

THE OFFICIAL VOTE.

MR. BROUSIER MAJORITY OVER HIRSH... TWO ONE THOUSAND AND TWO.

George H. Hatch Secures a Few More Votes Than Mr. Smith and is Re-elected For Assembly—The Two Wins For Prices Inspectors—Lancaster's Great Majority.

The Republican returns judges continued to read the whole of yesterday afternoon and it was evening before the reading of the returns had been completed. The clerks then began their count, which was not completed until half-past ten o'clock, when the figures were compared and everything found to be right.

The figures show that 16,152 votes were cast in the Congress contest, this being the largest number for years. The majority of Mr. Broussier for congressmen is 1,002, being larger than it was at first believed.

For members of the legislature in the Northern district C. C. Kaufman ran away from everybody else. The fight between several other candidates was so close that it required the official count to ascertain who were the lucky men.

Mr. Seyfert had received the vote of Manheim township from a private source during Sunday and it is believed that the figures given to him were wrong, as he had been credited with the vote of another candidate much larger than his.

In the Southern district Baldwin was ahead and Caldwell was in danger of being defeated by 17 votes. There was no difference between the two candidates in Lancaster yesterday, but the doctor, and he was kept busy lecturing the 1-to-100-yo-so people.

The queerest fight in the whole campaign was the one for prices inspectors, and here also it required the official count to decide. It was known that Jacob W. Nisley was nominated, but the fight was very close between Henry Dohner and Christian H. Nisley.

The official figures defeated Dohner by just fifteen votes, and both Nisleys went through. Jacob Nisley ran well and received a very heavy vote. The two Nisleys are cousins. Jacob lives in Mount Joy township and Christian in East Donegal.

There was no opposition to the delegates to the national convention and for alternate Samuel K. Eberly, of Croy, ran away ahead with Henry S. Eberly, of Croy, as the other winner.

For delegates to the state convention from the Northern and Southern districts there were several close contests. The number of votes received by each candidate is as follows:

THE MILLS TARIFF BILL.

IT IS NOW BEFORE THE LOWER HOUSE OF CONGRESS.

The Galleries Crowded and Much Interest Manifested in the Proceedings—The Author of the Measure Presenting a Motion. A Remedy For Oppressive Taxation.

WASHINGTON, April 17.—To-day will be memorable in political annals as the day upon which the tariff war of 1888 began in the House of Representatives. After months of preparation the first step toward beginning the real work of the first session of the 50th Congress. The friends of the bill claim that it has steadily grown in favor from the date of its publication.

The debate will doubtless be particularly noticeable because of the fact that it is now being prepared, will be delivered in about a week or ten days after the first pouring of electioneering has subsided. There is no telling when the end of the debate will be reached. Already no less than ninety-three members, or about one-third of the entire House, have placed their names in the speaker's record book as desiring to speak.

He Passed a Fair Night—His Disease Explained by a Berlin Newspaper. BERLIN, April 17.—1140 A. M.—The emperor passed a fair night and obtained some sleep. No change for the worse is noticed this morning. The physicians, including Professors Leyden and Senator, are now in consultation.

1150 A. M.—Emperor Frederick's feverish condition is unchanged at this hour. The Emperor's new trouble is not a case of simple bronchial inflammation, but of an extension of the disease in the lungs themselves. This new complication is the result of what occurred last night. The emphysema cannot lie in its proper position and it becomes forced into the secretion from the lungs. Instead of finding an outlet through the trachea passed along outside of it, into the bronchial tubes, producing inflammation.

BERLIN, April 17.—The following bulletin, signed by Dr. Macintosh, Wagner, Kell, Hovell, and others, was issued at 4 p. m.: "The symptoms of bronchitis have considerably diminished since yesterday and the fever abated. The emperor passed a better night and his general condition is satisfactory."

The Louisiana Election. WASHINGTON, April 17.—The Louisiana state election, which takes place to-day, is the subject of more or less talk in Washington political circles. A somewhat estimated canvass has taken place by the respective nominees for governor, and in some quarters the election is thought to be close. The representatives in the House from that state, however, express themselves as not particularly anxious for the election. Mr. Blanchard says Nichols will be elected governor over Warmouth with not less than 20,000 majority, and the legislature will be two-thirds Democratic on joint ballot.

Chambersburg, Pa., April 17.—The Republicans of Franklin county held their convention to-day and nominated John H. Hoffman for president, Judge Hon. Hastings Dehr was nominated for Congress, and G. An Incredible Fire. Daring Attempt to Burn Heddy's Hall and Warehouse in Ephrata. Last night a fire was made to burn the large tobacco warehouse and public hall of L. L. Heddy, which are in one building, in the town of Ephrata. The incendiary broke a pane of glass from a window in the basement and was enabled to fill the same with kerosene oil and to light the same and crawl in. The basement was filled with tobacco and was in flames. Between the cases a lot of shavings, saturated with kerosene oil, were placed and the match was then applied. The fire was discovered about 10 o'clock by A. B. Benar and another man. They gave the alarm and the firemen were called. The fire was extinguished. The building was also considerably injured. The tobacco and building were both insured.
