I have only known one instance where baldmem proved remunerating. A friend of mine who had a shining pate tell into the habit of watching the actions of his termenters—the ward. Put a fly on a window and up he goes to the top; he can't be made to walk downward. the top: he can't be made to walk downward. So my friend hit upon an idea. Why not use that habit sgainst them? Forthwith he made a window screen divided in half. The upper half lapped over the lower, with an inch of space between. Well, as soon as a fly would light on the screen he would proceed to travel upward, and would thus walk straight outdoors. On reaching the top of the lower half he would be outside. Not being able to walk down he had no way to return to the room. By this means a room can be quickly cleared of flies, which always seek the light.

LROWNED IN THE CUNOWINGO.

Melancholy Death of a Young Man on Sunday A tragic event occurring in East Drumore ownship on Sunday afternoon, caused the death of a young man and has cast a deep gloom over the neighborhood of his late resiience. It seems that a party of boys and young men gathered at the dam of the Conowingo flour mill (formerly furnace) between 4 and 5 p. m. for the purpose of bathing. Among them was a son of Elias Groff, aged 19 and familiarly known at "Pet" Groff. His companions bantered him to jump in, although he was not able to swim, and, to their horror, he plunged in at a place beyond his depth and immediately sank out of sight. Paralyzed by fright and losing all presence of mind they were unable to render him any assistance and he was drowned before their eyes before any attempt at rescue could be successfully made. Meesengers were at once dispatched for his home and to Quarryville for Deputy Coroner Cyrus

Cremer and Dr. T. M. Rohrer, coroner's phy-

The Chesapeake camping club returned Saturday evening, from Havre-de-Grace and vicinity, where they spent a week very pleasantly in hunting, fishing, boating, dancing, &c. On Monday they paid their respects to the civil authorities and serenaded the mayor. Tuesday and Wednesday were spent in fishing and crabbing, the catch being very satisfactory. Thursday the party sailed down to Tolchester beach, where they had a delightful time. Friday there was more fishing and crabbing, and in the even ing the boys attended a ball given in their

On Saturday the club paid their respects to a number of the citizens in Havre, and in the afternoon started for home, arriving safely and being warmly welcomed by their many friends. They made quite a fine display as they paraded the streets with a band of music at the head of the column. They say they had a delightful time from Monday to Satur George Waldley s Body Becovered. The body of George Waldley, who was drowned in the Conestoga creek on Saturday at Ranck's mill, was found on Sunday morn ing about 8 o'clock. It had lodged in a tree (8) yards below the point where he was drowned. It was discolored and somewhat decomposed. The body was found by a party under the leadership of Mr. Rohrer,
