THE NOMINEE.

Binjimin Harrison Chosen on the Eighth Ballot.

A STAMPEDE FOR THE INDIANIAN.

BOW THE STATES VOTED ON THE SIXTH. SEVENTS AND FINAL BALLOP.

The Six h Day of the Convention Opens With Blaine's Lieutenants Confident of Nominating Their Payorlie, But the Harrison Army Gains 53 Recruits From Pounsylvania and the Support From Other States Gives the Ir diantan the Honor of Leading the Republi-" can Party Op Salt Hiver.

The unsuccessful balloting of Saturday morning's session had the effect only of intensifying the interest in the proceedings of the convention when it was called to order after the recess. The galleries were filed early, and in the space reserved for the delegates the hum of conversation was incomant. Hardly had the gavel of the chairman fallen upon the deak when Mr. King, of Maryland, moved that the conven-tion adjourn until 11 o'clock Monday morn-ing. The chair decided that the roll of ing. The chan

ates be called. When it was apparent that the motion to when it was apparent that the motion to adjourn had prevalled, a delegate from Alabama arose and inquired whether rail-road tickets which expired by limitation Saturday would be extended. In response the chairman, whose voice is still weak, directed the secretary to state that the tickets would be good until the convention adjourned size dis, and when the secretary, was inside adout railroad by an inadvertence, spoke about railroad passes, the convention realized the ludic-rousness of the slip and applauded and

langhed vigorously. The chairman then announced the vote to stand, Yeas 496, nays 322, and the convention accordingly a journed to meet on Monday morning at 11 o'clock.

TO SPRING BLAINE'S NAME.

The Skirmiening For the Plamed Knight, Cal fornians Getting Their Champsgue, Ready, CHICAGO, June 25 .- Around the hotels this morning it is persistently rumored that a final communication has been re-ceived from Mr. Bisine and at the convening of the convention this morning unanimous consent for its presentation will be asked. But this is just as persist-ently denied by B. F. Jones and Stephen Elkins, although the fact that they couch their denial in the words: " have absolutely received nothing from Ir. Blaine" may be significant. There is a good deal of talk concerning the secret Bisine conference last night and this morning at the Grand Pacifin, in which some sixty delegates, representing all the states excepting Nebraska, lows, Kansar, North Caroling, South Caroling and Missis sippi were the participants. All of them that have been seen agree that although no letter or dispatch from Mr. Blaine was presented, it was nevertheless determined to make a stand for his nomination regardless of his own wishes in the matter. A good many of the delegates made lengthy speeches in which it was contended Mr. Blaine, being so far away, did not clearly understand the situation when his letters were written, that the platform which had been adopted was one upon which he could stand and that there was no doubt but that if nominated he would obey the call. Sam Fessender ennounced that when the proper time came Maine would be ready with her support. F. L. Burden said the same for Massachusetts, Wilson, of Kentucky, and ex-Governor Warmoth, of Louisians, pledged their delegations and Logan H. Roots, of Arkansas, made an earnest address in favor of going shead without waiting for any word from the leader across the ses. After out everybody present had added something to the discussion it was formally pro posed that a committee should be appointed o take charge of Blaine's interests and place him in nomination, after the fourth ballot to-day. But this was opposed by Rocts, who did not want cial time fixed for springing the candi date's name, and as a good many others agreed with him, it was decided to simply empower the committee to take the matte in hand, determine Biaine's actual strength and report at a meeting at 10 o'clock this morning. When the con-ference adjourned at 2 o'clock this committee, which is composed of Creed Haymond, Col. Samuel Fessenden, Powell Clayton, F. L. Burden (Mass.) Charles Emory Smith (Pa.) and General Marcy (Tenn.) appointed canvassers to h delegation and get the name of poll es every Bisine supporter. They went about their work with a will, and a great many delegates were pulled out of their beds t answer the interrogatories. At this writing their labors have not been concluded The California contingent is so confident that Bisine will be nominated to-day that it has ordered two hundred gallons of the latest and most fashionable brand of champagne. They have also bought a hundred bright tin cups from a wholesale hardware store. That is taken to mean that when the jollification comes no faucets will be used. They will simply knock in the head of the barrel and let everybody dip.

relinquish their hold upon whatever claims they may have upon the convention and make Mr. Blaine their candidate as nearly unanimously as possible. His Maine friends, led by Congressman Bou-telle and Mr. Manley, will insist on this and telle and Mr. Manley, will insist on this and they are supported by every clear-headed, honest friend of Mr. Blains. Of course there are a few hot-heads here, as most anywhere, and they are attempt-ing to force things, but such a move will be deprecated by those who understand Mr. Blaine's relation to this convention in view of the latters. The other reserve view of his letters. The chief rea view of his letters. The chief reason for the cancus was to obviate anything contemplated which might look as if his name was being forced upon the con-vention. ;At this meeting the Maine delegates I have mentioned fought for some length of time to combut any rash or foolish action on the part of hasty friends, and then I was called on, together with several other gentiemen who are not delegates, and therefore had no right to a place in the caucus, I can now say to you that there will be no stampeding. The other candidates must have their day in the convention, and then if there is no nomination Harrison and the representatives of at least four candidates conclude that Mr. Biaine is the only solution to the dilemma they can nominate him, and I have no doubt he will accept. But we must have it practically unanimous or we won't listen to it. At any rate we are intent on holding down those whose blind fidelity to Mr.

CONVENTION HALL, CHICAGO, June 25 -10:30 A. M .- The throng outside the auditorium was not as dense this morning as was the case at every assalon of the convention last week. This is explained by the fact that nearly all of the political clubs and

legions and the great mass of general visitors disappointed by the protracted length of the convention and despairing of having an opportunity soon to assist in the ratification of the successful nominee, had turned their faces homeward en masse after the adjournment on Saturday alternoon. Still, what under other circumstances would be regarded as an imposing crowd besieged

the doors of the building from an early hour and from the time that the gatek ceper began their duties at half past nine there was a continuous uproar to the upper parts of the house. An hour later very few of the nine thousand seats allotted to the outside public were empty. The delegates, too, on the whole were remarkably early in arriving. Thirty of the New York, nearly all of the Virginians and many Southern, Minnesota, Michigan and Ohio contingents were in their seats at half-past ten o'clock, sithough the time for reassembling was half an hour

later. Very little enthusiasm was manifested and the leading lights of the gathering strolled in one after another without being accorded a single demonstration. Inside as outside the atmosphere was close and sultry and there were indications of a thunderstorm, a fact which caused an enthusiastic Biaine man to suggest that the elements were preparing to give the succomplui candidate a baptism of thunder and lightning.

The nomination of Harrison was received with considerable enthusiasm. Delegates ross on masse and the cheering was loud and long.

The band also played patriolic airs. HOW THE NOMINATION WAS RECEIVED. The roll call demonstrated the accuracy of the vote as already given and Governo Foraker moved that the convention make Harrison's nomination usanimous. He said that the delegation from Ohio, who were all Sherman men, would go away from this convention all Harrison men They could do so, he said, with perfect consistency because they all knew that Harrison was born in Ohio. He accepted the result and he hoped that all the delegations would return to their homes believing that the comination which had been made had been indicated by Providence from the start. They had come here he said, to place a coldier at the head of the ticket and in that they had succeeded.

Senator Farwell promised that Illinois would give her electoral vote to Harrison and he also seconded the motion of Governor Forsker tomake Harrison's nomination

Mr. Depew said that as the only presidential candidate in the convention he also see onded the motion. He thought when he came here Ohio would carry off the honors because that state always gained the day. The delegates would go away without heart-

With pencil and paper in hand scores of Republican politicians eagerly re-corded the results posted the moment after the wires brought them. On Friday night the INTELLIGENCER bulletined the news of the convention taking recess until Saturday morning at 10 o'clock. At the other newspaper offices there were meagre crowds. When the anxious dozen in front of the Examiner were told of the news via the INTELLIGENCER they did not believe it, and waited fifteen minutes to see the same builetin put up before them.

SHERMAN'S SUPPORTERS CONFIDENT, Sherman's followers are in exuberant epirits and are going around claiming the nomination of their man on the second ballot to-day. They claim that if New York adheres to its promise to give him a show after it drops Harrison and they get the support that has been privately pledged from lows, Pennsylvania and other states they will make such a showing as will convince the anti Sherman element that it is useless any longer to kick sgainst the pricks. They also profess to be much encouraged by the action of the Southern delegates in deciding to stand firm to Sher. man. The Harrison men are talking in precisely the same vein and make much of the fact that considerable betting on a baais of four to one against Blaine's nomination is being done.

Mr. Elkins, asked in regard to the Blair e conference, said : " I want what I say to go to the country as the unqualified sentiment of the leading friends of Mr. Blaine There has been much misunderstanding in the matter, both by the public and those who represent the public in this convention. Mr. Manley, of Maine, remarked to United Piess reporter this morning that Blaine would scoept only a unanimous nomination, which at present seemed impossible and that he hoped there would be no more voting for Blaine unless he were formally put in nomination.

Dr. Edmonds, editor of the Northwestern Christian Advocate, who was to open the sixth day of the convention with prayer, made their appearance. No a dozen delegates were absent when the chair, at 11:05, brought down his gavel upon the deak and announces that the convention would come to order.

After prayer the band strikes up "Nearer My God to Thee," Mr. Hueston (Va.) offered a resolution that no vote should be counted which was cast for any one who hat not been regularly placed in nomination. The resolution was declared to be out of order. Mr. Boutelle (Maine) then took the plat-

The Sort of Man Ingalis Wants

The following letter from Henstor John . Ingalis was received by a member of the Kanasa delegation in the convention :

"VICE PRESIDENT'S CHAMBER, Wath-"VICE PRESIDENT'S CHAMBER, Wath-ington, June 16, 1888.—Yours 13th at hand. It does not make much difference who is nominated, in my judgment. The candi-dates will out but a small figure in the fight. We can elect an ybody or we shall fall. The least conspicuous and therefore the least complicated man will be the best-some-body like Hayes in 1876. Among all the men named there is not one 'leader'-no one whose personal or historical rela-tions to the people would make a difference of 1,000 votes in the canvas. Shorman, Allf-son, Harrison, elc. Depaw's connection with railroads and corporations would be a heavy load, especially in the agricultural states. We might as well nominate Gould or Vanderbilt at once. My impression in states. We might as well nominate Gould or Vanderbilt at once.
