From a Letter to the London Speciate The following instance of dog instinct (r reasoning?) will, I think, interest some of your readers. About a fortnight ago, while crossing the Atbula Pass, our driver stopped for a few moments at the little restaurant for a few moments at the interferential of the highest point of it. A rough kind of herdsman's dog, of no particular bread, I suppose, came out and sat down by the carriage and looked up at ur. We happened to neve a few Marie biscuits in the carriage, riage and looked up at up. We happened to make a few Marie biscuits in the carriage, so I threw half of one out to him. I suppose he had no experience in Huntley & Palmer's make, for he looked at and amelied it carefully, and then declined to eat it, but again looked up at me. I then took the remaining half, bit off and ate a little bit of it, and threw over the rest to him. Tate time he ate at once, then turned and ate the first plece, which he had before refused, and at once came and asked for more, which I had great pleasure in giving him. I may add that I have several times tried a similar experiment with more pampered dogs at home, but have never succeeded with it. Whether this arises from the istter knowing, in most cases from experience, what they like and what they do not like, or, as I am rather inclined to think, from the superior intelligence of this Alpine dog, who really reasoned that what I could eat he could, I save your readers to decide for themselves.

Heducing the Surplus.

The disposition of the surplus in the U. S. treasury engages the attention of our statesmen, but a more vital question has our attention, and that is the reduction of the Surplus Consumptives. How? WARM WAVES.

WARM WAVES

Are rolling in. You can't escape them; but you can escape the sleepless nights, loss of appetite, and languid feeling that result from draining the nervous force by muscular or mental exertion in summer's torrid days. The use of Paine's Celery Compound, that great nerve tonic, will at once strengthen the nervous system, and fortify it against the attacks of summer debility. This preparation is a medicine—not a drink. It is a scientific combination of the best tonics, giving lasting benefit to body and brain. It cures all nervous diseases, and has brought new life and health to thousands whose weakened nerves were the cause of their many ills. It is especially valuable at this season, when feeble persons are so liable to sunstroke, a disease which is nearly always fatal. Paine's Celery Compound, by restoring perfect health, almost entirely removes the liability to this dread disease. If you feel the effects of summer's heat, you can't afford to delay another day before gaining the vitality only obtained by this great medicine. Sold by Draggists. Six for \$5.00.

CUTICURA REMEDIES.

A Frightful Skin Diseas: Sufferings Intense-Head Nearly Raw-Hody Covered With Sores-Cured by the Cuticura Remedies.

MESSAS. FTEVENS & BRUNES, MODICO, N. C.

Dear Sirs.—About two menths ago, on your recommendation, I bought a bottle of turicura Exsclvery, one box of Cuticura Salva, and one cake of Cuticura Soar, for my son, aged thirtsen years, who had been afflicted with eczema for a long time, and I am pressed to say that I believe the remedies have cured him. His sufferings were intense, his head being nearly raw, his ears being gone except the gristle, and his body was covered with sores. His condition was frightful to behold. The sores have now all disappeared, his shin is heatthy, eyes bright, cheerful in disposition, and is working every day. My neighbors are witnesses to this remarkable cure, and the doubting ones are requested to call or with the contract of the sore of the same series.

Sneezing Catarrh. The distressing sneez, sneeze, the acrid, watery discharges from the eyes and nose, the painful informmation extending to the throat the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches,—how familiar these symptoms are to thousands who suffer periodically from head colds or influenze, and who live in ignorance of the fact that a single application of Sanford's Badical fure for Latauni will afford instantaneous relief.

But this treatment in cases of simple Catarrh gives but a laint idea of what this remedy will do in the chrone forms, where the breathing is obstructed by choking, puted mucous accumulations, the hearing affected, smell and taste gone, throat ulcerated and healing cough gradually fastening itself upon the debilitated system. Then it that the marvellous curative power of Saxpord's Radical Cure manifests itself in instantaneous and grateful relief Cure togins from the first application. AYER'S SARSAPARILLA.

THE OLD DOCTORS

Drew blood, modern doctors cleanse it; hence the increased demand for Alteratives. It is now well known that most diseases are due, not to over-abundance, but to impurity of the Blood; and it is equally well attested that no blood medicine is so efficactors as Ayer's Sar-saparilla.

"One of my children had a large sore break out on the leg. We applied simple remedies, for a while, thinking the sore would should beal. But it grew worse. We sought medical gavies and were told that an alternative medi-cine was necessary. Ayer's Sarsapari'is being

above all others, we used it with marvelous recuits. The sore healed and health and strength readily returned."—J. J. Armstrong Weimer, Texas. "I find Ayer's Sarsaparilla to be an admira-ble remedy for the cure of bleof diseases. I prescribe it, and it does the work every time." — E. L. Pater, M. D., Manhattan, Kansas.

"We have rold Ayer's Sarsaparitla here for over thirty years and always recommend it when asked to name the best blood purifier." —W. T. McLean, Druggist, Augusta, Ohio. "Ayer's medicines continue to be the standard remedies in spite of all competition."—T. W. Kichmond, Bear Lake, Mich.
