Ine Emperors Meet.

At 4:30 o'clock Thursday afternoon the German yacht Hohenzollern, with Em-peror William on board, entered the roads the war-ships and forta. The Hohensol-lers was received by the Russis yacht Djersva, on board of which was the exar. The imperial yachts approached each other between a double line of Russian and German war-ships bedecked with bunting.
The weather was fire, and the scene was an imposing one. The German imperial party went aboard the Russian yacht Alexandria, which thence proceeded to the Peterhof

The carries, in a handsome pavilion erected on the quay of the military harbor, cordially greeted Emperor William. The letter inspected the guard of honor, the band in the meantime playing the Prussian mational anthem. The party then proceeded to the palace.

The czar, Emperor William and Prince Henry and the czarewitch rode in a kind of wagonetic. The czarina and the other members of the imperial party followed in open carriages. The route was lined with troops.

A report of the executive committee of the national organization of the cigar man-ufacturers of the United States, sets forth that nearly 500,000 people hold licenses from the United States government of one kind or another, authorizing them to deal in tobscoo; that as many more found em-ployment in raising, handling or manu-facturing tobacco, and that nine out of every ten of the male population over 18 years old were users of the weed in one form or another. The product of cigarettes for the current year was estimated at 2,000,000,000 and of cigars at 38,000,000,000.

Of Ail Things in the World

A tonic is what nervous people require. To impart strength into the nervous organism is to insure its tranquility, provided causes of unhealthful excitement are a-oided. A medicinal tonic that—libe illosteller's Stomach Bitters—commands the unqualified sauction of the healing profession, and which institutes a general reform in a billous, dyspeptic and debitated condition of the system, is surely cutilied to a careful trial by intelligent people, capable of forming a due estimate of a medicine, from emphatic and often recorded professional evidence in its behalf. Not only are the nerves and stomach invigorated by the Bitters, but the system is also endowed with unwonted power of resistance to influences in air, water or daily avocation subversive of health. Prominently dangerous among the first named of these is malaria, against which Hostetter's Stomach Bitters affords a competent safeguard. Rheumanism and kidney troubles are also prevented and overcome by it. Of All Things in the World

As well as the handsomest, and others are invited to call on any druggist and get free a trial bottle of Kemp's Balsam for the Throat and Lungs, a remedy that is selling entirely upon its merits and is guaranteed to cure and relieve all Chronic and Acute Coughs, Asthma, Eronchitis and Consumption. A great amount of political engineering will be done by friends of candidates to secure for their man the first place on the ticket, and the best man will probably secure the coveted place.
