A Dog That Was Imprisoned in the Rolling Mill at Sale Harbor Ten Weeks

Mrs. Annie Campbell, of Safe Harbor, is the owner of a dog that has had a most remarkable experience. It had been a family pet, and had no bad habits ; was never known to be out late at nights, and never bayed the moon unnecessarily. About ten weeks ago it disappeared from home, and though diligent search was made for it, it could not be found, and Mrs. Camptell came to the conclusion that her pet had been stolen. A few weeks ago the feeble whinings of a

dog were heard in the Safe Harbor rolling mill. These whinings had been heard on several previous occasions, but no attention was paid to them. On this last occasion one of the workmen employed near the shear pit-a dark vault under the heavy shears-This morning several boys from Chestnut looked down into it and saw a dog. The animal was dragged out and proved to b Mrs. Campbell's dog that had disappeared en weeks before. It had no doubt fallen into the pit and being unable to get out had sustaken out the dog was a mere skeleton and for some time refused to est, but under the careful nursing of Mrs. Campbell it is "coming around" and its recovery is hoped for.

A Thrilling Runaway

This morning a spirited home attached to a phaeton belonging to David P. Bitner freight agent, was hitched near the western end of the Farmer's Northern market. It took fright at a train of care passing on the Pennsylvania railroad, and breaking loose ran furiously up Wainut street to North Queen, where it fell, but in an instant was on its feet again and ran down North Queen to Chestnut, where it again fell and was capured. During the runsway Wainut and North Prince streets were crowded with market wagons and other vehicles, and several of them were struck, but not much damaged. Mr. Bitner's phaeton was badly broken, but the horse was not much burt.

The Grand Army of Marietta Given the Per-trait of Lieut. W. H. Childs. MARIETTA, July 16—When the members of Lieut Wm. H. Childs post No. 226 G. A. R. returned from Gettysburg this week they were informed that a portrait of Courade Childs, in whose honor their post was named, would be presented to them. The ceremonies took place last evening at the house of Mrs. Win. Childs on Walnut street. The post proceeded to the place in a body led by the drum corps. The presentation of the portrait was made by Sullivan S. Childs of Harrisburg, the cousin of Lieut, Childs Comrade Potts, of the same place, presented the commission and necro-logical letter, S. E. Wisner, on behalf the post, accepted the gifts in a few appropriate remarks. The portrait is life size and is a very tine specimen of crayon painting. The frame, which is also very bandsome, measures 32 by 38 inches. Mrs. William Childs, the sunt of the lieutenant, was the denor. She took him to rear when he was but a small boy. He entered the service when quite young, and by his gallantry and bravery met with rapid promotion. He was lieutenant in Co. L. 45th regiment, Pa. Vol. While reconnoitering on the morning of the 224 of June, 1864, before Petersburg, he was shot by a sharp-shooter. Captain Gregg in his letter announcing the death of this noble young man speaks in the highest terms of his character as a soldier. He was only 23 years of age when killed He was one of the many patriotic sons of Mariette that have bled for their country.

Make the Service Brief. From the Moravian.

Now that we are in the midst of the heated term, we may be allowed to remind those whom it may concern, that brevity during whom it may concern, that brevity during the summer months will go far towards secur-ing good effects from sermons, etc. Let the thoughts be ever so good the heat causes long sitting on cushioned seats to such a weariness to the flesh as to render the evil spirit of restlessness an almost unconquerable foe of close and profitable attention.

The Husband's Card. From the Norristown Herald.

Etiquette says: "The husbend's card should always accompany that of his wife upon all formal occasions." We don't know should always accompany that of his wife upon all formal occasions." We don't know much about the game, but it strikes us that if the wife holds both bowers and the ace, backed by a couple of good side cards, she might venture to play it alone without any assistance from her husband.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and ind it composed of pure and wholesome ingredients. It is a cream of lartar powder of a high decree of merit, and does not contain either alum or phosphates, or other injurious substances.

"E, G. LOVE, PR. D." "It is a scientific fact that the Royal Baking Powder is absolutely pure. "M. A. MOTT, Pa. D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance.
"HENKY MORTON, Pn. D., President of Stevens Institute of Theology." "I have analyzed a package of Royal Baking Powder. The materials of which it is composed e pure and wholesome.

S. DANA HAYES, State Assayer, Mass."

The Royal Paking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1878; as the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE-The above Diagram Blustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded

*While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

THEY HAVE MANY IMPROVEMENTS AND POINTS OF SUPERI-ORITY OVER ALL OTHERS, FIRST. They are made of Wamsutta Muslin, 2,00 Linen, each Bosom being Four-ply, Lined with Heavy Butcher's Linen. SECOND.

The Round Top of the Bosom and its Raised Rdge prevent the weight of the vest and coat from pulling the bosom downward from the top and throwing wrinkles in at the sides. Prevents drawing or tearing button holes out of back or neckband.

FOURTH.

The cut of the sleeve is so arranged that the wearer can raise his arm without the disagree-able sense of lifting the whole body of the shirt FIFTH. The disagreeable feeling at the neck is pre-rented, and the band does not work out from under the collar. BIXTH.

The seams are smoothly finished and the gus sets are firmly set in, which provents all ripping or tearing down. The Improved Bosom Will never break or wrinkle from wearing, and guaranteed to outwear the shirt. They are with-out exception the Finest and Cheapest Dress shirt in the World. Try them once and you will wear no other.
