

DAVID'S SLING AND STONES.

CHILDREN HEAR HOW THE GREAT GIANT GOLIATH WAS SLAIN.

The Lesson Drawn From That Tragedy by Rev. Roads and Dungan-Sermons Delivered by Revs. Cook and Hatley.

LANDEVILLE, July 31.—The private devotion, which is a part of every day's proceedings of campmeeting, was observed as usual yesterday.

The children's meeting, in charge of Rev. Roads, was held at 1:30 p. m. yesterday. It opened with the usual song service and prayer by Rev. Roads. Then came Rev. Roads' blackboard talk, and his subject was "Let us slay giants."

David came to slay giants. David was a shepherd, not a soldier, but his brother was in the army, David's father sent him with a basket of food to his brother. He watched the forming of the armies, and saw between the armies a great, and manly giant. This man was the great Goliath. This giant called out to the armies and asked if there was any man who could stand up and fight him.

The evening's sermon was delivered by Rev. O. R. Cook, of Harrisburg. His text was taken from Romans 1:16: "For I am not ashamed of the gospel, for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek."

TRADE IN TOBACCO.

Local Dealers Handle a Few Cases the Past Week—Features of the District Markets.

The past week was quiet in tobacco circles. There were no foreign buyers in town. The following transactions are reported: B. H. Keenig & Co. bought 50 cases Havana seed and about the same quantity; Skiles & Fray sold 60 cases Havana seed in small lots and bought a few cases of the same variety; D. A. Mayer bought 45 cases '87 Havana and sold 75 cases of the same. Harry C. Moore sold 60 cases '88 Havana.

There is not much change to be noticed in the growing crop. That part of it which was planted early is doing very well, while that part which was planted later and suffered from the drought is not doing as well as is desired. One great drawback is the cold nights, and another is the want of a very warm rain.

Sumatra continues to rule very active. A sale of 100 cases at \$1.00 in an event which has just closed. The market is active at this season, but justifying the predictions we have repeatedly made in this place regarding the old stock of Sumatra. Several sales have taken place, and at a much higher figure than it could be expected to reach. Sales for the week 450 cases, at \$1.50 to \$1.85.
