

The Daily Intelligencer.

LANCASTER, JUNE 14, 1888. THE DAILY INTELLIGENCER publishes all the telegraphic news of the United Press up to the latest possible hour.

The Water Supply. It is not easy to understand why the city continues, and proposes to continue, to pump mud to the reservoirs.

Cannot Be Foretold. Chicago seems to be hot for Gresham; but Gresham will not be nominated. He is the strongest candidate that could be put up.

PERSONAL. CHARLES C. TOWNSEND, of Beaver, has been nominated by the Legislature as the Republican candidate for the Twenty-fifth district.

A Balloon. A bill has just been favorably recommended to the House from a committee which appropriates \$150,000 to enable Mr. A. de Bausset to build an air ship.

THE ENGLISH ALARM.

The English seem to be having quite an epidemic of war frights just now. Lord George Hamilton, of the admiralty, attempted to quiet the talk about danger of invasion by a speech in Parliament.

The ruler of the queen's navy seems to have made the mistake of exaggerating the obstacles in the way of invasion and naval and military men, who expect to profit by the scare, joyfully proceeded to show that the landing of such an army would be a very easy matter, indeed.

It is clear that the present expenditure for new water works is folly if it is not accompanied by some plan to pump clean water into the reservoirs.

It is clear that some arrangement must be made to clear the Conestoga water. It is scandalous and absurd that it should be served to us as it is on the occasion of every heavy rainfall anywhere along the course of the stream.

TO DIG IN BABYLON.

The Babylonian expedition, to be undertaken under the auspices of the University of Pennsylvania, will develop, it is confidently expected by its projectors, many archaeological treasures.

William Pepper, in November of last year, a number of prominent gentlemen in Philadelphia, among whom might be mentioned Mr. H. C. Lee, Mr. H. E. Houston, Mr. Joseph D. Potts, Mr. George W. Childs, Mr. Stewart Wood, Mr. W. W. Frazer and Mr. C. C. Harrison, subscribed towards an expedition, and organized themselves into the Babylonian exploration fund.

The expedition is probably the most completely equipped one that has ever gone to that region, and Philadelphia may justly feel proud in it.
