

The Daily Intelligencer.

LANCASTER, JUNE 13, 1888. PUBLISHED EVERY MORNING... THE INTELLIGENCER, Lancaster, Pa.

The Dead Emperor and His Son.

Frederick III, of Germany, and his son William reigns as king of Prussia and emperor of Germany. In spite of the smothering grip of death at his throat...

Of his son William very little can be said with confidence. There have been many harsh things said of his private life, his unscrupulous ambition and cold selfishness...

There is no more inspiring scene in modern history than the brave grapple with death of this prince who had already proved that he was not of the usual type of ornamental sovereigns.

The new emperor is only twenty-nine years old, but is said to have matured early, and not even his most bitter enemies doubt his courage.

It is perhaps fortunate for the peace of mind of nervous foreign ministers of state that Bismarck sturdily outlives the emperors, and keeps the ship steady while pilots are changing.

The Safe Harbor Railroad.

A correspondent, who is interested in the building of the railroad from Lancaster to Safe Harbor via Millersville, complains in another column of this day's paper of the report made upon the project by the railroad committee of the Board of Trade, and his complaint seems to be very well founded indeed.

The Philadelphia Press' editors are in Chicago. The Junior in their place makes the Press say: The Richmond Dispatch isn't half as bright as it would be if there were a little brain in its editorial department.

committee of the Board upon the Safe Harbor route, we have to say that it does not seem to be sound. They would have the road join the Reading road at James street instead of this side of Dillerville, saying that a mile and a half in distance would be saved.

In joining the Reading at Dillerville, a junction can also be had with the Pennsylvania railroad; and this connection the new road must have. It joins the Pennsylvania at Safe Harbor, and there will be no difficulty there about the depot, as the committee suggests, in its strange willingness to state objections to the scheme. We all know that no railroad can refuse junction with another, and it is plain that it will not be to the interest of the Pennsylvania to turn its back upon this road which connects with it at both ends.

The High School Commencement.

The high school commencement is drawing near and brings to mind the fact that two radical new departures are to be made this year, which the people will cordially welcome. The first is the limitation of the number of speakers to ten young gentlemen and ten young ladies, the selections being based upon merit.

The second reform is the stand against present giving and flowers. Heretofore the sight has been witnessed of a floral sea upon the stage and presents without number at the feet of some, in marked contrast with the paucity of presents for others.

The "Fourth."

We are on the heels of the Fourth of July and all the indications point to a dry, uninteresting celebration of the day. Why this is so is not clear. There is enough patriotism in the town and enough money to make it shine forth properly if it could be concentrated and given due direction.

The Philadelphia Press' editors are in Chicago. The Junior in their place makes the Press say: The Richmond Dispatch isn't half as bright as it would be if there were a little brain in its editorial department.

MANY are wondering why Senator Evans is not mentioned for a Republican presidential nomination. His connection with the Hayes fraud settled his career.

at the ball and banquet where with DeWitt Clinton, then governor of New York, celebrated the completion of the Erie canal. OLD CAPTAIN ISAAC BARRETT, the assistant doorkeeper of the Senate, who has served the Senate for fifty-eight years, will be delighted when Judge Thurman becomes president of the Senate.

EX SENATOR J. E. McDONALD, of Indiana, says: Thurman is wonderful, and peculiarly strong in Indiana. In his support the Democratic party of Indiana is unanimous. There is not one dissenting voice.

Who is the Prettiest Girl in America. Is a question which perplexes countless of connoisseurs assembled to nominate the most beautiful. But such an assemblage would not be surprised to learn, that the most charming of them all, is the girl of the Atlantic, enhance the beauty and preserve the soundness of their teeth with ROZODONT, since everybody knows that the ladies prefer it to any and invariably decide the issue.

The Stops of an Organ. With such important functions as the liver are of course productive of serious local disturbance. When it relaxes its secretory and distributive activity, bile gets into the blood, and tinges the skin and white of the eyes with yellow, the liver becomes congested, the tongue coated, the breath sour. Then come headache, vertigo and congestion of the brain, accompanied with loss of vitality or under the right surgical blade, "shall blue" the remedy sought. No, for mercury in any form is pernicious. What then? Experience indicates Hostetter's stomach pills, but they do not relax the bowels without pain, but they do relax the bowels without pain, but they do relax the bowels without pain.

Ayer's Hair Vigor. Dress the Hair. With Ayer's Hair Vigor. Its cleanliness, beneficial effects on the scalp, and lasting perfume commend it for universal toilet use. It keeps the hair soft and pliant, preserves its color, prevents it from falling, and, if the hair has become weak or thin, promotes a new growth.

Efficiency. of the preparation. "Mrs. P. H. Davidson, Alexandria, La. I was afflicted some three years with scalp disease. My hair was falling out and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its original color." (Rev.) S. S. Sims, Pastor U. B. Church, St. Barthelemy, Ind.

"A few years ago I suffered the untold loss of my hair from the effects of tetter. I hoped that after a time nature would repair the loss, but I waited in vain. Many remedies were suggested, none, however, with such proof of success as Ayer's Hair Vigor, and I began to use it. The result was all that I could have desired. A growth of hair soon came out all over my head, and grew to be as soft and heavy as I ever had, and of a natural color and frizzy set."—H. H. Frost, Spofford, Texas.
