The Wool Issue in a Natabell.

The Chicago Tribune, the ablest Republican journal of the West and a supporter of Harrison, in an editorial commending the action of the House in sustaining free wool, thus clearly presents the whole ques-

tion in a nutshell:

The present average protection on woolen manufactures is 88 per cent, while on raw wool they have to pay but 41 per cent, the manufacturer's etual protection being the difference between 68 and 41 per cent—27 per cent. But the Mills bill, while it put raw wool on the free list, advances the average duty on manufactured woolens from 27 to 40 per cent, and thus gives the manufacturers 13 per cent. more protection than they have under the present law.

This is the reason the woolen manufacturers, while protesting as in duty bound against the lowering of any tariff duties, gave the wink to the Democratic congressment to put wool on the free list. If the woolen inaquifacturers had been opposed to the free wool provision and had attacked it with their united strength it would have been crushed under a heavy adverse majority. tion in a nutshell :

When They Leave Us. The exodus of our bodily traubles is doubly welcome if their departure is unaccompanied by pain. It is the fault of the best of com endable catharties, which act solely upon the bowels, that in operating they gripe and weaken these organs. Hostetter's Stomach Bitters produce a laxative effect, but neither Bitters produce a laxative effect, but neither causes pain nor waaken the abdominal region or the stomach. This is pre-eminently tha alterative which a constipated, bilious or dyspeptic person should use, since a resort to 4t involves no bodily discomfort nor produces a violent reaction. The liver is aroused, the stomach benefited, and the habit of body speedily and permanently improved by it. Fever and ague, rheumatism and kidney troubles are among the maladies for which recorded experience has proved it to be efficacious. It is a wholesome appetizer, and a far more reliable tranquillizer of the nerves than stomach disturbing narcotics and sedatives.

The Handsomest Lady in Lancaster Remarked to a friend the other day that she knew Kemp's Balsam for the Throat and Lungs was a superior remedy, as it stopped ber cough instantly when others had no elect whatever. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well." Lactated Food is the best Food for bottle-fed babies.
