UNHAPPY JEFFERSON SLORY. ncial Trouble at the Root of His Departure rum Denver—Will (so Sack and Begin Life Again,

Jefferson Flory, the missing Denver postmaster, turned up at Landiaville Monday rnoon, when he attempted to take his life. He came from Harrisburg on Sea Shore Ex-press and stopped at the Railroad hotel. He complained of feeling ill and saked to be shown to a room. He told the landlord that if he should be taken worse, they should send for his father, George Flory, of this city. Later some of the family heard a roise, and goins up stairs, found Flory lying on the bed. Near by was an udanum bottle, the contents of which he had taken. Two physicians were quickly the man in this city. The doctors spent brought to this city by his father. To-day he is again all right. Flory had determined to take his life and had written a letter explain-

Flory is a man 37 years of age and was formerly a cattle dealer. Of late years he had en carrying on the butchering business. There is said to be nothing wrong with his accounts with the postoffice department, but on the other hand the affairs of the office were very carefully conducted by Flory's The last report shows that the government owes him \$34. Flory told a re-porter of the INTELLITORNORS this morning that the cause for his attempting to take his life was his great worriment. He says that he became involved in debt to different persons in his neighborhood simply because people owing him would not pay him. When he found that he could not meet his debts it weighed upon his mind so much hat he resolved to leave home. After travel. ling around for a time he made up his mind enday to take his own life and would have done so had he not been interfered with.

There is no trouble between his wife or other members of his family. The only trouble is concerning his fluances. He has made up his mind to go back to Denver and resume his old business. He will make every effort to pay up the people whom he owes, and hopes to be successful. Flory seemed to be very cornect in what he says and means it all.

Accident on East King Street. This morning after the market had closed John Stauffer, of Littiz, used his horse in front of High & Martin's china store, East King street. The horse became restive and moved back and forth, the length of the bitching strap; finally the wheels of Mr. Stauffer's wagon became locked in those of Adam Groff's two-horse mill wagon, and when the latter moved off, Mr. Stauffer's wagon was upset and his horse thrown down. The harness was badly torn, one of the wheels of the wagon broken and the horse slightly injured.

Up to date 408 one borne vehicles, 66 two one, 4 four borne, 14 backs, 15 local delivery ragon, 32 carts and 37 pleasure carriages are taken out licenses. There are a good namy more licenses to be taken out and if the awairs of vehicles do not "pay up" the city athorities will prosecute them. The only stagraph companies that have paid their lessess are the E. & O. (\$18) and the Philamphia, Reading & Pottsville (\$25.50.)

On Saturday, August 6, a number of young men became implicated in a drunken and disorderly row on Water street. Nine were arrested and one subsequently discharged because he was not a participant. The eight were arrested and brought before Alderman Hershey, who fixed upon the following Wednesday at 7 p. m. as the fixed to the first that the first terms to the first terms to the first terms. Hershay, who fixed upon the following Wednesday at 7 p. m. as the time for the hearing. The defendants were charged not only with drunken and disorderly conduct, but also with being in an affray. They went to the aiderman's office at the time fixed and announced their readiness to pay the costs, when they were contronted with a bill against each of \$15.18. Protesting against the excription rates, the alderman reduced his charges to \$13.38 for each, though he gave no reason for settling upon that particular figure.

Two of the defendants, John Cherry and James Burke made up their minds that the were paying too much money and they secured Lawyer John E. Malone to find out. He directed them to secure an itemized bill from Alderman Hershey when they paid their costs. This they did with the following

THE NEW WATER SUPPLY.

Three Acres of Sheriff Fomilinson's Land Wanted A special meeting of the committee to fu nish a better water supply, was held in sele request of Sheriff Tomlinson, a part of whos it is proposed to take for the use of the cit water works.

Mr. Tomlinson objected to the taking of the land on the ground that it would injur his whole farm by shutting him out from the public highway. He offered to donate to the city an equal space of land (three acres on the opposite side of the creek, or to bu for the city three acres of ground on this sid of the creek, provided his own land, which he values at \$5,000, was not entered upon. Mr. Tomiinson's propositions were

garded as unsatisfactory. Eminent civil engineers have said that his land is the roper place on which to erect the water works. To erect them on the opposite side of the creek would require an aqueduct and bridge, and render the works liable to all idents of floods and storms; and on this side of the creek there was no other Tomlinson's farm.

The committee, therefore, decided to take ion of Mr. Tomlinson's land, and had bond prepared in the sum of \$10,000. THE BOND PRESENTED IN COURT.

City Solicitor Carpenter presented to the a bond of the city of tion to pay Sheriff Tomlinson for land ob taken for water works purposes and saked the court to approve the same.

Sheriff Tomlinson, through his attorney Mr. Brown, objected to the approval of the bond. He held that the proceedings were irregular, that a petition should first be presented to the court setting forth for what purpose the land is wanted. He argued that a sub-committee of councils no authority to take this land, it requiring an ordinance or resolution of uncils authorizing the taking of the land before anything further can be done. Solicitor Carpenter withdrew the bond and will present it with a petition, when the

same can be procured. Caught in a Mail Car.

Harry Fairchild, aged about 20 years, was ound in an empty mail car brought down from Harrisburg this morning. The conductor had him arrested. Fairchild claimed to be a Union News agent. He had neither money nor ticket. He was locked up to await a hearing before Alderman McConomy. Meantime Fairchild had a telegram sent to Meantime r airchild had a telegram sent to Philadelphia, and not long atterwards an answer was returned by Superintendent Gucker that the company did not wish to prosecute the case further, and that Fairchild should be discharged. Thereupon Chief Smith discharged him. Just what right Chief Smith has to discharge a prisoner committed for a hearing by a city alderman may be a matter for further inquiry. The judges of our court could not have discharged him except on a writ of habeas corpus, and not then without notifying the committing mag-istrate to be present at the hearing.

A convention of the Old Time Telegraphers association and the society of the United States Military Telegraph corps will meet in Philadelphia to lay and remain in session two days. The Liberty band and an orchestra of ten pieces will furnish the music for dancting, which will continue until sao in the evening, as the train for Lancaster will not leave until 9 o'clock. Among the attractions during the day will be a game of ball between Lancaster and Lebanon clubs, foot, dog, boat and sack races, etc. In the evening the park will be illuminated by hundreds of Chibese lanterns. An excursion from Ephrata to the park will be run on that day.

THE TOSTILITA MINES.

The Hartford " Post" on Their Greatness—Und of the Richest Mining Properties in the World. SPECIAL DISPATCH.

BPECIAL DISPATCH.

HARTFORD, CL., Aug. 17, 1887.

The Post of this city prints in to-day's lanue a full page article on the Tortilita Gold and Silver Mines of which Mr. Joseph H. Reali, (who is being urged for Vice President on the ticket with Cleveland as the representative of the Agricultural and Laboring interests) is president. The Post shows that the Tortilitia Company have one of the greatest mining properties in America, and it estimates that with the forty stamp mill that is now being arranged for, which will crush 160 tons of ore per day, that the company can carn over one hundred thousand deliars per month net, or over one hundred per cept. per year on its capital stock which would make the shares that are now seling to subscribers for Sleach, the par value, at the company's office, 67 Broadway, New York, worth over twenty dollars each, while this result can be again doubled by additional stamps as the company have as inexhaustible supply of meh ore. A second Virgins City is predicted in connection with the Tortilitie, as the company have the connection with the Tortilitie, as the company have the connection with the Tortilitie, as the company have the connection with the Tortilitie, as the company have as inexhaustible supply of meh ore.

which over \$150,000 in builton was taken white the exploring and developing work was going on, which, together with the prices now being realized for the shares so soon after they were put upon the market are, unexampled facts in the history of mining. The Post pronounces the Torillitas one of the best and cleanest cut enterprises that the public ever was invited to invest in. The stock is attracting much attention throughout New England and is being largely taken for investment by bankers, merchanta, farmers, and by working men and women. It is announced that the subscription books will close in a few days preparatory to the stock being called on the Consolidated Stock Exchange. The offices of the company are at 57 Broadway, New York, and the mines are in the richest mineral district of Arizona.
