

TO IMPROVE HIGHWAYS.

\$15,000 RECEIVED FROM LIQUOR LICENSES TO BE EXPENDED.

Amendments to the Appropriation Budgeted. 3-let Council Votes to Build a New Central Market—The New Fire Engine Accepted—Other Resolutions Transacted.

Select and common council met steadily Wednesday evening.

SALUTORY COUNCIL. The following named members were present: Messrs. Burger, Haines, Long, Remley, Schum, Stormfels, Wise and Evans, president.

The reading of the minutes of last meeting was dispensed with.

Mr. Remley presented the report of the fire committee, which was read. It contains very little that has not been heretofore published, except that the committee recommend the acceptance of the Clapp & Jones fire engine, and the purchase of three hose carts for No. 3 and 4 engines.

Mr. Remley offered a resolution for the purchase of three hose carts from the lowest bidders, Anderson & Grossman, and an appropriation of \$360 to pay for the same. The resolution was adopted by a vote of 6 to 1, Mr. Evans voting no. Common council concurred.

Mr. Haines presented the report of the market committee. The committee recommend the building of a new market house on the site of the old Central market according to plans and specifications presented, and that council make the necessary provisions for carrying out the same.

Mr. Haines offered a resolution to build the market house in accordance with the plans presented by Mr. Evans.

The plans were examined by council, and the specifications were read by the clerk.

Mr. Haines made some remarks in favor of a new market house; the old sheds were dilapidated, other more convenient markets were being built in other sections of the city, which were hurting the Central market.

Mr. Remley said before taking any action it would be necessary to make an appropriation for the same at the annual meeting in December. He favored the building of a new market house, but not before next spring.

Mr. Burger also thought work on the building should not be commenced before spring. Besides if we start work now, it will drive stall renters out to the Southern market, and it will be hard to get them back again.

Mr. Haines believed the market house could not be built too soon; he favored speedy action; go on with the work now; we have August, September, October and November for building before the winter sets in.

Mr. Wise opposed the building of the market house as proposed. If it is to be built now, he favored building the new market house over the tops of the old sheds.

Mr. Long has no fear of driving away customers; if they do go, they will soon come back again. He favored immediate action.

Mr. Evans said the only question is, do you want a new market house? If you do, vote for it, and council can determine the time, and manner of doing the work. The resolution was passed. In common council the resolution was laid over for one month.

Section 1. Be it ordained by the select and common councils of the city of Lancaster, that the sum of fifteen thousand five hundred and fifty-one and 71/100 dollars, being money received from the treasury of Lancaster county for licenses, be appropriated to the street department, for grading, guttering, crossings, macadamizing, etc.

Mr. Haines moved to amend by making the appropriation for streets \$7,000. The amendment was voted down by 6 to 2.

The ordinance was then passed finally by a vote of 6 to 2. On reaching common council Mr. Baumgardner offered the following amendment: "That \$12,000 be appropriated for grading, guttering and crossings, and \$3,551.71 for the extension of the City street sewer to the street."

The amendment was voted down, and the ordinance passed finally by an unanimous vote.

Mr. Burger presented a petition from citizens of the Seventh ward asking for a six inch water main on South Christian street near Low. Referred to water committee.

Mr. Remley offered a resolution instructing the water committee to inquire into the probable cost of a site for a new reservoir in the northwestern part of the city, and make report at the September meeting. Adopted.

Mr. Haines offered a resolution instructing the market committee to advertise for proposals for the erection of a new market house, and that the finance committee be instructed to furnish the necessary funds for its erection from next year's appropriation. The resolution was adopted. Common council laid the resolution over for a month.

Mr. Wise resumed his argument in favor of building the new market house over the old one. There would be no difficulty in the matter at all, and the renters could thus be retained.

A petition from citizens of the Third ward, for the erection of a gasoline lamp on Washington street, between Duke and Church streets, was read. Referred to lamp committee.

A protest from the Inquirer Printing company against the assessment made by the commission to assess damages against property abutting against the new sewer on North Queen street, was read and referred to street committee.

Adjourned.

COMMON COUNCIL. A common council was called to order by President Beard with the following members present:

Messrs. Auxer, Barr, Bartholomew, Baumgardner, Bertried, Bittner, Brinton, Diller, Gray, Ehrman, Everts, Franz, Froeh, Kirby, Herr, Mayer, McElroy, Shertzer, Sing, Sturgeon, and Beard, president.

CITY TREASURER'S REPORT. City Treasurer Rathbun's report for the month of July shows the receipts to have been \$11,107.94; expenditures, \$30,116.78; balance in treasury, \$74,627.32.

Following are the balance in the various appropriations:

Table with 2 columns: Item and Amount. Includes interest on loans, salaries, repairs of streets, and various other municipal expenses.

There was a very large joint excursion to Penryn by a delegation from Quarryville and the members of St. Luke's chapel (Rev. W. F. Lieblich) in six city. The Quarryville party came up in six passenger cars and were accompanied by two engines and water works improvements, \$5,850.28.

Mayor Edgerly sent a communication, which was presented by Mr. Eaby, relating to the question of the Lancaster & Little

THE LAST DAY OF CAMP.

MINISTERS WHO FREQUENTED AND CONDUCTED THE EXERCISES.

Rev. Crouch and Evans in the Pulpit on Wednesday Afternoon—The Children Sang and Hear Addresses by Revs. Roads and Dungan—The Closing Service.

LANDEVILLE, Aug. 2.—Yesterday afternoon was bright and sultry. The every day private devotion was observed punctually at 10 o'clock and with much solemnity as heretofore. This service was followed by the children's meeting in general charge of Mr. Roads. During the service people

Little Emma Dungan sang a solo, "Sing Alleluia." Rev. Nell made the first address on the subject, "The pearl of great price." Pearls are worth a great deal of money, and religion, like pearls, is very valuable.

The man spoken of in the Bible as having found a priceless pearl, was looking for great things, like the man who made a collection of old tin cans. He wasted his time looking for things of little value. There was once a queen, Cleopatra by name, who had a pearl worth \$75,000. This queen was very rich. If a boy was dressed in rags, but had a pearl of great value in his pocket, that boy would be considered rich. So it is with religion; any one who has religion is rich, irrespective of his worldly possessions. Religion is like the pearl in another respect; it is beautiful. Everything it touches it makes beautiful. It often makes the plainest things really beautiful, and our shirt collars have religion are like shining stars. These followed singing, "Walking at the Saviour's Side." Rev. Roads was the next speaker. By a curious coincidence his subject was the same as that of Rev. Nell. Religion, he said, was a pearl of great value, and the longer it was kept the more it would be prized. Singing—"Come Unto Me." Prayer was made by Rev. J. Dungan. Hymn—"Will Live for Thee." The children then had a ten minute practice in singing for to-day's closing exercises.

The meeting of the lot holders was held at 1:30 o'clock. This meeting resulted in the selling of the lot of 650 shares. Another meeting will be held this morning.

The afternoon's sermon was preached by Rev. Crouch, on the text Galatians 11, 20: "I am crucified with Christ; nevertheless I live; yet not I, but Christ liveth in me. And the life which I now live in the flesh I live by the faith of the Son of God, who loved me and gave himself for me." The children held another meeting in charge of Rev. Roads at 6 o'clock in the young people's tent. The young men's meeting was held in the tabernacle at this hour. This was also the hour for the morning's exercises on the hill. The meeting was led by Rev. J. Dungan.

Rev. Stephen H. Evans preached the evening sermon on the text from the book of Judges xiv, 5-9. The principal theme of the text was Samson and his exploit with the lion.

At this sermon the young people held a social in the stand. The object of this meeting is to make all young people acquainted with each other, and thus get up a social spirit among them.

The afternoon's train brought from Lancaster the following persons, all of whom shared at \$20 each, in order to pay off the debt of \$12,500. He said the future of the campsite depended on the paying off of this debt. And if the combined efforts of all persons interested in the Lancaster campsite would be devoted to this purpose, the debt could easily be cancelled, and the campsite would be a permanent possession.

The campsite of 1888 has been a glorious one. God has smiled upon it. It has re-nerved the old with new life and the young have gotten a new hold on God. If the debt is not paid in this way the mortgage must be foreclosed and the property sold by the bank. Over 100 shares have been already taken, leaving a remainder of nearly 150 yet to be sold.

Rev. Patton endorsed what Rev. Crouch said, and gave the facts in the case very plainly.

Rev. Crouch again addressed the people on this all important theme. He said the purchase of these shares would not be a speculative but would be a safe investment. Twenty-three subscriptions were received after these appeals. Personal solicitations will be received this afternoon.

Rev. Dr. Kelly, of Downingtown, preached the morning's sermon. His text was John 8:12, beginning with the third verse. This sermon was made by special request, and was a very practical one.

Rev. Millison made the opening prayer of the morning's services.

Trouble to get a Requisition. Vincent Alexander, of Little Britain township, who was deputized to bring Samuel Cruikshank from Eikton to the Lancaster jail, went to Harrisburg on Wednesday to get a requisition from Governor Beaver on the governor of Maryland.

When he presented his papers at the state department he was informed that they were defective, and he was obliged to come back to Lancaster to have them perfected. After that was done it was necessary to have the signature of District Attorney Weaver, and as that official was out of town Mr. Alexander had to go to York Furnace where he was, to get his signature. He obtained the necessary signature and then proceeded to Harrisburg on a late train this afternoon. After the governor grants the requisition Mr. Alexander will go to Annapolis, Md., to get the requisition honored, after which the prisoner will be handed over to him. He will be brought to the Lancaster jail to-morrow night or early on Saturday.

There was received at the recorder's office today a deed of assignment signed by Henry K. Graybill and wife in favor of Samuel Bard, sr., for the benefit of creditors. Graybill's acknowledgment to the deed was taken at 10 o'clock on July 11.

An execution was issued this morning by William Kramer against Henry K. Graybill, who skipped out some time ago, for \$1,600. As everything of value has been levied upon on former executions there is very little left for this creditor.

THE TARIFF REFORM TROUBLE.

California Likely to Get Its Right Position for Cleveland and Thurman.

The agitation of tariff reform is profoundly stirring the people of California. The California Democrat, the leading German Republican newspaper in San Francisco, has boldly taken the banner of tariff reform and vigorously advocates the election of Cleveland and Thurman. Four years ago it earnestly supported Blaine and Logan, but it now declares that it cannot stand on the Republican platform. In a long article the Democrat gives the reasons for the position which it has taken. If it had happened by a mere coincidence, it is very probable that the Democrat, if any, there would have been no cause for turning its back upon the Republican party, as the candidates on both sides are worthy of support; but it is an interesting principle of the Democrat must be regarded only as representing their respective platforms. In 1876 both parties promised tariff reform, but the Republican party, in repudiating their pledge, insisted on rigidly maintaining the existing system; on the other hand, President Cleveland has had the courage to redress the pledge of his party and lead it into the path of tariff reform. The principle which is to be considered above all things has been faithfully upheld by the Democrat, and it is a creditable party. The Democrat goes on to say:

"The Mills bill secures to California a duty on wool of 10,000,000 to the amount will be the cost price of the goods yearly imported by us be reduced. And this injures not a single interest in any degree of our country. It gives us wool wool. That is to say, it enables us to compete with England and other nations, which is a new out of the question. What is the duty on the wool of California? It is more than 60 per cent. shall fall, then only will the woolen industry take a genuine and permanent interest in the tariff reform. It will not suffer, but their industry will become more active. At any rate, the fall of the protective duty on wool will insure to the wool growers of California the comparatively small number of sheep-raisers should suffer less under the Mills bill, which we saw before remarked will not be the case. It is a matter of fact that the wool of California is the greatest good of the greatest number."

In copying and commenting upon the foregoing article, the California Democrat remarks that in California the German vote is of no small importance, and that this once-again Republican newspaper, the California Democrat, is a little party, and the state in the doubtful list.

But of hardly less significance is the course of Calvin Edgerton, a prominent member of the California Democrat, who declares that he has been constrained to quit the party that has become the stronghold of the tariff reform. In a recent interview in the San Francisco Examiner Mr. Edgerton forcibly presents the reasons which have impelled him to support Cleveland and Thurman. He says: "I have been constrained to quit the party that has become the stronghold of the tariff reform. In a recent interview in the San Francisco Examiner Mr. Edgerton forcibly presents the reasons which have impelled him to support Cleveland and Thurman. He says: 'I have been constrained to quit the party that has become the stronghold of the tariff reform.
