In order to demonstrate the entire meley of the audience in this theatre in case of fire, all the means of exit will be thrown open at the conclusion of the performance this evening, and the audience is requested to leave the building se rapidity as possible, that our patrons may see how easily they could do the same thing if the theatre were actually on fire—which, with the precautions we constantly, etc., etc.

A Wise Little Girl. A four-year-old maiden of Philadelph's, with the advent of warm weather, invited three playmates into an ice cream saloon where she magnificently ordered four plates of cream. When it had been eaten she calmly started to walk out of the place without paying. The proprietor stopped her. Looking up in his face in the most innocent manner, she lisped: "I sin't got any money, sir. I'll pay you when I'm married."

TRADE S.S. S. MARK

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians, Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statemen in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years—I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking siq bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and is rapidly disappearing. I would ad-vise every one with cancer to give S. S. S. a fair trial. MRS.
