Rugar to Go to 9 Dente.

Claux Spreckels says the sugar trust hes just put up the price of sugar and he thinks it will keep advancing until it reaches 9 cents. The crop has been unusually small says he, and some refineries find it very hard to get raw sugar. "We are pretty well supplied out in our California refinery, and won't have any trouble. I have just received a telegram from my son C. A. Spreckels saying he has advanced the price of sugar out there and is doing a rushing business. We can make more money on sugar now then the trust can. The trust cannot make snough sugar to supply the demand. Under the present arrangement the reflueries out of the trust must advance prices to keep up with the trust, otherwise they would be overwhelmed with business and could not begin to fill their orders. Eugar to Go to 9 Dente.

Of Ail Things in the World A tonic is what nervous people require. To impart strength into the nervous organism is impart strength into the nervous organism is to insure its tranquillity, provided causes of unhealthful excitement are avoided. A medicinal tonic that—like Hostetter's Stomach Bitters—commands the unqualified sanction of the healing profession, and which institutes a general reform in a bilious, dyspeptic and debuttated condition of the system, is surely entitled to a careful trial by intelligent people, capable of forming a due estimate of a medicine, from emphatic and often recorded professional evidence in its behalf. Not only are the nerves and stomach invigorated by the Bitters, but the system is also endowed with unwonted power of resistance to influences in air, water or daily avocation subversive of health. Prominently dangerous among the first named of these is malaria, against which Hostetter's Stomach Bitters affords a competent safeguard. Rheumatism and kidney troubles are also prevented and overcome by it.
