ALL THE CANDIDATES FOR CONGRESS CONFIDENT OF WINNING.

All Sections of the County Covered by Correr. pendents as to the Probable Resalt for the Londing Offices-The Coutest in the City Will be Close Between Eshleman and Hiestand.

Notwithstanding the faming posters put out by John H. Landis' Anti-Corruption society, "boodle" will be used at the Republican primary election on Saturday, as lavisbly as it has been used in the past The political beadquarters of the several candidates in this city were thronged all day with township bosses and the best workers. One by one they were granted audiences by the big chiefs of the rings and told for whom to vote on Saturday. The slates as fixed by the Bull Ring and Hog Ring factions are as follows :

some change in the above slats. Heas will be run for prison inspector in place of Doner, and Percy P. Schock will be run in some districts for state delegate on both combinations.

In the congressional contest, Hiestand has the support of the Sensenig or "Bull Ring" people. Some of the Bull Ring politicians are for Eshieman, and Mentzer stands almost alone in his support of Roebuck. most of his former associates having gone

THE CONTENT IN THE CITY. The Probable Results in the Several Words

on Batarday Nezt. With good weather there will be polled on Saturday between 16,000 and 16,000 votes, of which about 3,000 will be polled in the

The First ward is the home of Hiestand, to bee and of course he will carry it, but his ma-jority will not be great. Eshieman, Brosius and Roebuck have warm friend in that ward, but Hiestand has the best workers ; smong whom may be named Register Myers, J. Hay Brown, e.q., Assessor Welchans, Treasurer Rathfon, Deputy Recorder Eberman, Policemen Weaver and Flennard and the Hartman

boys. In the Becond ward there is going to be a bitter contest. Landlord Martin, of the "Spotted Cat," is for Roebuck ; Sensenig and his friends for Hiestand ; Al Shenck for Broains, while Eableman has numerous friends. The ward will be cut up with Riestand or Eableman in the lead and very little difference between them. In the Third ward Mentser at present is

for Roebuck, Alderman Barr, "Buch" Leibiey, Martin Kreider and Capf. Mo-Mellen for Eshleman, Charley Landis for Hiestand, and Mart Keller for Broslur. The probability is that Echleman will get a handsome vote in the ward with the balance divided between the other candidate

In the Fourth ward there will be a hot contest, and the result will be a close vote for Congress with the chances in favor of Brosius having a small mejority. Major Griest is the leader of the Brosius forces, Pete Fordney, J. W. Johnson, Harry Shaub and Wash Potts, of Hele Alderman Spurrier and Constable Eloholts of Kahleman's, and Roebuck does not appear to have any one looking out for his In the Fifth ward, in which Brosius lives Woody Jeffries, Alderman Hershey, Offi-cers Lehr and Heiss and Councilman

Remley are for Hiestand ; E. K. Martin will be Brosius' lieutenant in this ward A. J. Eberly is likely to drop to Roebuck, and Eshleman's interests will be looked after by some of the younger Republican who have not heretofore been active at Republican primaries. The Sixth ward is the home of Eshleman

and here he will get a handsome vote. In this ward reside many of Hiestand's warm friends, but it is conceded by all the politicians that Eshleman will carry the ward by a good majority. If 550 votes are polled he will have not less than 350 votes, with Hiestand second. Brosius has some friends in this ward, but there is no organ ized effort on their part.

In the Seventh and Eighth the contest will be between Eshleman and Hiestand, with the chances in favor of the latter carrying them. In the Ninth ward Hiestand has some of the best workers, but Eshleman's interests will be well taken care of in this ward by Capt. Edward Frailey. The summing up of the congressional vote would indicate that the vote in the

city will be close between Eshieman and Hiestand, with Broaius a good third tand, with Brosius a good third. T. JOY, A THE SENATE FIGHT IN THE CITY. Four years ago Senator Mylin carried the city by over 1,700 majority against

tioisn reports that Brostus will have a small plurality, with Hiestand and Roebuck close for next position. Eshieman has some supporters among the young men and the men who vote without consulting the landers, being that uncertain element in all elections known as " the vest-pocket

For recorder Ed. Reinhold will carry the town by a good vote, although Lehman has some warm supporters among the workers. Andy Kauffman, Yooum, Sam Hippey, Rokman, Sholl, Wike, Caswell, Kinn, Stevenson, Clepper, Mattern, Paine, ez-Senstor Kauffman and Wilsom will sup-port the Mentzer combination mainly, al-though they may have individual prefer-ences for some of the minor offices. Ex-Justice Frank, of the Third ward, is still an uncertain factor in the onniest, and the vote will change materially with his sup-port. He is a power in the Third ward, port. He is a power in the Third ward, strolling many votes there.

For Congress and recorder much of the trength of the Menizer combination in town will be due to the candidacy of Representative Kauffman, whom Mentser is supporting, and who, together with the other candidates on the same ticket, will poll a large vote. There will be a good vote for Johnson Miller, of Litits, on account of his taxation ideas. A. G. Seyfert will lead the Sensenig legislative ticket, with Johnny

Kemper s good second. William Smith will run behind the Sensonig legislative set-up in Columbis, owing to his opposition to Kauffman. The vote secured by Ranck vill be a good one. The vote on other offices will be divided

cording to the factions. AMONG HISSTAND'S RELATIVES.

MARIETTA, Ps., April 7, 1888. - The number of votes that will be polled in this orough at the coming primary will not exceed 265; Hiestand, whose home was formerly in East Donegal and who has many relatives and some warm personal friends in this locality, will carry the box, being not less than 50 votes abead of Brosius, who will be second, followed by Eshieman and Roebuck. This calculation is based on the Eshieman following ad-hering ; should they break loose, naturally, Hiestand would be the gainer and his lurality might amount to 20 more than esimated. Brosius will receive at least 80 votes: Schleman and Roebuck together 50, and Hiestand at least half of the entire number poiled. The legislative candidates likely to receive a good vote are, in the order given, Ranck, Kaufiman, Smith, Boyd and eyfert, with the others less than 50 votes, while all the above will run from 90 to 140. The recorder vote is here all one sided. E. L. Reinhold, who lives at the eastern and of the borough, just outside the limits, will receive within 30 or 40 of the entire vote.

The political strategiats are yet very quiet, and nothing definite as to what will be done by individuals can be given. The congressional fight is here principally be-tween Hiestand and Brosius ; the straightouts for the former, and those who have been dabbling in prohibition, Mug-wumpery, independence, civil service reform and every "ism" and side issue of the party for the latter, THE BOROUGH OF MT. JOY.

Mr. Jor, April 9.-Indications point to a good vote on Saturday next. A poll of 300 rotes is expected. Hiestand will carry the ugh, but Broslus and Eshleman will get a fair vote. Reinhold will have a small

majority in the borough. VIEW NUMBER TWO.

own district,) are opposed to him, and he will, no doubt, feel slighted after the vote iscounted. Reinhold will, however, have the majority, but his home vote will not be gratifying. J. S. Mumms and Jor. Miller appear to be very active, and are classed among the township workers. They have great sympathy for Levi.

SINON CAMERON'S HOME. MATTOWN, April 7.-In this district there will be 200 votes poiled, and Hiestand will get two-thirds of them. W. S. Smith and C. C. Kauffman will carry the district heavily. The third man has not yet been determined upon.

ONE OF THE RESPECTION PETERSBURG, April 9.-It is quiet in this election district as yet. Indications point to Hiestand having a majority of 50 in the district. The vote for legislature will be greatly cut up. Kauffman, Smith, Hoover, Boyd and Ranck will get the bulk of it. Reinhold for recorder is likely to carry the listrict by a small majority.

ROHRERSTOWN, April 9.-The contest for Congress in this district is between Brosius and Hiestand, with the chances in favor of Brosius. Lehman will carry it for recorder.

LANDISVILLE, April 9 .- It looks as if iestand would carry this part of Rest Hempfield township. Brostus and Eshle-man have warm friends and will get a fair vote. Lehman will run ahead for recorder. THE OTHER HEMPFIELD.

MOUNTVILLE, April 9 -- The politicians of West Hempfield township are greatly divided on the congressional fight, Ex-Pro thonotary Fridy, one of the best organizers is for Eshleman with all his influence. Mr. Musser is said to be for Brosius, while some of the old time Bull Ringers are for Heistand. Roebuck doos not have strength. The contest in the township will be close between Eshleman, Hiestand and Brostus. Lehman has many warm friends for recorder and he will get away with the township.

THE HOME OF ROEBUCK.

LITITZ, April 9.- There will be 650 votes in Warwick township and of that number Roebnok will receive 450. Esbleman will be second with a fair vote and the balance will be divided between Hiestand and Brosius.

For the legislature the three highest will be Johnson Miller 450, W. S. Smith 250, C. G. Boyd 300.

Reinhold will have 350 votes for recorder ANOTHER VIEW OF WARWICK.

LITITZ, April 9 .- Of the 600 votes that will be polled on Saturday Roebuck will have 350, Johnson Miller will lead for the legislature. Reinhold will be fought hard recorder, but he is better known than Lehman and will have a small majority in the township.

A THIRD VIEW OF WARWICK. LITITZ, April 9.-- Unless the weather i ad there will be 700 votes polled on Saturday and Roebuck's majority will be abou 00. Ranck, Smith and Boyd will lead for the legislature, and Reinhold for recorder. The principal township workers are Bru aker, Brobst, Adams and Tshudy. Brubaker is the leader of Roebuck's forces and Dr. Brobst is Hiestand's champion. Heretofore Brubaker and Brobet have pulled ogether in all former contests and Ro will have trouble to hold Brubaker in line MART FRY'S BAILIWICK.

EPHRATA, April 7.- In Ephrata township there will be 700 votes polled, of which Hiestand will get one-half. The remainder will be divided equally between the other we supposed were for Brosius will and are already pulling for Hiestand, but Brosius will get a big vote. Eshleman is not as strong as he was earlier, especially so in the extreme lower end, where his campaign egan too early.

Dr. Roebuck has been around to see nearly everybody, and his red, white and blue cards are in every public place beside the handsome picture of Exhieman : but his vote will be easily counted ; he is too far north for this section.

The fight for senator is a neat one. The working politicians are for Mylin, and his chances are the best at this time. Landis has been making an extensive canvase, and has on his side all the olds" Independents," but many of them have lost their rower in politics. As in the congressional contest, there have been many changes. Mylin has grown stronger lately. As a worker he is more popular than Landis ; but in the fight a good deal depends on the combinations which are made with the andidates for assembly.

The assembly fence seems to be, so far, a orise for all, and all the candidates are sure of winning. Some of them will certainly be sore after it is over. It looks as though Heidelbaugh and Eberman were in the lead. The latter will get all the vote of the anti-temperance people, and the former is being pushed by "Levi's friends." Both Peoples and Gatchell have a strong follow. ing and will give the others trouble. There are plenty of people who think Lancaster county would go Democratic if Gatchell did not go on the stump during every campaign

and they are afraid he will go back on the party if they do not vote for him. Peoples is making a very quiet but aggressive fight. He is a good worker. The recorder candidate from this section

John Moore, of West Drumore, is a good and competent man, but not much of a politician. Outside of his own township he will not get much of a vote.

Ed. Reinhold is by far the strongest man in this section, but Lehman will get a fair vote ; both of them have made an active canvass and have attended nearly all the big public sales that took place this season and have both made big promises to take no more than legal feer.

For the other offices there is very little eing done. For prison inspector, Amor Gilbert, of Eden, will get a big vote, the second man will likely be Urban, of East Hempfield. B. F. Weaver and Jake Strine are likely to get the bulk of the vote for directors of the poor. For delegates we have heard very little talk, but Musselman will be one of the men. So far there has been little money apen

by any of the candidates They are running it on a cheap scale compared with othe campaigns. Of course the test workers w presume are getting about their usual al owance; at least it looks so to us, but the hotels are the losers and the landlords say they feel it.

THE OTHER SOUTHERN DISTRICTS. The Reports Received From About Swenty

Townships of the Lower End. CHRISTIANA, April 9.-Sadabury town-abip will be carried by Heistand, Mylin and all other candidates on the same set up with them.

BAFE HARBOR, April 9.-There will b 100 votes polled in Conestogs township, with Brosius having the best of the fight. If the vote for senator v taken to-day Landis would Mylin, but by Saturdsy Mylin wer beal wil ve the best of it. Baldwin will lead for

of this city. Such is not the case now Nearly every district has one or more men who want to be paid for what they call their "influence." This morning's trains brought many of this class to town. They have been following the candidates and politicians all day, and in each saloon they could be seen "working" drinks and money. Each heeler is loud in his own valse and talks freely of the work he can do. Although some money was given out to this kind of people to day, the sum was

not as large as usual, and many of the po-litical tramps left town disgusted with what they call "reform in politics." The majority of bummers are of little use to any candidate or faction, and they merely try to get their bands on money which they want for their own private use. Among this class of thieves are plenty of men who are regarded as respectable in their own communities. To-day they could be seen standing side by side with the lowest ward bummer pushing their claim for money, but in many cases they were unsuccessful. A reporter of the INTELLIGENCER this morning asked a man of this class whether he had yet been "seen." He replied, "I can only

with money, which I must have." County Committee Meeting. The county committee met this morning Fickets, tally papers and election document were distribu

He will be remembered as senior editor of the "College Student," for a long time organist at St. Luke's church, and a amiliar figure at the anniversaries of the Disguothian Literary society, in Fulton hall, where his oratorical efforts were always liberally rewarded. Immediately upon graduation from the theological seminary, he went to his present charge, to which he was called a baif year before he had completed his studies, and during a pastorate of less than three years has seen the congregation progress wonderfully During this short time they have enlarged and beautified their church at a cost o more than \$5,000, have contributed largely to the benevolent operations of the church at large, and of the present active membership almost one-half have been added by him, making it one of the most flourishing congregations in the entire Lancaster classis. The people are very warmly at-tached to their pastor and have given reseated evidence by their many valuable

gifts, the last named of which was noticed a the columns of the INTELLIGENCER las wook, and it is not definitely known whether the call will be accepted. The call is to a large and promising field of labor.

A New Question of Law Haised. County Solleitor Shenck and M.C. Bruba ker, special coupset for the commissioners, to-day issued a scire factas spainst Land-lords Nissiey and John Lantus, of Stras-burg, and their bondamen, to show cause why the county of Lancaster should not have damages for the costs and penalties imposed on them. an Oleomargarine Manufacturer's Appeal Deolded by the United States Supreme Court. Unitewfal to Use Anything but Milk in the Production of Butter and Cheese

WASHINGTON, April 9 -- In the supreme court this morning Judge Harlan rendered an opinion in the case of Wm. L. Powell va. the common wealth of Penneylvania on an appeal from the supreme court of their state affirming the decision of the state courts. This is the celebrated oleomarge different Pennsylvania courts. The come was made by agreement between the representatives of the state at Harriaburg and the representatives of the oleomargarine interest to test the state law prohibiting the minufacture and sale of nitation butter. There were two counts in the indictment against Powell ; one for selling oleomargarine and the other for having it in his possession with intention to sell. The supreme court holds that it cannot consider the testimony introduced as to the wholesomeness of the product, as the legislature of Pennsylvania enacted the law presumably after a fair exemination into these facts. Whether the manufacture of oleomargarine may be conducted in such a way as to baffle ordinary inspection or whether it involves such danger to public bealth as to require its suppress questions of fact and public policy belonging to the legislative department to mine and the legislative determination is conclusive upon the courts. The argument that to sustain the statute would leave a tog in the way of the destruction by the ing in the way of the destruction by the legislative department of the constitutional guarantees of liberty and property is based on more conjecture. The objection that the statute is repugnant to the clause of the 14th ame

THE COSORESSIONAL FIGHT.

What the Candidates and Their Friends Hay to say About It.

The greatest interest centres on the office of congressman, and all the candidates are confident of winning.

The friends of Hiestand claim that h cannot be defeated, because they say he has with him a majority of the leading township workers in the several districts, that his record as congressman has been satisfactory to his constituents, and with his experience the people are convinced that he can be of more use than any of the other candidates.

ESHLEMAN'S CLAIM.

The friends of Eshleman claim and my they can prove that when the deal was made to beat A. Herr Smith, Hiestand promised that if he was given the office two terms, in consideration of Eshelman not running at that time, he would step aside and not be a candidate for a third term. Eshleman kept his part of the con tract, but Hiestand did not. The friends of Eshleman to day boast of their ability to nominate him. They have their confidence on the fact that he has a better organization in the county that either of the other candidates, and that there will be developments before the week is out that will create a boom in his favor that will result in his nomination. One of the probable even is to happen they say is the flopping of Mentzer to Eshieman, because Senator Quay wants Eshleman nominated. It is known that the senator and Mentzer pulled together a few years ago, and if Quay makes such a request Mentzer will go to Eshleman, as it is be lieved that Roebuck is not in the fight Another claim on the part of the cold friends is that before the week is out it will be demonstrated that the fight is between him and Brosius, and rather than see Bro sius elected, he will get the support of many throughout the county who to-day are fo Hiestand. In conclusion our informant named many active workers in the several districts of the county who will work for the success of Eshleman as they never worked before for any other candidate.

MR. ROEBUCK IN THE FIGHT TO STAY. A representative of the INTELLIGENCER recently had a very frank chat with Dr. P. J. Roebuck, Warwick's candidate for Congress. The doctor said of his chances : am very hopeful of winning, because in the fifty or more districts that I have can vassed, I find a very strong sentiment in my favor. Unless my friends desert me in very large numbers, I can't see how I will te beaten. The argument that I make before the peo ple, that the country districts, which sive the big majorities, ought to have the congreasman once in a generation, has had much good effect and has materially strengthened my position. Then, too, I am from a very strong Republican section where I expect the great bulk of the vote. In the southern end of the county, where I had hardly hoped for much, I find myself possessed of unexpected strength. My hopes of my success are based on the belief that Hiestand and Eshleman will draw from the same element of the party and offset each other ; Brosius will get many scattered votes, but not having the town ship workers with him and lacking the organization they give in a contact 1 will kind, he will fall of success; and 1 will nization they give in a contest of this come in for the vote that remains, which 1 think will be enough to elect me. I am in the fight to stay to the very end, and have as informed all my friends." THE SOLDIER CANDIDATE.

"You can put it down that Brosius is going to be the next congressman, " said of that gentleman's enthusinatio friends to the INTELLIGENCER's reporter to-day. "He will be elected because will have strength everywhere. soll'ers are for him, the tem-

THE RECORDERSHIP. The contest for recorder will be very close. Reinhold will carry the First,

Seventh, Eighth and Ninth wards, and Lehman will have a good majority in the Second, Third and Fourth wards and a small one in the Fifth. ASSEMBLY, CITY DISTRICT.

All the candidates for assembly, for the city district have made a thorough canvass. Franklin has the best of it because he will get the united strength of the Sensenia combination, while that of Mentzer's will

be divided between Long and Brinton. COUNTY BOLIGITOR. There has not been much interest taken in this city in the contest for county solicitor, but indications favor Lane carrying the city. He is the oldest candidate out for the position, and has the support of many politicians of both factions.

WHAT CORRESPONDENTS SAY.

Reports From all Sections of the County as to

the Coming Primary. The following replies were received from correspondents in answer to inquiries addressed to them by the INTELLIGENCER. They are the views of the parties who sent them and are supposed to reflect the senti-ment in their respective districts. Their answers are published just as they were received : COLUMBIA, April 8 .- The primary con-

test is exciting considerable interest among the Republicans of the town, and they are now waking up to the importance of this contest. The indications at present are that a large vote will be polled on Saturday next, variously estimated at from 800 to 950 votes. Much of this interest in the contest and a large portion of this vote will be due to the popularity of the home candidates. Columbia has presented three candidates as follows : C. C. Kaffman, esq., for the legislature ; ex-Sheriff Jacob S. Strine for poor director, and Robert S. Conklin for delegate to the state convention. Mr. Kauffman stands very well with the people, his record at Harrisburg is being scattered broadcast as an argu-ment for his renomination, and he is

popular with the soldier element on socount of his prominence in the movement for the Gettysburg tablet his votes . in favor of the Erie home and the liberal appropriation for the soldiers' orphan schools. Ex-Sheriff Strine is the only candidate in the Northern district for poor director,

bill,

and I think his vote will be about as unanimous as Mr. Kauffman's. Robt. Conklin, the candidate for state delegate, is a young man, popular with the leaders and a good worker. He will

be cordially supported. In a straight contest between the Mentzer and Sensenig combinations, outside of the local candidates or special favorites, the result will be pretty close, with the changes in favor of the Mentzer set-up.

From the present outlook the candidates in the congressional race will stand Hiestand, Brosius, Roebuck and Eshleman The plurality, if any, for Hiestand will be small, and it may be possible that Brosius will carry the town. He is popular among the soldier element of town, and that means a very good vote. He was in town

a few days ago looking after his political fences, and he is reported as saying that the outlook was exceedingly encouraging. Strine will be for the Hiestand-S combination, but Hippey is an uncertai factor. As yet he is just as likely to be for Broslus as for Hiestand. A knowing poll-

ical feeling is at its height with indications pointing to a large vote being polled. O the four candidates working for congres sional honors Jno. A. Biestand seems to have the inside track. This is what was expected all along, as the leaders are with him. R. Frank Kahleman's chances are not bright. Mr. Brosius will get some votes here and Roebuck's chances are poorest of

ON THE EDGE OF THE COUNTY. ELIZABETHTOWN, April 9.-Col. Eshie man has the best of the congressional fight in this borough. Brostus and Hiestand will contest for second place, with the chances in favor of the latter. Reinhold will get a good vote for recorder.

NEAR THE BERES COUNTY LINE. ADAMSTOWN, April 7 .- The vote o Adamstown borough will not be large, but Roebuck will have a majority. All the other candidates have warm friends here, MANHEIM BOBOUGH.

MANHEIM BOROUGH, April 9 .- From present appearances the contest for Congress in this borough is between Esbleman and Brosius. Hiestand will be third and Roebuck badly left. FROM THE BARLS.

NEW HOLLAND, April 7.-From present indications there will not be a large vote polled in Earl township next Saturday. The farmers are too busy with their spring work, the season being late, to bother with the election. The contest for Congre between Eshleman and Broalus and in light vote Eshleman will win. The leading candidates for the legislature are Ranck, Seyfert and Kauffman. Reinhold for re-corder will carry the township. New Hol-

land, the former home of A. B. Hassier will give him a good vote for county solici tor. A TRIFLE DIFFERENT. NEW HOLLAND, April 9 .- There will be 350 votes polled next Saturday, and the con test for Congress is between Eshleman and

Hiestand. The leaders in the legistative fight are Ranck, Seyfert and Smith. Reinhold will run sheed for recorder. WEST EARL.

FARMERSVILLE, April 7 .- The vote in West Earl township will be about 250. The vote for Congress will be cut up and be of no practical use to any of the candidates. Roebuck will carry the township. Ranck will lead for the legislature with Kauffman, Seyfert and Kemper following in the order named. The recorder's fight will be close but Lehman will have a majority.

AT THE EASTERN END. BLUE BALL, April 7 .- There has been little excitement in this election district as to the coming primary. It looks as if Hiestand would get the largest vote. As to the candidates for the other offices there is very little interest except for Seylert His vote will be large.

ALONG THE RIVER.

BAINBRIDGE, April 9.- In Concy town ship W. S. Smith is the leader of the old Buil Ring faction and for years the vote has been returned just as he wanted it. He is of course for their combination this yes and will make a great effort to send the one-sided return. He will succeed in everything but Congress. There is a small element opposed to Hiestand who want Eshieman, and it is possible that Eshieman may be given a fair vote in the district.

MABIETTA, April 7 .- According to present indications it is apparent that Hier tand will carry this district for Congress with a goodly majority, with Brosius as second man. Smith and Kauffman will lead for the legislature, with however some dissatisfaction, which causes them to loss BOBIO VOtes.

The greatest fight here is for recorder, and Lehman will make it hot for Reinhold. A great many voters of this (Reinhold's

candidates. For the legislature Kemper will lead with Smith second and Seyfert third, Ed. Reinhold will beat Lehman two to one in this district.

A DIFFERENCE OF OFINION. EPHRATA, April 7.-If there are 700 votes polled, and that is the number expected, Roebuck will lead with Eshleman second and Hiestand third. Kemper's vote will be very large, it being the township in which he lives. Hiestand has warm friends, but the people are clamoring for a change. They think he has had enough from the party. A PART OF MT. JOY.

MILTON GROVE, April 7 .- In the 68th election district, known as Milton Grove, there will be 125 votes polled. Brosius leading all other condidates for Congress and will have a majority over all others. Seylert, Smith and Kaufiman will run shead for the legislature, and Reinhold will get a heavy vote for recorder.

STEVE ORISSINGER'S HOME. SPORTING HILL, April 7 .- Taking al the districts of Rapho township together Hiestand will have a small majority. He will be closely followed by Brosius and Kahleman. It looks as if Reinhold would get a good vote in the township.

Eshieman, who has large property interests in the township, has a good following, and Brosius has sor friends. It looks as if the vote would be cut up. AL. STOBER'S DISTRICT.

SCHOENECE, April 9.-In West Occalico there will be from 125 to 150 votes poiled and Roebuck will get a hundred of them For the legislature there will be a fair division among the field with a probability of Boyd and Ranck leading. Lehman, for recorder, will have a small majority.

IN THE LOWER END.

What an Observant Corresponden' Saw it the Ground-Hog Country.

QUARRYVILLE, April 9 .- Although the Republican primary is pear at hand, it is scarcely in the power of any one to forecast with any degree of certainty anything in the Lower Eud. The fight all around seems to be a mixed one up to this time and if there are as many changes in the time, between this and the primary as there have been in the last two weeks most anything can be expected.

In the early part of the campaign it was to be supposed that the contest in the lower part of the county for Congress was between Brosius and Eshieman, with the forme largely in the lead. Hiestand was in for third place and Roebuck unheard of. It is not so now, the fight is down to Brosius and Hiestand, with strong chances that "Jolly Jack" will lead ; the best workers

the legislature, with Gatchell second. Lehman will lead for recorder, but Reinhold will get a better vote than he did three years sgo. Dr. J. M. Witmer is for Dr. Roebuck and the Mentzer set-up ; P. C. Hiller and John P. Weise for Hie Maria Good and his friends for Kahleman GREENE, April 7-In Drumore there will only be a three-fourth vote polled. It will be a close fight betwee a Brosius and Hiestand, Chandler and Heldalbaugh are strong, the former on secount of his favor ing home protection. Since Moore is out of the field for recorder, Reinhold will ge a fair vote.

BART, April 7 .- There will be 150 votes polled in Bart township, and if the situa-tion remains unchanged Hiestand will get two-thirds of them. Mylin will carry the township by a good majority. Heldel-baugh will lead for the legislature, and Baldwin and Peoples will each receive a fair vote. Hassier leads for county solicitor and Reinhold for recorder. John Keen one of the township bosses, is for Brosius and Heidelbaugh for Hiestand.

BART, April 7 .- Brostus will be likely to carry Bart township by a small majority The representative men of the township are for him and the nickel mine employee are for Hiestand. Mylin will carry the township, but Lendis is gaining gr und Heidelbaugh and Baldwin are the favoritee for the legislature. The recorder's fight seems to be lost sight of, but it looks as i Reinhold would have a small majority. FAIRMOUNT, April 7.-With 180 votes

Little Britain township it will be close be tween Hiestand and Broslas. Mylin will carry the township by 20. Baidwin and eoples will lead for the legislature, with a fair vote for Gatchell and Chandler. Rein hold will have a majority for recorder.

MILLERSVILLE, April 7 .- Manor town ship, the home of Landis, will give him : big vote for sepator. Broalus will also fare well in Landis' balliwick. Roebuck has no

strength and Eshieman has some friends who will do all they can for him. Lehman will carry the district for recorder. WASHINGTON BOROUGH, April 7 .- The

small vote in this district will be divided on the congressional contest, with Brosiu

WHAT THE RETURNS SHOW.

Those Who Will Win Prizes in the Coming Contest. If the above returns are correct, it looks vary much as if the contest for Congress was close one between Broslus and Hiestand with the chances slightly in favor of Hiest. and. They also show that Mylin will win for the Senate, Franklin, Baldwin, Heidel

baugh, Smith and Kauffman for the legis lature, with a close fight between Kemper, Boyd, Ranck and Seyfert for the remaining racant places.
