BASE BALL NEWS. The August Flower Defeats the Athletic Nine

On Saturday afternoon the August Fiower and Athletic bell clubs met again on the Ironsides grounds and played a good game. The audience was quite large, there being between 400 and 500 people present, and it reminded one of the good old times when base ball drew crowds here. The game was well played throughout but was marred by much "kicking." Hogerth was in the box for the August Flower and, although he was touched up right lively, be struck out thirteen men. Sam Zecher caught a splendid game behind the bat and again showed bimself to be a fine tall olayer. Although Sayder was not hit as hard as Hogarth, the team behind the latter put up the better fielding game. In the catting Gleim led the players of both clubs by securing a triple and a single. A " OREAT " OCCASION.

Points of the Speech of An "Orator" at Mount Airy on Saturday Nignt. FPHRATA, July 16 -The raising of Harrison and Morton campaign pole abou-20 feet high and an open air ratification meeting addressed by four professions stump speakers and one amateur campaign orator, who had more wine than brains, was what disturbed and stilleted the otherwise quiet village of Mount Airy, Clay township, on Saturday night. The professionals confined themselves to one or two topics retating to the presidential campaign to the great satisfaction of the audience, but the smateur, who by the way was the first speaker of the evening, undertook the mormous task of repeating verbatim one of the leading editorials of one of Lancas ter's Republican dailies; besides he tried o convince the old grangers, that i Cleveland would be elected, the nex year's crop of buckwheat would prove a total failure, that the potato bugs would be ten times as bad, and that greenbacks would not command face value. He also tried to convince the old Dutch farmer hat he himself would make a much fitter candidate for the presidency than of Grover. After the harangue of about ha i an hour he was taken in the hotel, sponger and rubbed down with a coon akin, after which he expressed his willingness to de battle for the old flag sgain whenever the

old grangers of Clay needed his service. There were about 75 people-men, women and children-in attendance, and most o those were attracted by a report that a live coon would be on exhibition and would crawl the pole.

THE BANNER UNFURLED.

A GREAT NIGHT FOR THE ENTHUSI-ASTIC DEMOCRACY OF LANGASTER.

They Gather by the Thousands to See the Bandsome New Democratic Emblem Stretched Across North Queen Street. Muste and Firewarns Galore.

The bandsome new net banner purchased by the Democrats of Lancaster for the Young Men's Democratic club was thrown to the breeze from the Young Men's Democratic cinb rooms on North Queen street on Saturday evening, in the presence of thousands of enthusiastic Democrata. The Liberty cornet band had been secured for the evening, and, after playing several selections, the banner was piaced in position. After the banner had been admired by the many Democrata a meeting was organized in the club room, and John E. Malone, erq., chairman of the county committee, in a nest speech presented it to the Young Men's Democratic olub, together with five handsome American flags. He said :

But a moment ago he had been arsigned the pleasant duty of presenting this banner and large American flags for the windows on behalf of the Democrats of Lancaster to the club. This handsome banner excels in beauty that of our Republican negatiors as much as the Democratic vote will excel the opposition in November. It contains the portraits of the next president and vice oresident of the United States. On it is justly the mosto, "Democracy fosters American industries," for the Democratic American industries," for the Democratic party has always festered American industry. The motto means just what the Democratic party promises to do—to protect American labor. It means that the Democratic party will always be found in the front rank in the fight sgainst monopolists and trusts. The Democratic party is not for the tariff as it now is teariff as it contained in the Mills bill. This is a fight of free wool against free whisky. a a fight of free wool against free whisky, and the Democratic candidates will w.n. No Democrat can afford to stand back. It is the duty of every one to take a hand and the verdict in November will be that the Democrats have come to stay. The record of the party during the past four years has been a good one. President Cleveland advocated that which is right. There is nothing unclean in his record or in that of hat grand old Knight of the Bandanns. The Democratic party does not favor pauper labor or the competition of the center Chines, and in spite of pedigree the Democratic candidates will win if we he front of the coming fight."

the front of the coming fight."

At every mention by Mr. Mislone of the candidates' names there were loud cheers. Vice President Win. R. Brinton received the banner on behalf of the ciub. He thanked the Dimocrats of Lancaster for their handsome gift of the banner and American flags. The American flag is the emblem of the Democratic party, for under its administrations the country prospered and is to-day the greatest nation on earth. and is to-day the greatest nation on earth.

The Young Men's Democratic club he knew would do their full share towards securing a giorious victory in November and he ped to see Lancaster city redeem hersel by giving a handsome majority for the standard bearers of the party. After the speeches there was a hand-

some display of fireworks from the roof of the posteffice building, and it was nearly midnight when the enthusiastic crowd dispersed with three cheers for Cleveland, Thurman and tariff reform. The front of the Young Men's Republican slub room building was handsomely decoated in honor of the occasion on Saturday evening, and it was a neighborly act which will be reciprocated. In the early evening an accidental discharge of a sky rocket against the Republican club building caused

Also that Be va Lockwood will not be elected president of these United States this year. And further, that This Store Can Furnish Thought, Material and Work more congental to any hady than striving for the UNGET-A-BLE.
