A SEVERE STORM.

Ephrata and Acjoining Townships Vic With Hall—The Grooks High. There was a heavy storm in Ephrata and adjoining townships on Sunday afternoon between 4 and 5 o'clock. The rain was heavy and in the country about one mile east of Ephraia in the vicinity of Bethany church there was a heavy fall of hall. On the farms of Benjamin Yohe, a gentleman named Kilbeffer and others the wheat was cut to ploces. Twenty-five window panes in the house of Mr. Yohe were broken by the ball and a number of his neighbors also had window panes broken.

Late in the evening thirty test of the dam at Gockley's postoffice, near Shoeneck, on the Indiantown creek, were torn out and in a short time the low lands of the neighborhood and fences were overflowed and the fences carried away ; other damage was done. This heavy body of water rushed into the Cocalico creek, causing that stream to rise rapidly and the Conestogs in furn also raised so much that the Eden paper mill had to suspend work. The men engaged in quarrying stone for the new water works were also obliged to quit work this morning on account of the high water.

A young man residing in Ephrata town-ship, a son of Levi Heck, attempted to cross the Cocalico creek last evening at Fahnestock's mill. The water was so high that be missed the bridge and got into the creek. He saved the life of his horse by cutting the harness. He managed to get across the creek after a great deal of hard work. His buggy was ound this morning some distance down the creek and it was not damaged any. Near Bethany church the hail at son places this morning was a foot deep.

A Great Meteor. At ten minutes of eleven o'clock on Bunday night a sudden flash of light called attention to the western heavens where a magnificent meteor appeared. It looked like the ball of a Roman candle followed by a trail of fire and changing in color from yellow and orange to a brilliant green. Its flight was not very rapid and it salled across the sky with every appearance of a spendid piece of fireworks. Many witessed the display and are enthusiastic in their description of it and agreed as to the colors and the flash.

Subject to Milliary Duty. The county commissioners to-day sent to Adjutant General Hastings a certified list of the number of men in each district of the county subject to military duty, as directed by the act of assembly of 1887. All males between the ages of 21 and 45 are liable to military duty and the assessors' returns show that there are 21,907 in this county.

Of this number 5,210 are in the city. A Slight Driving Accident, Last evening two men were driving one of Newton Fry's livery teams down Prince street. As they turned into Chestnut street the horse stumbled and fell, almost

standing on his head. The only damage was the breaking of a shaft. Writ of Replevin. W. A. Haskell, through his attorney, T. J. Davis, to-day recovered a sorrel mare in the possession of Henry H. Bitts. Haskeil claimed the property as his, and as Bitts could not give bond the mare was turned
