the following candidates, and they will receive the majority o the votes of the town : Register, George S. Geyer : prison-keeper, Samuel W. Shirk : sheriff, Wash F. Walker, who will receive the labor vote and is very strong in the borough ; coroner, Peter Honaman, who has great many supporters. The leaders will e very active until the time of election, and

things promise to be very exciting.

The probable vote polled will be 800, and Mentzer will get away with a small insjority. If Hippey drops out, Walker will carry the town for aberiff. The other candidates who will have majorities are Geyer, Grissinger Sholl, Will, Hagen, Gingrich, Shifter, Niceley

HERE IS STRANGE NEWS.

COLUMBIA, May 16 .- There will be in the neighborhood of 650 votes polled in this bor-ough on Saturday and if indications mean anything Mentser is going to get a good vote. Hippey will get the practical solid vote of the porough if he remains in the field, as will Shoil for quarter semions. Al. Hagen is strong for prison-keeper. Things are a little mixed at present and the leaders in days rone by wt oa wave worked in harmony have this year agreed to disagree.

THREE FIRES PROW MARIETTA.

Will Be Bemembared

MARIETTA, May 16 .- It would be impossible to give anything like an ac-curate estimate of what will be the result of the coming primary. It is now so mixed up that no one could entangle the skein. The probability is that it will stay mixed.

ANOTHER VIEW, MARIETTA, May 16.—Hartman will poll a large vote, with Kreider second. The sentiprison-keeper will poll a very heavy vote. The balance of the ticket is mixed as yet, and no reliable estimates can be made. er candidates who may probably lead are Keller for sheriff, Potts for quarter sessions and shifter for coroner. The probable vote of Marietta will be 275 and Lincoln School House 150.

AS A THIRD POLITICIAN SEES IT. MARIETTA, May 16 — Lew Hartman has many warm friends in this borough and they are strongly urging his claims with a fair chance of his having a good majority. Myers is strong for register and Scheffner for treasurer will get nearly all the votes. Shiffer for coroner will lead by a good majority and Will for orphans' court will get a jority and Will for orphans' court will get a

Hartman Will Be Out in Mt. Joy For Having MOUNT JOY, May 16 .- The ward workers of this place are busy in a quiet way working for their respective candidates. It is generally believed that Grissinger for county treasurer will poll a good vote, though the political sores caused by the Stehman-Summy combination are not all healed up and they may count Mr. G. some trouble. Schaffner. combination are not all healed up and they may cause Mr. G. some trouble. Schaffner, the opposing candidate for the same office, is a popular man, well known here, and may cause Steve to loose some sizes. D. K. Burkholder for sheriff appears to hold the winning card in this place, with Keller as second best man. For prothonolary the fight will be between McMellen and Mentzer, and Mentzer will no doubt come out as best man. featser will no doubt come out as best man. ELIXABETHTOWN, May 16.—The probable vote of Riksabethtown borough will be 120 John W. Mentser's majority will be 25, Abe Keller's 30, Myers' 25, Grissinger's 20, Ulinton's 25, Will's 35, Smith's 30. Gingrich and Derrick will lead for commissioners by 25 majority. Honaman, for coroner, will have 25 majority. Honaman, for coroner, will have 25 majority. Hard and Sheaffer for poor directors, and Weaver for prison inspector, will also have about the same majority. The leaders of the factions are Dr. Blough and J. H. Brubsker for Mentser, and Dr. S. R. Where the Ball Ring Is Strong STRASBURG, May 16 .- This district is expected to give a good majority for the Bull Ring combination, because two of its candi-dates claim this borough as their own. The difficulty is that Aldus Herr, for register, who also lived in the borough, has many friends and the vote will be divided between him and Myers. Outside of this the machine Myers will get a heavy vote.
400 Votes Will be Polled in Manhein

MANHEIM, May 16.—The poll in this borough may reach 400 votes, and the chances are alightly in favor of Mentser. Burkholder will carry the borough, as will Grissinger for treasurer; Geyer and Myers will divide the vote for register. For the other offices the candidates are not talked of, and the vote as to them will be scattered.

THE CAPITAL OF THE BABLS. Sarkholder Will Have a Big Vote and so Will

NEW HOLLAND, May 16.-The Mentzer men in this township are confident that they will be able to give a good majority for their Mentzer's big vote will not be his own popularity but because the enemies of Levi Sensenig, of whom there are many, will take this method of hamiliating Levi in one of his tormer strongholds. The vote polled will be large if the weather is favorable, and the bigger the vote the larger with be Mentzer's. It looks as if Burkholder would also get a good vote. Shirk, for prison-keeper, will beyond a doubt get a big majority, as will Shiffer for coroner. Solienberger has many friends in the township, but not being on any of the combinations his vote will not come up to his expectations, Killian, for juarter sessions, will get a good vote n connection with the prothonotaryship in the coming contest.

NEW HOLLAND, May 16 .- It looks to-day as if the Mentzer combination would carry this district by a small majority for all the candidates except those for sheriff and tress urer. Keiler and Grissinger are stronger than their associates and will run abead suficient to have a majority in the township. NEW HOLLAND, May 16,-A careful can was made of Earl township shows that upward of 400 votes will be polled, and that Mentzer's majority will be in the neighborhood of 100 Burkholder, Schaffner, Will, Shirk, Worth, Gingrich and Shiffer will carry the district. of Sollenberger's unknown strength

BLUE BALL, May 15 .- There will be 25 votes polled in this district, and Mentzer's majority will be 50. Burkholder, for sheriff, will lead by 100, Sollenberger for register by 40, Schaffaer for tressurer by 50, Sairk for prison-keeper by 100, and Hershey and Worth for commissioners. S. W. Sairk and Poor Director Good will look after the interests of the Sensenig candidates and the people are on the other side.

MECHANICSBURG, May 16.—The vote of this township will be a good one for Sollen berger for register. It will be out up badly as to a majority of the other candidates, except Killian, who halls from this district, who will carry it strong, with Hunter getting a few votes. In the adjoining township of Upper Lescock, Solienberger's vote will be practically solid.

Mentzer's Former Rome.

SCHOENECK, May 16,-The vote in West Cocalico township will be light, but Mentzer will get 90 per cent of it. For sheriff the contest will be close with the chances in favor of Burkholder. Geyer will carry the town ship for register and Schaffner will have a small majority for tressurer. Bitzer and Hershey are the leading candidates for com-missioners and Bard for poor director. Shiffer will get a good vote for coroner. The vote is practically solid for Mentzer, as there is no other faction in the township. Where Danny Shiffer Will Score.

BOWMANSVILLE, May 15. - Brecknool township at last primary voted very solidly, Reinichligetting but two votes. This year it nor. Shiffer's son lives here, and it is Shif fer's old home, and it looks as if he would get nearly every vote. Hartman will get some votes for prothonotary as will a number of the other Bull Ring candidates.

Harve Raymond's District.
FLORIN, May 16.—This is Harve Raymond's district, and it will be returned as usual, with a one-sided vote for all of Levi's candidates, except, perhaps the sheriff Burkholder has some friends, who will make a fight for him, and the result will be a lighter vote for Keller for sheriff than for the other combination candidates

MOUNTVILLE, May 16.—The time was when West Hempfield township could be returned for whoever the political bosses wanted, but that time has pessed away. The combination this year is a peculiar one with Matt Fridy as the leader in the Mountville district of Menizer's forces. County Treesurer Grider is a warm friend of Hartman and he will make him votes in his old home. Gingrich for commissioner is also strong. Walker for sheriff will get a good vote in the township, and his vote will cause the township vote for sheriff to count for nothing as to the leading candidates. For register Myers will get a good vote.

Walting on Hippey's Decision. THE PROSPECT IN MOUNTVILLE

NEFFSVILLE, May 16.— If Hippey withdraws as a candidate for sheriff, Burkholder will carry the township. For register Geyer will carry the township. It looks as if Hartman carry the township. It looks as if Hartman would get a good vote in the township, but it is doubtful who will have a majority. The contest for the other officerawill be spirited and the vote will be divided so that it won't be of much benefit to any of the candidates. Menter and Surkhelder Euning Tagother. REAMSTOWN, May 16—The vote of this township, adjoining Menter's oid home, will be heavy for that candidate; Surkholder has considerable strength hers, so has Geyer for register. When the votes are counted Mentzer will have 100 majority, Barkholder 50, Geyer 200, Grissinger 190, Killian 50, Will 30, Smith 75 and Keplinger 200. Bitzer, for communitoner, will poll 400 votes and the votes of Hershey and Gingrich will also be large. Bard and Gast, for poor directors, will get three fourths of the votes and Nimitey, for auditor, is the only one mentioned in connection with that office. There are more political bosses in this district, on both sides, than any other, district in the county and that is what will make the fight a hot one.

BATION OF THE LORER BAD.

The Present Fight Will Be Fruitful of Futur

QUARRYVILLE, May 16.—During the last week the political pot has almost boiled over in the "lower end." Nearly all the candidates in the field during the week have been getting in their work, and have in many mose upset deals that have been made with the local polit 'ans. The most successful canvasser who has

been around has been Burkholder, who seems to have made friends wherever he has een, and will poll a big vote in this section. He seems to know how to get in his work : in one day and night he made both Eden and the Drumores soild. To the Quarryville band he presented beautiful satin badges with the Red Rose of Lancaster. To the post, G. A. R., he made a liberal donation; to the people of the country he was exceedingly agreeable, and you can just rely on his being solid with the voters, and especially the in-dependent ones of which there are more than in most sections. Abs Keller and Charley Strine were on a three days' trip, but came away feeling a little blus. Walker who is a G. A. R. man, visited the posts of the lower end but will get no vote.

Two weeks ago the strongest man for pro thoustery was Hertman. He was around among the people, and got lots of promises, but since then Mentzer has been about, and we hear of a good portion of the voters who

The Hartman men are being led by Ed Gilbert, of your city, who will be assisted by his father and brother, and the colored force will be led by the well known Samuel Hop kins (if he don't change his mind). David Boffonmyer, his father and Dr. Rohrer, will be for Mentzer. At present it looks as though it would be a close call in Eden, for Hartman and Menizer will carry Colerain strong. All the Collins family are for him, and the Drumores are in doubt. The Longs will be for Hartman. Bart will go for Mentzer ; Little Britain also. Tom Furniss will be against Lew for Levi's sake.

For register it is only probable that Geiger will carry his own township (Eden) ; in the balance of the lower end he will merely get a complimentary vote. If he was out of the fight Clayt Myers would get a big vote, and will still get a fair one. Geyer will get only a nominal vote. B. F. Groff will get his own relations probably.

ione clerk Dan Potts has For quarter ses the lea i, but Hunter will get a good vote, especially in Eden and Bart, where he formerly lived.

For orphans' court cierk Kreider will get big vote, but Satton will be remembered by his old neighbors and friends and may get away with him.

For prison keeper Al Hagen will lead, but Brubaker has a good many warm friends. The fight for commissioner has been lively and Al Worth has made a good canvass in the whole county; he will get almost a solid vote in several of the townships. Derrick will get a good vote. Landis and Heraher have some friends; the balance of the cent dates will not be heard of in the lower end. Old Danny Shiffer will poll a big vote ; the people seem to want him. Shenck will get none and Honaman will get a fair vote, but if the lower tier of townships have the mak-

ing of the coroner it will be Shifter. County Auditor P. S. Bush will get a solid vote, being from this section and well known. R. W. Bard and Amos C. Gast will get good vote as will Sheafter for poor directors and for prison inspector J. G. Weaver is by far the strongest man, and will have a big vote, with Milton Eaby next. All the minor offices will finally depend

argely on the outlook on the protho and sheriff fights, and may make som changes in the outlook during this week. As to delegates there has been little said and will be a go-as-you-please. As fer as Bull and Hog Rings are concerne

they will be broken here, and Bull Ringers will vote for Hog Ringers and Hog Ringers will vote for Bull Ringers. The lines are no as closely drawn here as in the upper end, and our voters are rather independent. But you will find that the coming primaries are going to create some feeling in the lower end that will bear bitter fruit in the near future.

PROSPROT IN MILLBRAFILLE

What Will Be the Outcome in the Home MILLERSVILLE, May 16 -The vote of this dection district of Manor township will aggregate 350, and Mentzer will carry it by nearly 200 majority. Keller for sheriff will have about the same majori'y, while Bollenberger for register will lead. Schaffner's ma-jority for county treasurer will be 150 and smith for prison-keeper will have more than that. Herebey for commissioner will get nearly every vote polled; with Gingrich close behind him. Honaman for coroner, Gast for poor director, Eaby and Weaver for prison inspectors will have it all their own way at this polling piace. Andy Dern, J. H. Landis, G. Eckert and D. Lintner will be in command of the Hog Ring voters and the Bull Ringers will be brought to the polls by

MILLERSVILLE, May 16 -This district will be carried by Mentzer. The fight be-tween Burkholder and Keller will be close. Myers will lead for register, Schaffaer for treasurer and Shoil for quarter sessions. For orphans' court the contect will be between Will and Mart Keller. Jake Smith will run sheed for prison-keeper, Hernbey and Worth
for commissioners, Honaman for coroner
and Gast for poor director. The Mentser

A Close Vote Expected in Providence Township.

SETTIVILLE, May 16.—The lines will not be strictly drawn in Providence township,

er will have 40 majority. Burkholder will have to be content with half that number and Geyer's will be about the same. Griss will lead by 50, and for quarter sea

Clinton will be number one. Kreider for orphans' court, Shirk for prison-keeper, Honaman for coroner, Bard and Gast for poor directors will have small majorities. T. J. Armstrong will command for the Mentzer column and Daniel Heim for Hartman.

idates Derrick and Hogen Engaged in

Bitter Coatest.

RAWLINSVILLE, May 16.—Martic township is out up by factional fights and what the outcome will be se hard to determine. Derrick, Bull Ring candidate for commissioner, is fighting Hagen for prison-keeper, who is a resident of the township. If he persists in it, Derrick will not carry his own township. At the heat he cannot get more than two-At the best he cannot get more than two thirds of the votes. The strife in Martie claused by rumore that Columbia politi-claus are openly boasting that Martic will be solid for whoever Jake Strine wants. The gen-eral impression is that if Strine does own a farm in the township he does not own the district, and many of the prominent citizens of that township propose to resent the impu-tation that they can be led by the nose, and will vote the whole Hog Ring "set up." It looks as if there would be considerable boodle used. Hagen has soured on some of his old political co-workers because he was given the go-by and Shirk put on the slate or prison-keeper. It was thought that Hagen would step out of the road, on a promise made that he would be taken care of-at some future primary, but he don't

trust his old friends any longer.
Following is an estimate of the township vote: Mentser and Keller will carry th township by a few majority ; Clayt Myers will have 40 majority; Grissinger 50; Potta 40; Will for orphans' court will have a small majority; Hagen for prison-keeper will have 100 majority, and the commissioners' vote will be divided between Worth Derrick and Hersbey, with Hersbey third. Honaman for coroner, Good for auditor and Weaver for prison inspector, will lead. In the other offices there is no interest taken. The best workers at the polis will be Al, Hagen, Eli Eshleman, Jacob Shenk, Hugh Armstrong and John J. Good.

ANOTHER ESTIMATE OF MARTIC. Mr. Nebo, May 16.—There will be 280 votes polled, of which Mentzer will get 175. ontest for sheriff between Burkh and Keller will be close. Geyer will have 100 majority for register, and the fight be-tween Schaffner and Grissinger will be close, with the chances in favor of Schaffner. For elerk of the orphans' court the fight will be lose between Will and Keller. Sholl will save a good majority and Hagen a practically solid vote. For commissioner Worth will carry the township ; Derrick may do so by hard work, and Hershey and Gingrich will get a good vote. Derrick, Jones, Huber and Eli Eshleman will manage for the Bull Ring, and Hugh Armstrong, Al. Hagen, J. R. Shenk and R. F. Armstrong for the Hog Ring.

GREENE, May 15. The Republicane in this vicinity have up to this time taken so little interest in the coming primary, that it would be idle to even make a guess as to the outcome. Indications point to a very light vote. FROM ANOTHER STANDPOINT.

LIBERTY SQUARE, May 16 -There will probably be a hundred votes cast in this elecion district, and Hartman, Keller, and Myen and Grissinger will carry it by majoritie essions, Sutton for orphans' court, and Bru baker for prison-keeper will carry the town dates will be Gingrich and Worth. Hone man's majority for coroner will be about 40.

John J. Long, John M. Hess and W. H. Brosius will be active men at the polls.

CHRISTIANA, May 16 .- This is a "Bull Ring" township from top to bottom, and the majority will run on an average 75 for whoever Levi Sensenig- says. The Slokoms. Tom McGowan and Calvin Carter will boss the job here. In all 175 votes will be poiled.

The Bosses Divided. PARADISE, May 16.—The politicians of this township are divided this year as usual, and the result will be that the leading candidates will each get the combination vote. It is hard to tell who has the best of it. The Feeling to Bird-to-Hand

BIRD-IN HAND, May 16,-The contiment of this township is for Mentzer. Burkholder will get a good vote in the district. For reginter the vote will be divided between Myers, Herr and Solienberger, with a few for Geyer. Where Clem Kennedy Will Help.

GAP, May 16.-Since Salisbury township has been divided into four election district the power of the political bosses of this large township has been broken. The vote polled will be large, and the big fight will be for heriff. G. C. Kennedy is a warm friend o Burkholder, and as he has many friends in the township they will turn in for him and the indications are that he will have a good majority over Keller. The contest for pro thonotary will be bitter, and it is possible for Hartman to carry the district. For the other tween the Buil Ring and Hog Ring factions except as to register for Sollenberger and Hunter for quarter sessions, who will ge ome votes.

The Home of Senator Ste ROHRERSTOWN, May 16 .- The following candidates will carry this election district : Hartman, Burkholder, Myers Grissinger, Sholl, Will, Shirk, Gingrich, Hershey, Hona and Eby. Senator Stehman, Aaron Landis and S. O.

Frantz will be the Bull Ring leaders. MESUME OF THE SITUATION.

The Figures Received Seem to Indi Ring Victory.

A careful examination of the above figures show that Menizer's friends have the best of the fight to-day. If they can keep it the rest of the week, they will come out of the conflict ahead. Hartman, however, has "nerve;" he will never surrender, and his pluck may still save him. He has overcom defeat when it stared him in the face on mo than one occasion, and he is still confident that he will succeed.

As was expected for the past few days, Hippey for sheriff, has finally withdrawn from the contest. He recognized that it would be useless to make a fight without being in a combination. As to this office i.evi Sensenig made a political mistake which may cost him dearly. The vote of Columbia will now be divided on this office, and while Keller will get the support of Hippey, Walker will get a good vote in that borough and some of Hippey's friends who cannot be controlled will be for Burkholder. There will be a big fight between Burkholder and Keller for sheriff, with the chances in favor of the former.

of the former.

For register the contest is evidently between Geyer and Myers, and if Solien outs in Geyer's strength, as expected, Myer may win. It will be a close contest.

For county treasurer the above indications point to the nomination of Grissinger, who is strong through sympathy.

The contest for orphane court will be between Kreider and Will, with a tess up for holice.

For quarter sessions, Killian has the best of it. There will be some surprises in some of the districts as to the vote palled by himster. He has made a good envert, and

would have been the nominee If either combination had taken him.

bination had taken him.

For commissioners the contest is narrowed down to a choice of two from the names of Gingrich, Hershey and Worth. Joke Smith will get through for prison-keeper, through a division of the Bull Ring forces between Shirk and Hagen.

For corrober, the fight, as three years ago, will be between Honaman and Shiffer, and it is hard to my who has the best. If Shiffer gets the vote in town he expecters, poor directors, auditors and delegates will be a test of strength of the respective factions, and as Meetzer appears to have a little the best of it, his crowd will probably pull through.

From now to the end of the campaign there will be loss of "mud throwing," but it will do none of the parties engaged in it any good-

will be lots of "mud throwing," but it will do none of the parties engaged in it any good.—Since the above was written the Bull Ring managers had a consultation, with a view of making changes in a few of the names. Derrick, it was conceded, was weak and a proposition was made to run Gingrich, with Bitser. There was also a strong pressure in favor of Al. Hagen for prison-keeper, instead of Shirk, and it is probable that these names may be substituted before the day is over.

Republican County Committee.

A fully attended meeting of the Republican county committee was held in the hall of the Young Republicans this morning. There was no business except the distribution of poll-books, tickets, &c., for the primary election on Saturday next. The treasurer reported that he had in his possession a balance of \$173 left from last year's funds.

BIO TIMES FOR THE BUMMER.

He Will Proy Upon the Candidate So Long no the Money Lasts.
Notwithstanding the existence of an anti-Corruption society and the promises of many candidates not to give away money, the number of bummers who feed off them is just as large as ever this season. Indeed they seem to increase in number year by year. As the campaign draws rapidly towards a close the bummers grow thicker and more impor at the "divide."

There are several kinds of bummers, but those who are the most pleatiful are the ones that went rum. This class is confined largely to Lancester city. Few of them ever work, and those who do will readily stop for weeks about election time in order to assist in fleecing the candidates. Some of these fellows can be seen around the different headquarters, and more especially if there is a bar attachment, at any hour on Mon-day. They mostly travel in pairs, and they hang around a barroom watching every movement of a candidate. As soon as the latter says, "Well, boys, lets take something," the bums ecramble for the bar,

getting there in the style of the Judge and Mayor in "Kit, the Arkaness Traveler." Between drinks the bums stand around and tell big lies about what they can do in their wards. The country candidates are worked with much greater case than those from the city. Many of the former being unsomany cases believe their tales. The city sandidates are nearly all acquainted with the vultures, and unless the latter are drunk they are not so quick to tackle them. A favorite scheme among this class of beats is to have presented a lot of tickets for a ball that is never to take place. These they sell to candidates and get drunk on the money. Several fellows have also been known to rig up books and pretend to be running for articles at a fair. They thus obtain lots of money from "sucker" can-didates who become very sick of these beats and towards the close of a campaign are almost compelled to hide to get away from A far more dangerous class than the "rum-

carry their districts. These men hall largely from the country, and nearly every district has one or more men who must be "seen" (with money) before election day. These fellows will run to town every Monday for months previous, to an election, and will pretend to be the greatest triends of different andidates. Before the election day comer they must have their money. Some of these fel lows are known; to make a great deal of "stuff" each year. This list is also on the increase, and includes men who apparently stand high in their neighborhoods. There are many well-to do farmers who pretend to be honest, but will come to town before an election for the one and only purpose of obtaining money. They lead the candidates to believe that they will put it where it will do the most good but in most cases it goes right into their own pockets. Many of these fellows prac-tice the most dishonest methods. They will obtain money in large sums from one candidate and after going home will turn in and work for another. There are many men of that kind in the county, and some of them have been "spotted" this see Lancaster city and the upper part of the county formerly had a monopoly of this class of politicians, but the disease has spread rapidly and now some of the worst ones come from the lower end. Their only object in going into politics is to steal, and their friend-ship and influence amounts to but little. How long this condition of affairs will be allowed it would be difficult to tell. Johnny Landie' society means but little. As a promi-nent candidate remarked the other day: "I would be ashamed to make the promises that some men have made during this campaign for every one knows that they will g on their words and resort to any kind of neans to make a vote. I for one will promi nothing." The trouble is that the car do not trust each other and when one says he will not spend any money the others do not believe him.

OFF WITH A RUBSE ARD BUGGY.

chn Hoover Uses a Mountville Team to Carr Passengers to the Circus. On Saturday afternoon a horse and buggy belonging to Daniel L. Forrey, of Mountville was taken from the stable-yard of the Sorrei Horse hotel, West King street, this city, and was not recovered until three o'clock this morning, when the team was found standing in front of the Piow tayern, and a fourteen. year old boy named John Hoover was found in the buggy, fast salesp. The boy was ar-rested and locked up for a hearing before Al-

derman McConomy.

It has since been learned that the boy, who represented himself as Mr. Forrey's son, took the team on Saturday afternoon and used it to carry passengers to Barnum's circus at McGrann's park at 56 cents a trip. Late in the afternoon he took the team back to the Sorrel Horse hotel, but called for it again about 7 o'clock in the evening, telling the storred Horse hotel, but called for it again about 7 o'clock in the evening, telling the heatier that his father was not yet ready to leave town. He again used the team to carry passengers to the circus, and when "the greatest show on earth" had ended he appears to have hired the team on Sunday to young men who wished to visit Rosky Hprings and other pieces.

Meantime Mr. Forrey and the police were searching in all directions for the stoice property and found it as above stated at the Piow tavers. It is supposed that the boy completely worn out by his two days' drive fell succept in the buggy and the horse leisurely carried him to the Piow hostelry.

Mr. Forrey this moraing entered complaint against him for cruelty to animals, as it was evident the horse had been badly abused and perhaps not fed while in the buy's personner.
