Given, esq., chairman of the committee of five appointed to select a manifest of twenty-one, reported that in heir estimation that number was entirely to small for the work involved and thought the small for the work involved and thought one hundred. The report was unanimously d. A list of one hundred names was read, representing over twenty one in-dustries of the town. The majority of the mittee is composed of young men hav ing the necessary amount of energy to make the celebration a success. The list was musnimously adopted and the com-mittee was empowered to add and fill all ies. The committee will meet at an riy day for organization and arrange for he carrying out of the work. Gen. Wm. son and Dr. S. A. Bockius were elected ment officers of the citizens meeting. The town was laid out on the 25th of July, but as the weather would be very warm it is probable that the celebration will be held in the cooler months.

The meeting adjourned to meet at the all of the president. ident Patton appointed the following vice presidents of the permanent organigation: Messry. Samuel Shoch, Joseph Tyson, Dr. D. I. Bruner, E. Hersbey, Daniel Stape, John B. Bachman, Joseph

Bokman, E. K. Smith, John Shenberger and Frederick Bucher. Tramps Arrested. A gang of train jumpers were arrested yesterday afternoon by the P. R. R. de tectives at Collins station. Eleven tramps were secured and brought to the office of Squire Solly for a hearing. Three of the number were three boys from Carlisie and

anaged to pay their fines and costs. The ther eight tramps were given ten days in A congregational meeting was held in the Presbyterian church last evening, when the following trustees were elected for three years : Messrs. C. S. Kauffman, Adam R. Moss and George Crane,

Essential to Health. The value of the phosphate of lime to the human system is everywhere acknowledged by the highest scientific authorities. This substance is found in wheat and other cereals. and constitutes the vital or nutritive elemen therein. Indeed, it may be truly said to be the essential and vitalizing con "then to all grains. If grains are delived of the phos-phates, their life-sustaining reopertes are withdrawn in the same proportion. It is a well known fact that a fine white flour is de-parted of a large cortion of the phosphates in prived of a large portion of the phosphates in the process of boilting, and that such flour alone will not sustain life. It was a happy dea of Prof. Horstord to restore life-sustaining substances through the medium of baking powder, and his famous preparation has proved one of the most useful gifts which sci-ence has made to mankind. It contains the nutritious and strength-giving phosphates, and its use is positively beneficial to health. It makes biscuit, bread, gems, rolls and other It makes biscuit, bread, gems, rolls and other articles that are far more light, white and wholesome than it is possible to produce by any other process. The virtues possessed by this preparation should commend it to all tareful and economical housekeepers, in a report on the relative value of the various baking powders, Prof. Chas A. Glee Club Coming.—The gles and serenade clubs of the University of Pennsylvania have arranged to give a popular cellege concort in Lancaster on Monday evening. April 2.d. The gles club numbers seventeen voices, carefully chosen to represent the University on the spring tour. A brilliant repertoire of college songs is promised, as well as several male gless of a popular nature, Their programme, while largely made up of vocal selections, will not lack for variety, as it introduces the serenade club, a novel and charming instrumental combination of cornet, violin, mouth-harps and guitars—a typical college organization. Lovers of college music will have a this concert an excellent opportunity for a agening's enjoyment. Amusements.
